

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Consolidated Plan provides a basis and strategy for the use of federal funds granted to the City of Norman by the U.S. Department of Housing and Urban Development (HUD) under the Community Development Block Grant (CDBG) and Home Investment Partnership (HOME) programs. While the Consolidated Plan serves as a planning document meeting the federal government statutory requirements in 24CFR 91.200-91.230, the Annual Action Plan is the mechanism where the programs and projects are authorized and funded. This Annual Action Plan covers the period beginning July 1, 2016 through June 30, 2017. The U.S. Department of Housing and Urban Development (HUD) defines the City of Norman as an entitlement community due to its population and demographics. As an entitlement community, the City of Norman receives an annual allocation of Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) funding. Programs and activities described in this plan are intended to primarily benefit low and moderate-income residents of the City of Norman, neighborhoods with high concentrations of low-income and moderate-income residents, and the city as a whole.

This plan is the product of public outreach, public hearings, and consultation with multiple agencies that serve the needs of low and moderate-income residents of Norman and agencies that serve the needs of special populations. A complete draft of this document has been made available for public review beginning April 12, 2016, and the public was able to comment for a 30-day period beginning April 26, 2016 at the Public Hearing. The availability of the draft plan as well as the public hearing was advertised in the Norman Transcript and the complete document is available on the City's website www.normanok.gov and in print from the CDBG/Grants Office in the Department of Planning and Community Development.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Norman undertook a significant public input and planning process during the year leading up to the submission of the Consolidated Plan in 2015. The implementation of these goals are proposed to be continued with this Annual Action Plan. Public input was obtained through focus groups, formal and informal meetings, and public hearings. The Consolidated Plan contained a range of goals, objectives, and outcomes formulated to address needs identified for homelessness, affordable housing, non-housing community development, barriers to affordable housing, lead based paint hazards, institutional structure, and coordination. The overall goals included:

- Continue to collaborate with homeless providers to supply a continuum of services.
- Support services aimed at the prevention and elimination of homelessness and rapid rehousing of households that have become homeless.
- Improve the condition of housing for low and moderate income homeowners.
- Improve the condition of housing for low-income renters and homeowners through regulatory programs.
- Support improvement of infrastructure and public facilities in CDBG targeted areas in Norman.
- Expand business opportunity by supporting economic development projects.
- Address community needs through community-based public service programs.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Norman has a long history of successful programs funded through the Community Development Block Grant and HOME Investment Partnerships Program. Of particular importance to the health of the city have been programs that address the condition of the housing stock. The City of Norman has successfully funded housing rehabilitation activities targeting lower income and elderly households unable to properly maintain their homes. By working actively with local homeless service providers, the City of Norman has been able to facilitate the expansion of both the stock of units/beds available to homeless persons and services aimed at helping those persons find employment, housing, health care services, and educational opportunities. Details of past performance can be found in the City's Consolidated Annual Performance and Evaluation Report (CAPER).

4. Summary of Citizen Participation Process and consultation process

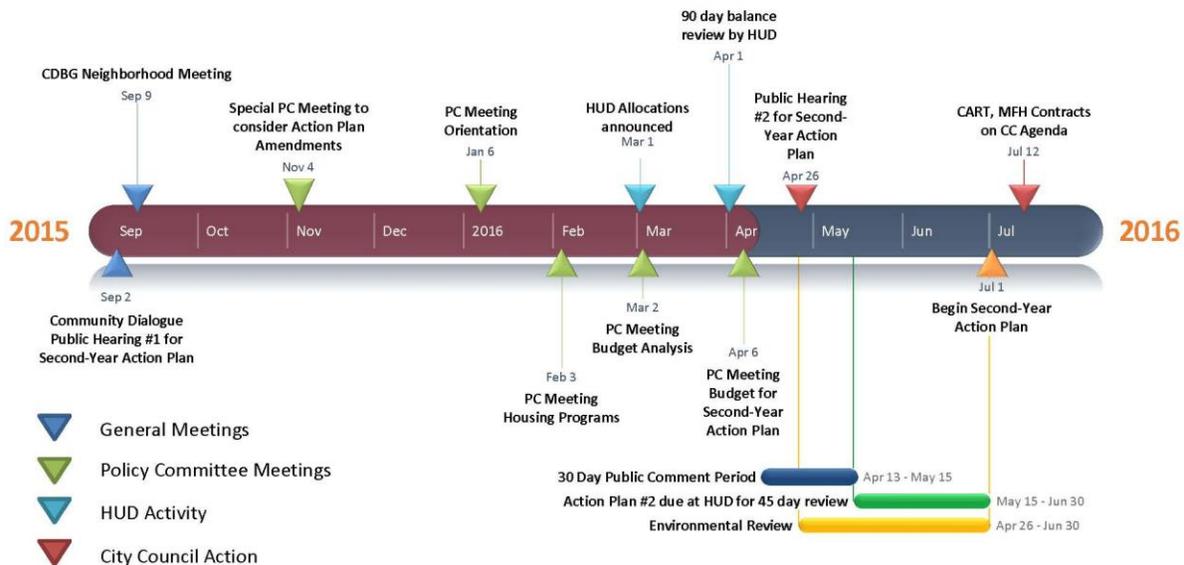

Summary from citizen participation section of plan.

The City of Norman abides by the Citizen Participation Plan most recently amended in May of 2014. This plan is approved by the CDBG Policy Committee. Citizen participation is the heart of the consolidated planning process, involving citizens in decisions that directly affect their lives. The purpose of the Citizen Participation Plan is to encourage and insure full and proper citizen participation at all stages of the Consolidated Plan process. The Citizen Participation Plan formally designates structures, procedures, roles and policies to be followed by program participants. A secondary purpose of this Plan is to

implement federal regulations regarding citizen participation for the consolidated planning process described by Title 24 CFR 91.105 of the Housing and Community Development Act of 1974, as amended. Nothing in this Plan shall restrict the responsibility and authority of the City of Norman from developing and executing its Consolidated Plan.

In addition to public hearings as a means of receiving comment from the public in front of the Mayor and City Council, City staff held meetings to provide citizens with information concerning the availability of Community Development Block Grant, HOME and Emergency Solutions Grant funds and to incorporate their comments into the planning process. These included both formal and informal meetings with neighborhoods and focus groups held both during the day and evening hours. Additional interviews were conducted with representatives of the housing and banking industry, non-profit organizations, and the community to further explore community needs and concerns.

