

CITY OF NORMAN

ANNUAL BUDGET

FISCAL YEAR ENDING: JUNE 30, 2025
FINANCIAL PLAN - FISCAL YEAR END 2026-2029

ON THE COVER: JAMES GARNER LEGACY

"I don't think you could find anyone more proud of being from Norman, Oklahoma than James Scott Bumgarner."

- Terry Bumgarner (James Garner's Nephew) -

James Scott Bumgarner was born in Norman, Oklahoma on April 7, 1928. He was born in east Norman's Denver community, which is now under Lake Thunderbird, and grew up in central Norman. He served in the U.S. Merchant Marine and U.S. Army National Guard during World War II and the Korean War, earning numerous commendations and medals. He achieved great fame over his career as an actor, appearing in over 50 theatrical films and several network television series, including starring roles in the very successful "Maverick" (1957-1962) and "The Rockford Files" (1974-1980) TV series. He was nominated for Academy Awards for his movie roles in Murphy's Romance (1985) and The Notebook (2004), and received numerous Emmy Awards for his television roles, including a Best Leading Actor Award in 1977 for The Rockford Files. In 2004, he was given the Screen Actors Guild Lifetime Achievement Award.

Garner was an avid golfer and car driver, and performed most of his own stunts in his "Rockford Car", a 1978 Pontiac Firebird (actually 3-4 specially-equipped cars per season were used on the set of The Rockford Files), which is depicted on the cover. Many viewers considered "the car the star" of the show. Garner also drove the "pace car" in the Indianapolis 500 car race on two occasions.

Garner returned to Norman often to visit family, and in 2006, the former Front Street, running parallel to the BNSF railroad tracks in downtown Norman was named for him, along with the unveiling of a statue commemorating his "Support Your Local Sheriff" movie roles. James Garner Avenue is being extended and widened as a part of the NORMAN FORWARD program (a voter-approved, temporary ½ percent sales tax approved in 2015 for quality of life improvements throughout Norman), from Main Street north to a modern roundabout that will connect with Flood Street to form a new vehicle and pedestrian access to downtown Norman. The James Garner Avenue road project is also an extension of Legacy Trail, a widened, paved pedestrian trail adjacent to the railroad tracks throughout Norman.

The James Garner Avenue overpass of Robinson Street will feature backlit artwork commemorating "the Rockford Car" and James Garner's signature, and the middle of the roundabout will form the plinth for an attractive public art piece, "Revolutions" by Oklahoma artist Paul Bagley (pending Council approval). Architectural design drawings of the James Garner Avenue widening project are included in this document. Construction of the widened and extended James Garner Avenue is expected to be completed in the summer of 2024.

Jim Garner, née James Scott Bumgarner of Norman, Oklahoma, died on July 19, 2014 in Los Angeles, California.

THE CITY OF NORMAN

OUR MISSION

“WORKING TOGETHER TO DELIVER EXCEPTIONAL SERVICE”

To fulfill our mission, City of Norman employees pledge themselves to these values:

TEAMWORK

We value each other's contribution and encourage teamwork.

CARING

We value service to others in a caring manner. We listen with a willingness to understand the needs of others. We respond in a friendly, helpful way.

ACCOUNTABILITY

We are responsible for our work and actions.

SERVICE

We are committed to providing exceptional service in a courteous, dependable and efficient manner.

RESPECT

We respect our differences and treat each other with understanding and dignity.

FAIRNESS

We seek to understand the needs of others. We strive for equity in the delivery of services and in the treatment of individuals.

PROFESSIONALISM

We value a knowledgeable, capable and effective organization.

RESPONSIVENESS

We value a timely response to both customer and employee.

We believe that these values are the foundation of all our endeavors to make our community a better place now and for future generations.

