Illegal Signs. Mr. Bobby Stevens, Post Office Box 6226, said in a previous election, political signs had been placed on Highway 9 and promptly removed by Code Compliance because it is illegal to place signs on a scenic highway. He said it is also illegal to place signs in a construction zone or in a State Park and none of his signs will be found in these places. He said political signs are required to have the words "Paid for by..." and his signs has that information. He has been very particular where his signs are placed because he tries to follow the rules. He said there are other signs that have been placed at the intersection of Highway 9 and 24th Avenue S.E. which is a construction zone. He said he has taken many pictures of signs he believes are illegal that he will post on his Facebook page and let the public decide if this is right.

\*

Miscellaneous Discussion, continued:

Upcoming Norman Forward Meetings. Mr. Roger Gallagher, 1522 East Boyd Street, requested the upcoming meetings to discuss the Norman Forward proposal be held in City Council Chambers instead of the City Council Conference Room. He said he hoped there would be adequate warning if some of the dates of these meetings are changed.

Mr. Steve Lewis, City Manager, said City Council and Staff has dedicated the rest of March and all of April to allow Council to learn about these projects. He said April 2nd will be the first meeting to review the projects with the topics being Front Street, the Central and East Side Library, and the Senior Center. He said on April 7th the topics will be the Parks Master Plan and Westwood Complex.

Mayor Rosenthal said Council has seen relatively little detail on many of the projects included in the citizens' initiative. She said the first step is having meetings to allow Council to become better informed about all the parameters. She said the Work Sessions the manager mentioned will allow Council to learn about all the details and that is why the meetings are being held in the Study Session Room. She said after each one of these informational meetings, it is Council and Staff's intent to post information on the website and allow citizens to express their opinions. She urged anyone interested in asking any questions about a particular project to contact their Councilmember because part of what Council is doing is asking the citizens' questions as well as their own. She said this is a very large and ambitious set of projects that have been proposed by the Norman Forward group and it is important to fully understand what is going on. She said after these work sessions are completed, it is intended for there to be one or more public meetings to discuss the pieces of the package and to allow additional public input. She said Council also intends to send out a survey to find out what people want. She said the most important thing right now is to get the questions to be asked during this learning process.

\*

Thanks to Fire Station 9. Councilmember Miller thanked the firefighters at Fire Station 9 who responded to a fire at her home on Sunday, March 22nd.

Recycling Center at Fire Station 9. Councilmember Miller said she is very happy to announce that there is now a Recycling Center located at Fire Station 9 on Alameda Street. She thanked Council for adding funds in the budget to place a Recycling Center at Fire Station 9 and Staff for making it operational.

\*

Friendly Wager. Councilmember Williams said his counterpart, Ms. Katie Fitzgerald, Director of the Center for Children and Families (CCFI), approached him after the Oklahoma Sooner Basketball Team made it to the first round of the Championship, and said she was a Michigan State graduate and wanted to make a friendly wager with him that if Michigan State defeats Oklahoma on Friday, March 27th, he would make a contribution to CCFI and if Oklahoma won, she would make a contribution to Mary Abbott Children's House if Michigan State won. She also said she had a Michigan State jersey he would have to wear if Oklahoma lost and he could provide a jersey for her if Oklahoma won. He said they are doing all of this to mark the beginning of Child Abuse Prevention Month.

Councilmember Castleberry said he would match Councilmember Williams' bet with CCFI.

Miscellaneous Discussion, continued:

Placemaking Conference. Councilmember Holman said he attended the Placemaking Conference on Monday, March 22nd at the University of Oklahoma. He said it was a great event and very well attended by people from all over the state of Oklahoma. He had the opportunity to meet the former Mayor of Pittsburg, PA, and had a very interesting discussion with him about revitalization. He said two years ago, there seemed to be very little interest in converting Main Street back to a two-way street but he said the conference showed a renewed interest. He thanked the University of Oklahoma for holding the conference.

\*

Thanks for Attendance. Councilmember Holman thanked everyone for attending tonight’s meeting.

\*

Emergency Communications Upgrade Project. Mr. Steve Lewis, City Manager, said the City Council Conference tonight at 5:30 p.m. provided an update regarding the upgrade of the City Communications System. He said last year City voters approved the extension of Public Safety Sales Tax which was also converted from a temporary sales tax to a permanent sales tax. He said as a part of that election, considerable resources were set aside for some public safety capital improvements, primarily an emergency communications system. He said the City engaged an independent consultant who specializes in these types of systems and the consultant reviewed the current system which has served the City well since 2000; however, the technology it was based on is declining and parts and support will no longer be available after 2018. He said there are solutions that will provide better coverage and increased safety for public safety officers throughout the community and he looks forward to working with Council on the upcoming stages of the project.
