6:30 PM

Water's Edge personnel and City Staff were available to discuss feature options and answer questions from patrons reviewing four concept designs and features based on survey results received to date that would possibly fit into the footprint of the current Westwood complex. Citizens were able to complete the feature voting ballot during the Open House and will be able to complete the on-line survey until Monday morning, March 28<sup>th</sup>.

Passed and approved this 31<sup>st</sup> of March 2016