CITY MANAGER'S LETTER

April 8, 2024

The Honorable Mayor and City Council Members
Municipal Building
Norman, Oklahoma

Dear Mayor Heikkila and Council Members:

INTRODUCTION

It is my privilege and responsibility to present to you the proposed budget for the fiscal year July 1, 2024 – June 30, 2025 (FYE 2025). The adoption of an annual budget is required by the City Charter (Article III, Section 4) and by State law (Title 11, Oklahoma Statutes, Section 17-205). An annual budget must be adopted by the City Council at least seven days before the beginning of the new fiscal year, certified by the Cleveland County Excise Board before the start of the fiscal year (July 1) and transmitted to the State Auditor and Inspector within 30 days of the start of the fiscal year. We encourage our citizens to explore their City's budget document, which contains interesting and vital information on all aspects of the City's operation as well as information of general interest on Norman.

The FYE 2025 budget is being presented in a time of slow growth in the major revenue sources of the City, while expenditures increase. The Council and City management have done a good job of maintaining the growth in costs, particularly through holding steady on the number of personnel in the City workforce (see below). While the City workforce was increased over the last two fiscal years, it will be important to continue to monitor revenue trends going forward in order to maintain healthy fund balance positions in the future.

Personnel costs (including salary and benefit costs) continue to be a major driver of the costs in the City’s General Fund, Recreation Funds, and in the Sanitation Utility, and controlling those costs will be of major importance going forward, in an environment of slow revenue growth.

Much of the City’s focus in fiscal year 2023-2024 (FYE 2024) and going forward into FYE 2025 is on capital projects. The City has received an unprecedented amount of federal funding for capital facilities in the last year or two, and the projects that those federal funds are providing are under construction now (discussed in more detail in the Capital Projects Section below). The City will benefit from those facilities for generations to come.

A historical look at revenues from sales and use tax, the City’s main source of general revenue, illustrates fluctuations in our local economy (see below). The relatively consistent growth level of FYE 2012-2016 was interrupted in FYE 2016. The fairly consistent recovery from that period (FYE 2017-FYE 2021) was interrupted by the impact of the COVID-19 pandemic. The economic recovery from the COVID pandemic in FYE 2022 resulted in unprecedented growth in FYE 2022, and since then City revenues have remained flat at that high level. The City’s budget grew in FYE 2023, but we must now retrench as our revenues have flattened.

General Purpose Sales and Use Tax Revenue History (In Dollars, Fiscal Quarters 1 – 3)

The total budget for all City of Norman funds for fiscal year ending 2024 was \$252,962,743 and for FYE 2025, the total proposed budget is \$271,227,424. The primary reasons for this budget increase are capital project allocations in the Water and Wastewater Reclamation Utility Funds, the implementation of the new Young Family Athletic Center Recreation Fund, and increased debt service expenditures related to the ongoing transportation and bridge capital improvement programs. The major changes to the City budget are discussed below in this letter and in more detail in the Budget document.

STRATEGIC PLANNING

At the start of each fiscal year, which is also the start of new Council Member terms, the Norman City Council conducts a strategic planning retreat, at which goals and plans for the coming year or years are discussed. Through the Retreat discussions, priority is given to those strategic areas in which the most interest is shown by Council Members. Through Council consensus at this Retreat, the various Council committees are given assignments of areas of concentration within their committee's purview, which will result in Council action and directions to the City Manager and Management Team over the coming fiscal year, or longer-term if addressing the priority will take longer than a year, or require future voter consideration.

Examples of priority strategic areas directed by Council in fiscal year 2023-2024 were strategic planning through the implementation of facilitated updates to Norman's land use and transportation plans, public safety staffing, and utility service delivery. The Council continued to give considerable attention to the allocation of one-time federal and state grant revenues from the American Recovery Plan Act and Federal Transit Authority grant programs, and directed the addition of four School Resource Police Officers, to complete the staffing requirements of the Public Safety Sales Tax Ordinance.