Citizen Participation Process Development of City of Norman Action Plan Year 2

Action Plan Timeline

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Public Comments will be added after the close of the Public Comment Period on May 12, 2016.

6. Summary of comments or views not accepted and the reasons for not accepting them

Public Comments will be added after the close of the Public Comment Period on May 12, 2016.

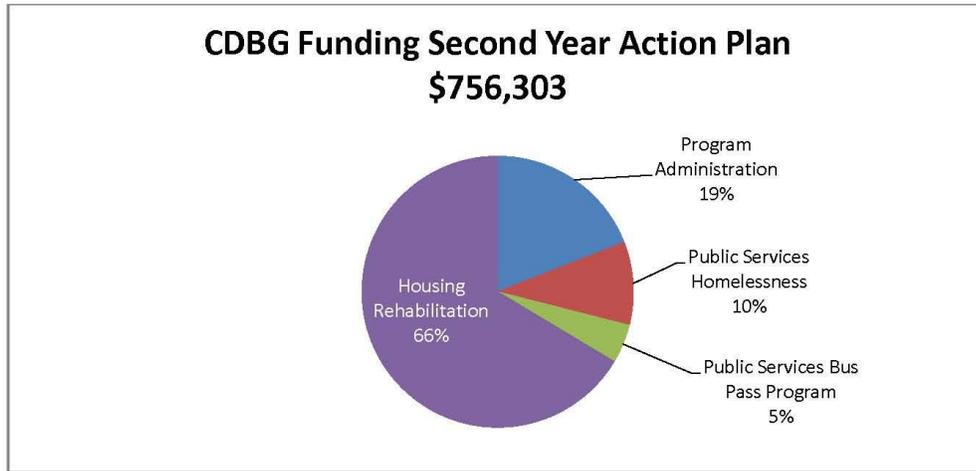

7. Summary

Based on the needs of the community the City of Norman continues to concentrate these resources towards the provision of affordable housing. This strategy allows for the rehabilitation of owner occupied low and moderate-income properties, modifications to improve the accessibility of both owner and renter residential units, and the utilization of HOME funds to increase the inventory of affordable housing. Included within the broad scope of affordable housing is the focus on the elimination of homelessness in our community. The CDBG Policy Committee will continue to reaffirm this strategy before each funding cycle, and funding decisions will be based upon the relevancy of the strategy.

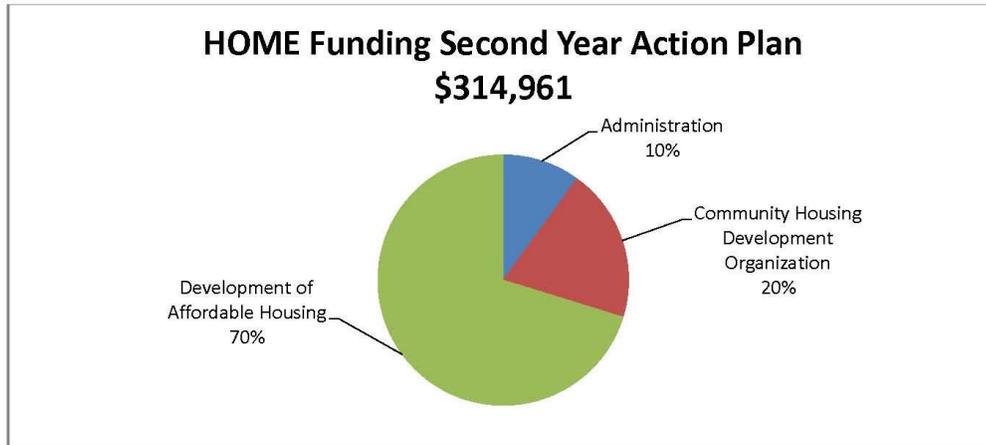

This second year draft Action-Plan includes projects with objectives and outcomes that address the five-year Consolidated Plan priority needs and meet or exceed the Consolidated Plan goals. For more details about the Consolidated Plan, please refer to the City of Norman website at www.normanok.gov. The Action Plan goals are summarized throughout the plan by:

- HUD Objectives - Decent Housing, Suitable Living Environment, and Expansion of Economic Opportunities; and
- HUD Outcome - Increases to Availability/Accessibility, Affordability, and Sustainability

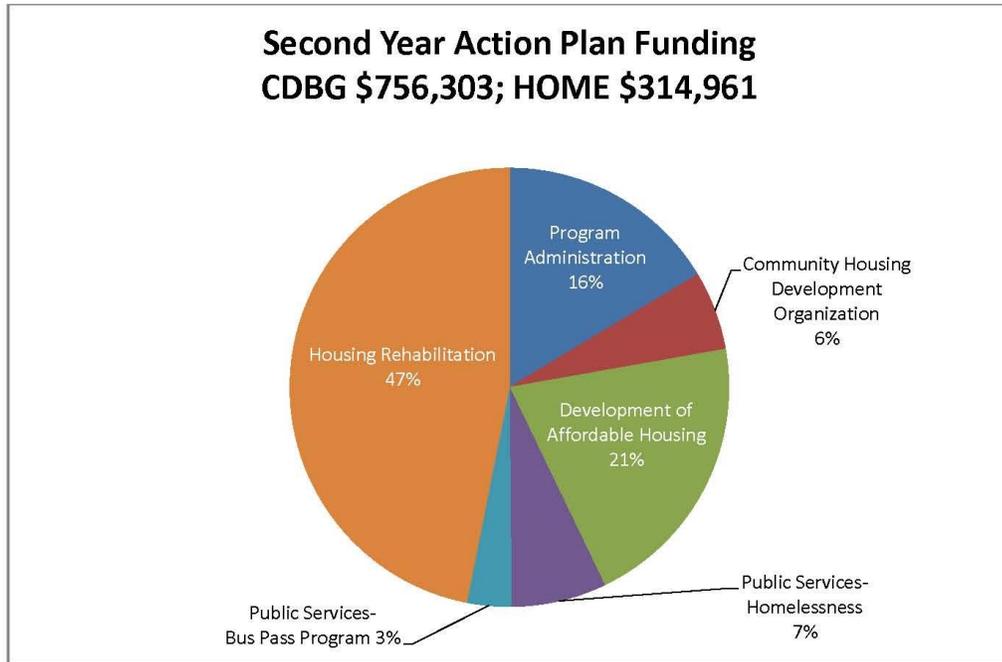

Each Action Plan supports one or more Consolidated Plan Goals and one or more priority needs.

