Subject: PRESS RELEASE 11/30/15 - Changes to Yard Waste Collections for Winter Months

PRESS RELEASE

City of Norman
201 West Gray
Norman, Oklahoma 73069

For Immediate Release: November 30, 2015

Contact: Sanitation Division, (405) 329-1023

Changes to Yard Waste Collections for Winter Months

The Sanitation Division would like to remind its customers that starting in December, yard waste will be collected once per month rather than the current once per week. The once per month pick up will occur during the months of December, January and February. This is to effectively manage our financial obligations and efficiently utilize manpower and equipment.

- During the months of December, January, and February, the once per month service will take place on the **first full week** of each month (December 7-11, 2015, January 4-8, 2016, and February 1-5, 2016), with the customer receiving service on their regularly scheduled yard waste day.
- During these three months, the compost facility will maintain normal business hours and will continue to accept yard waste brought in by customers (7:30 am to 4 pm, Monday through Friday).
- These three months produce the lowest amount of yard waste and this switch will improve cost effectiveness.
- March through November will continue to receive weekly yard waste service.
- Compost and Mulch will be available throughout winter months for pickup while supplies last.

We want to thank our customers for their help and support during these temporary changes in our collection schedule. For additional information, contact the Sanitation Division at 329-1023.
