Norman's new curbside recycling program will officially begin the week of **August 5, 2013**. Beginning June 27, 2013, the new **blue** polycarts will start to be delivered to the residential customers that receive curbside recycling. Rehrig Pacific Company, manufacturer of the new recycling polycarts, will be delivering the recycling polycarts to individual residential customers. Rehrig Pacific Company will have several crews working in the urban area with hopes of completing the delivery process by mid-July so that every customer will be able to start the new curbside recycling program on August 5<sup>th</sup>.

Each qualifying customer will receive one 95 gallon blue recycling polycart with an informational brochure describing days of service and types of material that can be recycled. On August 5, 2013, the City of Norman will be starting the new collection system with a new contractor, Republic Services.

Additional information is available on the City of Norman website, in the Utilities and Sanitation section. If you have any questions, please contact the City of Norman Sanitation Division at 405-329-1023