Program Administration	\$ 144,189.00
Public Services Homelessness	\$ 74,907.00
Public Services Bus Pass Program	\$ 35,000.00

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The following information is compromised of the agencies that have served on committees, provided direct input or provided input via other means, CDBG, HOME, and CoC-funded sub-recipients, and delivered the CDBG and HOME services directly. The Consolidated Plan and Action Plan process is a year-round accumulation of reports, discussions, analysis, and observations. All the agencies/groups listed below have had a part in the final product as well as decisions and discussions that happen year-round.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Norman has a very strong commitment to agency coordination, and because of this commitment and the effort to bring community agencies and providers together this has been very successful. Because of the effort to bring all stakeholders to the table no matter what the issue or discussion, there is a strong knowledge of community resources among the agencies, resulting in a very strong referral network, very effective discussions regarding needs analysis and service delivery resulting in minimal duplication of services.

The Norman Housing Authority works closely with the City of Norman and service providers to organize resources from the federal government to address the housing needs of the City’s lowest income households. Through the Continuum of Care process, the City of Norman maintains relationships with mental health providers, homeless shelter and homeless service providers, and other governmental agencies with specific responsibilities for homeless individuals and families. This system provides a forum for assisting these agencies grow and meet their own targeted clientele. The City of Norman also participates in a variety of other coalitions that seek to address other issues that relate to housing and service needs.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Norman, the City of Moore, and the surrounding Cleveland County area comprise the Norman/Cleveland County Continuum of Care (CoC) designated as OK-504. The City of Norman is designated as the Collaborative Applicant. The CoC Steering Committee encompasses 88 members with an elected Executive Committee having 14 members. The Executive Committee meets on a monthly schedule with the entire Steering Committee meeting quarterly. The City of Norman staff works actively with the Executive Committee and other designated committees in the identification of needs and coordination of resources. In the past, the City of Norman has often brought CDBG and HOME resources

to the table to supplement CoC initiatives and to serve as a local government pass through when required by funders.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Designated as the Collaborative Applicant, the City of Norman is directly involved with all CoC activities including the allocation of ESG resources. The City of Norman is a non-voting member of the Executive Committee but has a dedicated staff member that is responsible for coordination of meetings and is the official repository of documents for Continuum activities. The Norman/Cleveland County CoC has developed and adopted governance documents including conflict of interest policies. The documents which were developed in consultation with the City of Norman, establish guidelines for the evaluation of outcomes and performance standards that are performed by the COC.

The Oklahoma City Continuum of Care is located adjacent to the Norman/Cleveland County CoC and because both represent a common metropolitan area and thus share a commonality in the homeless population. Regular collaboration between the two entities occurs and the common HMIS system is utilized which facilitates identification of the mobile segment of this population.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Table 2 – Agencies, groups, organizations who participated

	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Provides analysis and needs assessments via grant application to nonprofit entities in Norman. The Agency was consulted through in person conversations to assist in identifying future service and facility needs. The anticipated outcome includes assistance in the City identifying service and facility needs and goals not only for the 2015-2019 Plan but updating the City of Norman annually the needs as they are presented.
4	Agency/Group/Organization	ECHO Oversight Committee
	Agency/Group/Organization Type	Housing Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	This Oversight Committee was consulted through participation in the ECHO Committee meetings where community leaders and service providers discuss the progress on the 10 Year Plan to End Homelessness and progress on the ZERO:2016 Strategy.
5	Agency/Group/Organization	City of Norman Public Works and Utilities Departments
	Agency/Group/Organization Type	Other government - Local
	What section of the Plan was addressed by Consultation?	Non-housing Community Development

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consults with CDBG staff regarding analysis of low to moderate income neighborhood conditions and strategy to repair such areas. Anticipated outcomes include priority of projects where CDBG funds can be utilized for small neighborhood scale projects.
6	Agency/Group/Organization	City of Norman Parks Department
	Agency/Group/Organization Type	Other government - Local
	What section of the Plan was addressed by Consultation?	Non-housing Community Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The department was consulted through in person conversations to assist in identifying future facility needs in the implementation of the Parks Master Plan as it relates to the Neighborhood Parks in the CDBG target area.
7	Agency/Group/Organization	Central Oklahoma Community Mental Health Center/Griffin Memorial Hospital
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-homeless Services-Health Services - Victims Health Agency Publicly Funded Institution/System of Care Major Employer
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Strategy Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consultation included participation in the CoC activities, OVOV, Point in Time data collection. The agency was a participant in the creation and implementation of the ECHO 2015 and the ZERO:2016 programs. Active in regional planning for the CoC. Provides input on sheltered, unsheltered homeless and homeless gaps analysis.

8	Agency/Group/Organization	Progressive Independence
	Agency/Group/Organization Type	Housing Services - Housing Services-Elderly Persons Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs Homelessness Strategy Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Agency was consulted through in person conversations to assist in identifying future service and facility needs. The anticipated outcome includes assistance in the City identifying service and facility needs and goals for the Action Plan.

13	Agency/Group/Organization	Thunderbird Clubhouse, Inc.
	Agency/Group/Organization Type	Housing Services - Housing Services-Persons with Disabilities Services-homeless Services-Health Services-Employment
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Agency was consulted through in person conversations as well as community forums to assist in identifying future service and facility needs. The anticipated outcome includes assistance in the City identifying service and facility needs and goals for the Action Plan.
14	Agency/Group/Organization	Women's Resource Center, Inc.
	Agency/Group/Organization Type	Services - Housing Services-Victims of Domestic Violence
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Families with children Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Agency was consulted through in person conversations as well as community forums to assist in identifying future service and facility needs. The anticipated outcome includes assistance in the City identifying service and facility needs and goals for the Action Plan.
15	Agency/Group/Organization	Food and Shelter, Inc.
	Agency/Group/Organization Type	Housing Services - Housing Services-homeless

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Agency was consulted through in person conversations as well as community forums to assist in identifying future service and facility needs. The anticipated outcome includes assistance in the City identifying service and facility needs and goals for the Action Plan.
16	Agency/Group/Organization	Norman Police Department
	Agency/Group/Organization Type	Other government - Local
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Collaboration with the Norman Police Department includes representation on the ECHO Oversight Committee and the development of the Homeless Outreach Team. Provides information from a public safety viewpoint regarding homelessness issues.
18	Agency/Group/Organization	Norman CHDO 2015
	Agency/Group/Organization Type	Housing CHDO
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Market Analysis
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Norman 2015 CHDO is a new CHDO approved for participation this program year. Consultation has included analysis of affordable housing designed for those with a physical disability as they developed the Vicksburg Project.

