For Norman citizens who may have received minor storm damage from the storm event of Friday, May 31st, the City recommends using regularly scheduled yardwaste collection services. The guidelines for yardwaste collection service are as follows:

- Place yard waste out for service no later than 7:30 a.m.

- Yard waste and yard waste containers, may be placed at the curbside no earlier than 12:00 p.m. the day prior to collection and must be removed from the curbside no later than 12:00 p.m. the day following collection.
- Tree limbs need to be no more than 4 feet in length and no more than 2 inches in diameter and bundled with twine or string.
- Yardwaste should be placed no more than 7 feet from the curbside.
- Rural customers should contact the Sanitation office if you need a pickup.
- Yardwaste is not to be placed in the polycart. Use either trash bags or regular cans as long as they do not exceed 35 gallons.

The map below shows the yardwaste routes with the days of service. There is also a link to the City of Norman web page with this information below the map. Generally, your yardwaste collection day is the day following your household waste collection day. You may call Sanitation at (405)329-1023 if you have any questions.

If you would prefer to bring your debris to the compost facility, materials accepted include: leaves, grass clippings and limbs (no longer than 4 ft. lengths and 2 inches in diameter). All contaminated loads (paper, rocks, bricks, and trash) will be rejected. You must be a Norman resident in order to dispose of yardwaste. The address of the compost facility is 398 Bratcher Miner Road.
