### **Road Closure – Lindsey Street from Pickard Avenue to Flood Avenue**

Weather permitting, on Monday, June 8, starting at 7 a.m., Lindsey Street from Pickard to Flood will be closed to perform construction of a new waterline. Warning and detour signs will be placed to assist the motoring public. Drivers are urged to use alternate routes via Pickard Avenue to Boyd Street to Flood Avenue. The road is planned to re-open by 7 a.m. on Monday, June 15.

Central Contracting Services, under contract with the Norman Utilities Authority and the University of Oklahoma, is currently installing a new 24-inch waterline for the Norman Utilities Authority and a new 16-inch waterline for the University of Oklahoma along Lindsey Street from Chautauqua Avenue to Berry Road. This work will require temporarily closing Lindsey Street in sections.

Other street closures will be issued as required during project construction. Weather permitting, the Lindsey Street Waterline Improvements should be complete by September 2015.

Contact Jim Speck, City of Norman Capital Projects Engineer, at 217-7778 or [jim.speck@normanok.gov](mailto:jim.speck@normanok.gov) with questions.