Identify any Agency Types not consulted and provide rationale for not consulting

All service providers and agencies that provide services directly pertaining to the Consolidated Planning process have been involved in some type of consultation. Some have been consulted during other meetings and other forums. There have been no agencies left off of communication efforts or meeting invitations. The City of Norman works very hard to ensure strong and positive community collaboration.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	City of Norman	Coordination in terms of homeless program delivery and strategic planning. Technical assistance to grantees, support to applicants.
2010-2015 State of Oklahoma Consolidated Plan	Oklahoma Department of Commerce	The City of Norman is not an entitlement recipient of ESG funding. Coordination and oversight of agencies receiving funding for the Emergency Solutions Grant Program is the responsibility of the Continuum of Care Steering Committee but funds are awarded by the State of Oklahoma. In addition the City of Norman has been awarded CDBG Disaster Recovery funding, Homeless Prevention and Rapid Recovery funding as well as Neighborhood Stabilization Program funding from the State of Oklahoma previously.
Norman 2025 Land Use and Transportation Plan	City of Norman	Long-Range Transportation Plan. Overlap in the transportation plan occurs with land use and transportation issues in the low-income areas or areas serving low-income citizens. CDBG funds are used for sidewalk/street repair and public facility projects, all affected by the ability to reach the designated agency or area.
PHA 5 Year Plan	Norman Housing Authority	The 5-Year Plan addresses specific maintenance and planning needs of the Norman Housing Authority, which has a major role in addressing the housing needs of Norman.

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

The lead agency for the Consolidated Plan as well as each Action Plan is the CDBG/Grants Division of the Planning and Community Development Department of the City of Norman. The division and department oversaw the development of the plan. Two advisory boards performed key roles:

The Community Development Policy Committee: Purpose: To develop and propose community development strategy and policy; To recommend allocation of CDBG and HOME funds. The 15 committee members are drawn from the low and moderate income neighborhoods in the CDBG Target Area and the community at large.

The Continuum of Care Executive Committee: Purpose: To implement the community's plan for homeless services; to make policy recommendations regarding addressing homelessness; to make regular reports to the community on the progress towards elimination of homelessness. The 17 committee members are drawn from the following community resources: housing and other service providers; current or formerly homeless individuals; faith leaders; and researchers.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

This effort has lead to an increase of minority households receiving housing rehabilitation services.	No comments not accepted	N/A

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

The priorities and accomplishment goals outlined in this document are based on assumptions about future funding levels for the Consolidated Plan programs. In all cases, the City of Norman has used the presumption of level-funding of each program at Federal Fiscal Year 2016 levels as outlined below. Because these programs are subject to annual Congressional appropriations as well as potential changes in funding distribution formulas or the number of communities eligible to receive entitlement grants, the accomplishment projections and planned activities are subject to change with availability of funding.

Priority Table

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Reminder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	756,303	0	0	756,303	2,250,000	The City of Norman will continue to derive strategies and priorities for housing and community development cooperatively with public and private entities as well as community groups. Estimated amount assumes comparable funding over the three remaining program years of the Consolidated Plan.

Estimated amount assumes comparable funding over the three remaining program years of the Consolidated Plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG and HOME funding will leverage a significant amount of additional resources including federal, state, and local funding. The City of Norman Social and Voluntary Services Commission annually funds \$175,000 in social services through local general revenue. CDBG funds and social service funding are often provided to similar agencies and implemented to maximize funds available and build agency capacity for services. HOME funding often leverages significant investment from private entities

The U.S. Department of Housing and Urban Development (HUD) requires that the Participating Jurisdictions (PJs) that receive HOME funding match \$.25 of every dollar. The matching requirement mobilizes community resources in support of affordable housing. The City of Norman expects to receive approximately \$300,000 in HOME funding for FY2016 and beyond, requiring an annual match requirement of \$75,000. HUD allows cities to rollover excess match from previous years and to date the City of Norman has banked over 2 million dollars of excess match.

The City of Norman anticipates that CDBG and HOME funds will leverage additional resources. Non-Entitlement funds that maybe used to further the goals of the Strategic Plan may include: private foundations, organizations, and individuals. The following leveraged resources are possible during the Consolidated Plan:

- City of Norman General Funds: The annual City of Norman budget commits resources for the priority activities including public parks, facilities and infrastructure.
- Affordable Housing Resources: Affordable Housing Developments are likely to utilize a variety of funding sources available at the State and national level including but not limited to: Low Income Tax Credits, Low Income Mortgage Bond Funds, Private Mortgage Financing, Historic Tax Credits, and Federal Home Loan Funds. Each of these sources is anticipated to be accessed individually or together for affordable housing developments.
- Philanthropy: Private funding from national, state and local funders including the United Way of Norman, Private Foundations, and private donors.
- New Market Tax Credits: NMTC's were created in 2000 as part of the Community Renewal Tax Relief Act and recently reauthorized by congress to encourage revitalization efforts. NMTC program provides tax credit incentives for equity investment.
- Section 8 Funds: The Section 8 Voucher Program is primarily administered through the Norman Housing Authority. A small number of vouchers for special populations is available through the Oklahoma Housing Finance Agency.
- Continuum of Care Fund: Project funds awarded by the US Department of Housing and Urban Development to non-profit homeless service providers to assist in housing and service provision to homeless households and individuals.
- Emergency Solutions Grant Matching Funds: The 1:1 matching requirements are met through private resources contributed by non-profit providers. Matching funds are monitored by the Oklahoma Department of Commerce.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Oklahoma Department of Mental Health and Substance Abuse Services is collaborating with the City of Norman on the possible redevelopment of Griffin Memorial Hospital (GMH). GMH is located within the CDBG Target Area and as part of the redevelopment; land and or structures could be utilized to meet these identified needs. In the spring of 2015 the Urban Land Institute conducted a five-day Advisory Services Panel dedicated to the potential redevelopment of this site. Currently the City of Norman and the Oklahoma Department Mental Health and Substance Abuse Services are negotiating a Memorandum of Understanding outlining a partnership of this redevelopment opportunity.

