WEDNESDAY, MARCH 9, 2016

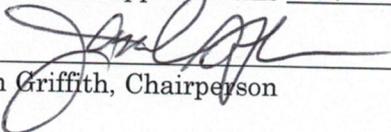

6:30 PM – 8:00 PM

Water's Edge Aquatic Design Consultants passed out a Westwood Family Aquatic Center Features Voting Sheet.

Jud Foster introduced Jeff Bartley with Water's Edge. He stated basic aquatic features such as a bath house, concessions, shade & seating and zero depth entry will all be a part of the design so they were not listed on the sheet. Mr. Bartley described in detail and showed examples of each of the Large Features, Moderate Features and a variety of Waterslides included on the sheet. He asked those in attendance to rank each of these features based on what they felt was important to them.

Miscellaneous discussion from the audience included questions about prices, increased staffing levels and insurance fees. These items would be addressed at a later date once a design has been determined.

Passed and approved this 31st of March 2016
