36TH AVENUE SW CONCRETE REPLACEMENT PROJECT

Weather permitting, Wednesday, May 21, 2014, A-Tech Paving will begin the removal and replacement of concrete panels and curb/gutter in the northbound lanes of 36th Avenue SW from Willowbend Road to south of Main Street as part of the 2013 Urban Concrete Pavement Rehabilitation Program. 36th Avenue SW will be narrowed to one lane of traffic for north and southbound travel. Barricades will be placed to aid the traveling public through the work zone. Construction will be completed by Tuesday, June 10, 2014.

For additional information, please contact the City of Norman Street Division project manager, Greg Hall, at (405) 329-2524.