Discussion

The priorities identified with the Second Annual Action Plan are the outcome of an extensive, comprehensive effort to identify community needs. This Plan assesses the available resources available to meet those needs. The City of Norman's investments will leverage public and private funds to address the affordable housing, community development and special needs populations' needs.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Affordable Rental Housing	2015	2019	Affordable Housing	Community Wide	Housing and Services for Persons with Special Needs Availability of Affordable Rental Units	HOME: \$220,474	Rental units constructed: 2 Household Housing Unit
2	Housing Rehabilitation	2015	2019	Affordable Housing	Community Wide	Need for Housing Rehabilitation	CDBG: \$502,197	Rental units rehabilitated: 30 Household Housing Unit
3	Homelessness	2015	2019	Homeless	Community Wide	Housing and Services for the Homeless	CDBG: \$79,907	Housing for Homeless added: 20 Household Housing Unit

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Affordable Rental Housing
	Goal Description	
2	Goal Name	Housing Rehabilitation
	Goal Description	According to the 2007-2011 CHAS, Norman had 2,173 low-moderate income homeowner households who paid more than 30 percent of their incomes in housing expenses and, as such, were cost-burdened. Homeowners who have difficulty making their mortgage payments may be unable to afford to keep up the maintenance on their homes. These households need assistance with repair needs.
3	Goal Name	Homelessness
	Goal Description	Participation by the Continuum of Care in the 100,000 Homes Campaign and the ZERO:2016 Campaign to end homelessness among veterans and the designated chronic homeless populations in Cleveland County has resulted in an identified need for collaboration and programming between entities but to provide oversight to these combined efforts.

Table 7 – Goal Descriptions

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

Utilizing 2014 and 2015 HOME TBRA funding eight low income homeless households will be provided affordable housing opportunities. Again utilizing prior HOME funding the Norman 2015 CHDO will complete construction on six two bedroom apartments. Four of the six units will be accessible for households with physical disabilities. The 2016 HOME funding will be utilized for an affordable housing project developed in conjunction with Norman 2015 CHDO.

AP-35 Projects – 91.220(d)

Introduction

The CDBG Policy Committee is responsible for the consideration and evaluation and eventual funding of the projects. The process begins in early September with a public hearing to consider overall needs of the low and moderate income populations.

#	Project Name
1	Administration
2	Public Services
3	Housing Rehabilitation
4	Affordable Rental Housing

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The primary objective of CDBG is to benefit low and moderate income residents, and as such the City of Norman focuses the proposed projects in this Second Year Action Plan as Direct Benefit Activities to this specific population. HOME funds are allocated to further the City of Norman’s primary housing goal of Affordable Housing. These funding priorities were developed, evaluated and set by the CDBG Policy Committee.

Projects

Project Summary Information

Table 9 – Project Summary

1	Project Name	Administration
	Target Area	Community Wide
	Goals Supported	Housing Rehabilitation Homelessness Affordable Rental Housing
	Needs Addressed	Need for Housing Rehabilitation Availability of Affordable Rental Units Housing and Services for Persons with Special Needs Housing and Services for the Homeless Public Improvements
	Funding	CDBG: \$144,199
	Description	General Administration of the CDBG and HOME Programs.
	Target Date	6/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	General Administration activities for the CDBG and HOME Programs.
	Location Description	General Administration Activities will be located at the City of Norman Municipal Office Complex
	Planned Activities	General Administration activities for the CDBG and HOME Programs.

2	Project Name	Public Services
	Target Area	Community Wide
	Goals Supported	Homelessness
	Needs Addressed	Housing and Services for Persons with Special Needs Housing and Services for the Homeless
	Funding	CDBG: \$109,907
	Description	Public Service Activities
	Target Date	6/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 5,000 free bus passes will be provided for low and moderate income households of Norman. Approximately twenty chronically homeless individuals and homeless veterans will receive case management services in conjunction with placement into permanent housing.
	Location Description	Bus passes will be available from CART for fixed route and door to door service for qualified applicants. Housing Case Management Services will be provided on a contract basis with non-profit providers. Coordination of the Zero:2016 Activities will be provided at the Norman Municipal Complex location and scattered sites around the city.
Planned Activities	\$35,000 will be provided to CART for the Free Bus Pass Program \$30,000 will be provided on a contract basis to non profits for Housing First Case Management \$44,907 will be utilized for the coordination of the Zero:2016 Program	
3	Project Name	Housing Rehabilitation
	Target Area	Community Wide
	Goals Supported	Housing Rehabilitation
	Needs Addressed	Need for Housing Rehabilitation Housing and Services for Persons with Special Needs

	Funding	CDBG: \$502,197
	Description	Housing Rehabilitatin Activities
	Target Date	6/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated that thirty low and moderate income households will receive housing rehabilitation services.
	Location Description	Community-Wide
	Planned Activities	Housing Rehabilitation Activities include the Comprehensive Rehabilitation Program, the Emergency Repair Program and the Accessibility Modification Program.
4	Project Name	Affordable Rental Housing
	Target Area	Community Wide
	Goals Supported	Affordable Rental Housing
	Needs Addressed	Availibility of Affordable Rental Units Housing and Services for the Homeless
	Funding	\$283,466
	Description	Activities associated with the development of affordable housing and TBRA
	Target Date	6/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	Utilizing carryover TBRA funding it is estimated that eight households will be provided with affordable rental housing. Utilizing HOME funding and CHDO funding it is estimated that two households will be provided with affordable rental housing after construction is completed.
	Location Description	Community-wide
	Planned Activities	Construction of at minimum a duplex consisting of two to three bedrooms with or without acquisition of land in partnership with an approved CHDO.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The allocation of CDBG resources is targeted to best meet the priority needs of low and moderate income persons. While every consideration is given to opportunities to target a specific geographic eligible area, in the Second Annual Action Plan the City has allocated all the available resources programs that operate city-wide on a direct benefit eligibility. The City of Norman will make all housing programs and housing development projects available city-wide, in order to ensure the city is not concentrating low income or minority populations through affordable housing projects. Although no projects are budgeted this program year, future CDBG infrastructure and neighborhood improvement projects will be targeted to the designated CDBG Target Area.

