### **Road closure – Lindsey Street from Flood Avenue to Berry Road**

Beginning Tuesday morning, June 16, 2015, Lindsey Street from Flood Avenue to Berry Road will be closed to perform sewer replacement work. PM Construction, under contract with the Norman Utilities Authority, will continue replacing sewers along Lindsey Street.

Access will be limited to only local residents, as needed. Drivers are urged to use alternate routes via Berry Road to Brooks Street to Flood Avenue. Delays can be expected. Signs will be placed by Action Safety Supply Co. to assist drivers. Weather permitting, work should be complete and Lindsey re-opened by Friday, June 19.

The Sewer Maintenance Project is an annual \$2.7 million sewer replacement project. It is funded by the \$5/month sewer maintenance fee paid by utility customers, as approved by voters in 2001. The project replaces old damaged sewer lines and manholes in the project area bounded by Brooks Street to the north, Imhoff Creek to the west, Timberdell Road to the south, and Elm Avenue to the east. The total project is scheduled to be complete by September 2015.

Questions or comments may be directed to Charlie Thomas, Project Manager, 366-5443 or [charlie.thomas@normanok.gov](mailto:charlie.thomas@normanok.gov).

***PLEASE SLOW DOWN AROUND ALL CONSTRUCTION AND WORK ZONES !!***
