

Norman's 2060 Strategic Water Supply Plan

Ad Hoc Committee Meeting #5

12 noon, March 4, 2013

Multi-Purpose Room, City Hall

201 W. Gray

- Introduction and Goals for Ad Hoc Committee Meeting
- Project Update: Status and activities since January 10 Ad Hoc meeting
- Quick Review of Supply Options and Evaluation Criteria
 - Shortlisted supply options used in development of supply portfolios
 - Criteria used to evaluate portfolios, and their relative importance (“weight”)
 - How the criteria are applied to evaluate and compare portfolios
- Portfolio Evaluations
 - Initial portfolios:
What supply options do they include, and how did they perform?
 - “Hybrid” portfolios:
What supply options do they include, and how did they perform?
 - Ad Hoc Committee feedback on portfolios evaluated to date
 - Ad Hoc Committee suggestions on other portfolios we should evaluate
- Upcoming Public Meetings
 - Public Meeting #3: Portfolio evaluation – What/how should we present?
 - Public Meeting #4: After evaluation of revised water supply portfolios
- Action Items and Next Steps