Geographic Distribution

Target Area	Percentage of Funds
2015-2019 CDBG Target Area	
Community Wide	100

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Rationale behind allocating investments geographically include ensuring the City of Norman is affirmatively furthering fair housing with housing programs offered city wide with qualification based upon the applicants income for a direct benefit. The designated CDBG Target Area consists of contiguous block groups in the core of Norman with 51% or more of the population at 80% or below AMI, in order to ensure the achievement of a CDBG National Objective. While there are other areas in the City of Norman that meet this low-mod income criterion the infrastructure needs is minimal compared to the Target Area. It should be noted that the majority of public service programs are located within the CDBG target area and provide convenient access to neighborhood residents.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Norman will support a variety of affordable projects including rehabilitation (owner and rental), acquisition, and the production of new units. The City will be serving homeless households through providing funds through a dedicated position that will execute the ZERO:2016 program and will provide contract funds for the provision of Housing First Case Management services.

Acquisition of Existing Units	0
Total	32

Table 12 - One Year Goals for Affordable Housing by Support Type

AP-60 Public Housing – 91.220(h)

Introduction

The City of Norman and the Norman Housing Authority have a very viable working relationship, and the partnership between agencies spans beyond Consolidated Plan items. The Norman Housing Authority sees the community as a big picture and not just in relation to the services they provide. The City of Norman and the Norman Housing Authority share common goals relating to special needs populations and the preservation and expansion of the availability of affordable housing. Additional partnerships between the Norman Housing Authority and the community will continue to be explored to allow for leveraging of limited federal funds..

Actions planned during the next year to address the needs to public housing

HOME funds programmed in the 2014 and 2015 HOME allocations will continue to be utilized for Tenant Based Rental Assistance for the Zero:2016 Program. These TBRA funds will be administered in conjunction with the vouchers the Norman Housing Authority has provided for this effort.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Efforts to increase participation by public housing residents are ongoing with planned activities at each site to encourage participation. The Residents Council regularly engages with management on facility needs, management policies, and/or security issues. The Norman Housing Authority and the City of Norman will continue to support resident engagement through support for public service programs which operate at NHA sites as well as through the recognition of Resident Organizations in the development of future plans.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Norman Housing Authority is a high-performing agency.

Discussion

The provision of HOME funds for TBRA was programmed at \$40,000 for two consecutive years. In evaluating the use of these funds, it was determined that currently there is adequate residual funding available. It is anticipated that this partnership will continue but will be re-evaluated annually for performance and consideration of potential reduction of HOME funds allocated.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Norman is committed to increasing the long-term housing stability and economic self-sufficiency of homeless and at-risk households and individuals. As the Collaborative Applicant for the Cleveland County Continuum of Care (OK-504), the City of Norman facilitates the application processes for both the Continuum of Care (CoC) and Emergency Solutions Grant (ESG). The ESG is administered through the Oklahoma Department of Commerce and funds are awarded based upon recommendations from the Continuum of Care Executive Committee. The CoC encourages agencies to submit applications for ESG funds to the State of Oklahoma. Recommendations are based upon a Letter of Intent to the CoC as well as a review of prior performance. In addition to ESG funds, CDBG funds will be used to provide coordination to agencies providing support services to the homeless and other persons with special needs. Previously allocated and carried over HOME funds will also be used for Tenant Based Rental Assistance. New housing development will include units for formerly homeless households whenever possible.

Continuing with the success achieved with the 100,000 Homes Campaign, the CoC is actively participating in the ZERO:2016 Campaign to end Veteran and Chronic Homelessness. A benchmark date of December 31, 2016 has been set to end Chronic Homelessness in Cleveland County.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Cleveland County Continuum of Care is committed to the Vulnerability Index – Service Prioritization and Decision Assistance Tool (VI-SPDAT). The VI-SPDAT is a street outreach tool used to help determine the chronically homeless and medical vulnerability of homeless individuals and to prioritize housing and service recommendations. An eight hour training was provided to all service providers in the correct administration and interpretation of the VI-SPDAT and the SPDAT. Once an individual and/or household has been identified as homeless and assessed the documents are entered into the Service Point HMIS System by the City of Norman. Utilization of the VI-SPDAT has resulted in an effective By Name List that is utilized by the Coordinated Case Management Committee to determine vulnerability and placement into available housing resources that are appropriate for their needs. The Service Prioritization Decision Assistance Tool (SPDAT), as a companion to the VI-SPDAT, is an intake and case management tool and helps service providers allocate resources in a logical, targeted way. VI-SPDAT helps identify the best type of support and housing intervention for individuals or families by relying on three categories of recommendations:

- Permanent Supportive Housing: Individuals or families who need permanent housing with ongoing access to services and case management to remain stably housed.

- **Rapid-Rehousing:** Individuals or families with moderate health, mental health and/or behavioral issues, but who are likely to achieve housing stability over a short time period through a medium or short term rent subsidy and access to support services.
- **Affordable Housing:** Individuals or families who do not require intensive supports but may still benefit from access to affordable housing. In these cases, the tool recommends affordable or subsidized housing but no specific intervention drawn uniquely from homeless service providers.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Norman will continue to support the efforts of service providers of the Cleveland County Continuum of Care to provide emergency and transitional housing needs for households who are experiencing homelessness. Possible utilization of reprogrammed CDBG funds is currently being evaluated to assist a local non-profit Food and Shelter, Inc. with their capital campaign for the construction of a new facility. In addition, the City of Norman Social and Voluntary Services Commission in FYE2016 provided in excess of \$75,000 to local non-profit facilities that provide emergency and transitional services.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As mentioned previously, case management is the most effective method of assisting all homeless (chronic, individuals, families with children, veterans, and unaccompanied youth) both obtain housing and remain housed. The City of Norman's Annual Action Plan contributes to helping homeless persons make the transition to permanent supportive housing and independent living by providing funds for case management and a staff position to coordinate the efforts of the ZERO:2016 campaign. In addition dedicated TBRA funding provided by the HOME program will be used in conjunction with the ZERO:2016 campaign to increase the funding that is available for permanent housing. Recognizing that the pathway to permanent housing is not a one size fits all endeavor, the CoC has designed different programs with several levels of assistance that can be provided to insure housing stabilization and long term success.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Norman assists in the coordination of many of these efforts with the Continuum of Care. The CoC monitors the discharge planning policies of the systems of care and attempts to intervene when these policies result in the potential for homelessness. The CoC also coordinates the Emergency Solutions Grant Program in that it evaluates the funding priorities related to prevention activities and sets the levels of assistance.

Discussion

Norman prides itself in a decades-long track record of successful partnerships among public and private sector entities in regard to homelessness and other special needs activities. The Consolidated Plan delivery system is an example of this. Communication and cooperation between the City of Norman's CDBG/Grants Division and the partner agencies and organizations that administer activities is strong. Staff has worked closely with the organizations involved with the Consolidated Plan programs to improve regulatory compliance, monitoring, cooperation and partnership among agencies, and technical capacity of organizations involved with project delivery.

The City of Norman's Strategic Plan Goals contribute to helping persons make the transition to permanent housing and independent living by supporting and in certain instances providing funding to facilities operated by agencies that serve these populations and by expanding housing options available. The City of Norman Social and Voluntary Services Commission administers \$175,000 annually in local government revenue to assist social service providers serving these populations.

One year goals for the number of households to be provided housing through the use of HOPWA for:
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
Tenant-based rental assistance
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds
Total

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The availability of affordable housing is somewhat determined by the relationship of supply and demand. The City of Norman will begin to address the availability of affordable housing on both the supply and demand side. By expanding economic opportunities for its residents, the demand for affordable housing will be reduced. By participating and encouraging production of affordable units including the provision of government assistance that supports low income owners, the supply of affordable housing will be maintained and expanded.

The City of Norman will continue to monitor the results of the recently completed Analysis of Impediments to Fair Housing (AI). Past and present AI's have indicated that Norman has done well in avoiding systematic impediments to fair housing choice, although affordability remains an important challenge. City ordinances, regulations, administrative policies, procedures and practices do not impede housing choice. As the preliminary work begins to allow for the transition to the Affirmatively Furthering Fair Housing (AFFH) Study, the City of Norman is investigating the opportunity of conducting this study in coordination with the City of Moore and Cleveland County to provide a broader analysis.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

A review of the City of Norman housing policy indicates there are no institutional barriers to obtain affordable housing. The city has adopted the 2009 International Codes (Building, Residential, Fire, Energy, Mechanical, Plumbing and Fuel Gas) and the 2011 National Electrical Code. The 2003 International Property Maintenance Code that has been adopted as the minimum housing code is similar to the requirements of HUD's Housing Quality Standards. The minimum housing code is enforced through pro-active code compliance for the exterior of the properties while the interior is enforced on a complaint basis. The City of Norman is currently reviewing the current editions of these model codes for potential impacts as they are updated. Estimated timeline for adoption is Fall 2016.

The city does not impose rent controls. Regulations that are designed to protect the health, safety, and welfare of citizens may affect the cost of housing. However, these regulations are not designed to discourage the availability of affordable housing. Therefore, the City of Norman does not propose actions or reform steps to remove or restructure such policies in the near future.

The City of Norman has seen and expects to continue to see a significant expansion in the number of student housing units constructed, both public and private ownership. Multiple developments have recently been completed with the University of Oklahoma currently having under construction two new residence halls with a total of 4,200 beds. Included in the Housing Market Analysis indicated that after completion, a total of 2,264 units that are comprised of 7,168 beds (constructed within the last five

years) are currently available in the private market for students. As mentioned previously this substantial increase of units geared to this population without a similar increase of enrollment could adversely affect the overall vacancy rate of rental housing in Norman.

Discussion

The primary obstacle to meeting all of the identified needs, including those identified as affordable housing activities is the general lack of funding resources available to the public and private agencies who serve low and moderate income residents.

AP-85 Other Actions – 91.220(k)

Introduction

This Annual Action Plan provides a basis and strategy for the use of federal funds granted to the City of Norman by the U.S. Department of Housing and Urban Development (HUD) under the Community Development Block Grant (CDBG) and Home Investment Partnerships Program (HOME). This Action Plan covers the period beginning July 1, 2016 through June 30, 2017. Programs and activities described in this plan are intended to primarily benefit low and moderate-income residents of the City of Norman, neighborhoods with a high concentration of low-income and moderate-income residents, and the city as a whole.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to meeting all of the identified needs, including those identified as high priorities is the general lack of funding resources available to the public and private agencies who serve low and moderate income and special needs residents. Norman, due to being an entitlement community, is not eligible for state CDBG or HOME funding. With no access to additional state dollars for community development activities, there are limitations on the sales tax based city's general fund for these types of activities. This leaves little room for expansion of community development funding at the local level. Furthermore, the City of Norman's entitlement grants have not seen any substantial increase over the last several years further limiting the funds available to address the needs in the community. Staff continues to look for other funding opportunities to leverage projects and priorities in the Consolidated Plan.

One example of meeting the underserved needs of the community was utilizing the knowledge of the CDBG Staff, the City of Norman and Cleveland County were recently able to access over 20 million dollars of CDBG-DR funding available for damage that occurred during two Presidentially Declared Disasters in the eastern areas of Norman and Cleveland County. It is being able to capitalize on these types of occasional opportunities that will allow additional leveraging of the CDBG resources.

The City of Norman CDBG program in FY2015 provided \$75,000 of funding to Food and Shelter, Inc. to assist in the purchase of land for relocation and expansion of their facility. The City of Norman is currently evaluating the investment of additional CDBG funds into the construction. This relocation will allow for an expansion of their services. The new location is within the Griffin Memorial Hospital area that is proposed for redevelopment by the Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS). The City of Norman is taking an active role along with ODMHSAS in the redevelopment of this property which is included within the CDBG Target Area.

Actions planned to foster and maintain affordable housing

The City of Norman will continue to work with Norman Affordable Housing Corporation (NAHC) in efforts to provide affordable housing. NAHC is a 501(c)(3) that is sponsored by the Norman Housing Authority. NAHC works very closely with the designated Community Development Housing Organization for the City of Norman, Norman 2015 CHDO.

Actions planned to reduce lead-based paint hazards

The City of Norman will continue to reduce the number of units containing lead-based paint hazards, primarily through its housing rehabilitation programs. Each rehabilitation project is required to be lead-safe upon completion of rehabilitation activities. The City of Norman will continue to utilize a licensed risk assessor to provide lead hazard evaluation for projects requiring an assessment.

Actions planned to reduce the number of poverty-level families

One purpose of the CDBG and HOME Programs and other initiatives in Norman is to reduce the number of persons in poverty. The emphasis in Norman is to help people rise out of poverty, rather than temporarily easing their situation. Although essential short-term direct aid such as emergency food and shelter is provided, the strongest community support is for programs to address the root causes of poverty and assisting people in becoming self-sufficient in the long-term. Two key components of helping people attain self-sufficiency are employment and housing. Examples of programs that directly influence people's ability to escape poverty include job education and placement services as well as housing advocacy, homeless prevention and rental assistance. Projects that indirectly affect poverty include those that improve the community at-large and provide transportation and child care services that help people access employment and services. CDBG, HOME, CoC and State ESG funds are often used as matching funds for other grants that also contribute to reducing the number of families living in poverty. Thus, the power of these federal dollars is leveraged to a greater extent. Recognizing that limited CDBG and HOME dollars should be focused where the need is greatest; Norman gives preference to projects that directly benefit low and moderate income residents or serve low and moderate income neighborhoods over those that will benefit the city as a whole. This strategy will ensure that scarce resources are directed to best serve those who have the greatest need, including those areas with the greatest concentration of poverty. In addition to CDBG and HOME programs, a number of other public, private, and partnership initiatives have been designed to assist in the reduction of poverty rates including the Cleveland County Workforce Development Program.

Actions planned to develop institutional structure

The Planning and Community Development Department, CDBG/Grants Division is the lead agency of the City in the development of the Consolidated Plan and Annual Action Plans. The Staff provides fiscal and regulatory oversight of all CDBG and HOME funding. The Norman City Council acts as the final authority for the appropriation of funds for Annual Action Plan activities under the Consolidated Plan grant programs, following recommendations of the CDBG Policy Committee. In addition, the City provides

opportunities to the maximum extent possible, to Section 3, as well as women and minority owned business enterprises for contract bids and services. The City of Norman encourages inclusion in the list of approved bidders for Section 3, minority and women-owned businesses, and actively works to recruit new contractors into the programs administered.

Actions planned to enhance coordination between public and private housing and social service agencies

To accomplish these goals, the City of Norman will work closely with the Norman Housing Authority on administration of their Tenant Based Rental Assistance (TBRA) to cover the activity of Rental Housing Subsidies through the HOME program. Norman 2015 CHDO, Inc., the approved and certified City of Norman CHDO, will be the agency primarily working towards the goal of Construction of Housing objectives. The City of Norman Housing Rehabilitation staff will administer the Comprehensive Rehabilitation Program, Emergency Repair Program, and the Accessibility Modification Program through the City of Norman using local licensed contractors. Social service agencies will offer tenant and rental assistance as well as consultation, and will provide programing to move people from the shelter situation into housing of a more permanent nature.

Discussion

Norman prides itself on a decades-long track record of successful partnerships among public and private sector entities. The Annual Action Plan delivery system is an example of this. Communication and cooperation between the City of Norman's CDBG/Grants Division and the partner agencies and organizations that administer activities is strong. City of Norman staff has worked closely with the organizations involved in the Annual Action Plan programs to improve regulatory compliance, monitoring, cooperation and partnerships among agencies, and technical capacity of organizations involved in project delivery.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

The CDBG Policy Committee has made allocation recommendations for CDBG and HOME funding for the 2016-2017 Program Year based upon evaluation of the identified needs of the low and moderate income populations of Norman. This Second Year Action Plan is a piece of the overall Consolidated Plan and the goals are all based upon the Strategy that was approved in the Consolidated Plan. Program Income is minimal and when received is returned if possible to the particular activity which generated the income, and therefore not considered as part of the allocation process.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)**

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Norman does not plan any additional investment beyond eligible uses of HOME funds identified in 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Until 2013, HOME funds were allocated for a First Time Homebuyer Program through the City's Down-payment Assistance Program in collaboration with the Norman Community Reinvestment Council. This program began in 1995 was instituted to provide affordable homeownership opportunities for Norman residents with low and moderate incomes. With this program, the City elected to impose resale requirements for a period of five years after purchase. The affordability period of five years is maintained by a Deferred Payment Subordinate Mortgage between the buyer and the City of Norman and this agreement is protected with a lien signed by the buyer and filed at the Cleveland County Courthouse. The Deferred Payment Subordinate Mortgage is forgiven annually over a period of five years. There are still approximately sixty properties that are still within their required period of affordability. When repayment is received, the funds are utilized in the Development of Affordable Rental Housing Project Program.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

All units that are acquired or developed with HOME funds for the purpose of the provision of affordable housing are secured by a deed restriction filed at the Cleveland County Courthouse that is in effect for the required period of affordability.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

There are no plans to utilize HOME funds to refinance existing debt secured by multi-family housing rehabilitated with HOME funds. The City of Norman will subordinate CDBG and HOME funds as requested by property owners refinancing debt that meet the program requirements. The City of

Norman has adopted subordination requirements that provide flexibility for property owners while insuring the affordability of the property is maintained.

Discussion

The City of Norman will continue to utilize their HOME allocation to administer TBRA funds as well as the provision of funds for the development of affordable housing.

- Encourage landlords to accept tenants with poor or criminal history.
- Support agencies that provide housing stabilization services.
- Promote collaboration with community based providers.

As mentioned above, job education and job placement services are very important, and are a key component in any anti-poverty strategy. In addition, case management as a whole for those who are in need of assistance is extremely important, as in many circumstances short-term financial assistance really does not solve the problem, and often times it is not even a temporary fix. In addition to Consolidated Plan programs, a number of other public, private, and partnership initiatives have been designed to assist in the reduction of poverty rates.

The overall goals of the reduction of poverty will be addressed by the collaboration between agencies to ensure gaps in services and funding are addressed, while maintaining the utilization of each funding source.