NORMAN SALES TAX TRENDS

The growth in the City's sales tax revenue base is discussed and illustrated above. Sales tax is not only the major source of revenue for the City's major operational fund, the General Fund, sales tax is the major (or only) source of revenue related to expanded public safety initiatives approved by our voters in 2008 and 2014; major quality of life improvements ("Norman Forward") approved in 2015; public transportation (approved in 2019) and for earmarked capital programs, originally approved in 1976. *The City is dependent on sales tax revenue to fund over half of its general purpose (non-utility fee based) operational and capital programs and is becoming more dependent.*

Sales tax is very volatile by nature, and is made more so by recent marketplace trends toward service-based purchases and on-line purchases of retail goods. The recent passage of state legislation to exempt groceries from the collection of sales tax at the state level, while not intended to impact cities, exacerbates these concerns. We continue to support judicial and legislative actions to better enforce existing sales and use tax statutes and ordinances; to broaden the sales tax base; to concentrate the allocation of available sales and use tax revenues on core general purpose, operational and capital services; and to diversify our revenue base. The ability of the City of Norman to continue to provide the level of services that our citizens demand and deserve will depend in large part on the success of these initiatives.

As consumer spending patterns change to more service-based and remote (on-line) purchases, municipalities have had some success in gaining compliance with laws and regulations that enable taxes to be collected on remote purchases in the form of increased "use tax" collections. Use taxes are basically sales taxes applied to purchases of goods from out-of-state vendors for use within the City where the goods are delivered. Use tax revenue growth has continued to outpace projections.

The City Manager and Finance Department staff have had ongoing discussions with the Council and Council Finance Committee about underlying factors contributing to our sales tax growth in recent years, and how sustainable that growth may be. We have continued to avoid adding ongoing expenses to a large extent, and have concentrated on adding in specifically targeted areas, when Council has given direction to do so.

The FYE 2024 budget was based on a modest two percent (2%) growth in sales tax revenue, which tracked closely with actual revenue trends. Our actual experience, however, is that sales tax revenue has been flat. The above-budget growth in use tax revenue has moderated this impact, and taken together, the combined growth projections have held true. ***The fiscal year 2024-2025 budget will also be based on two percent sales tax growth and four percent use tax growth.***

MAJOR GENERAL FUND REVENUE SOURCES, Fiscal Year 2023-2024

Sales and Use Taxes – Overall, City general purpose sales tax collections for FYE 2024 are currently 0.3% below FYE 2023 levels, and slightly below budgeted levels. Revenues will continue to be monitored closely, as national and local economic trends may impact future collections negatively.

Use Tax is similar to a sales tax collected on purchases of goods outside of the City for use within the City. Staff will emphasize the monitoring of use tax collections going forward, as out-of-state purchases of goods for use in Norman, such as internet purchases and purchases of construction materials for the local home building industry, should be captured in use tax collections. FYE Use Tax collections are 16.2% above prior-year levels. Future-year use tax is projected to grow at four percent (4%) per year.

Franchise Fees – These are payments made by private utility companies (Oklahoma Gas and Electric, Oklahoma Natural Gas, Cox Cable, etc.) to the City of Norman General Fund for their use of the public rights-of-way. Franchise payments are directly tied to utility revenues, which are heavily influenced by seasonal weather patterns (similar to the direct impact of weather on Norman Water Utility revenues). ***The voters of Norman denied the renewal of a private utility franchise (Oklahoma Gas and Electric) for a second time in March, 2024.*** The City has negotiated with our electric utility service providers for them to continue to operate in the City's rights-of-way and to collect franchise fees. Collections are above budget in FYE 2024, due to the impact of rate unseasonal weather. Collections are projected to increase by three percent overall, from projected final FYE 2024 revenues, but these projections are tenuous as the underlying franchise agreements remain in doubt.

Licenses and Permits – These are payments made for obtaining trade, food or liquor licenses to do business in Norman and for obtaining permits to build or alter structures in Norman. Permit volume and revenues are, therefore, an important proxy for the vitality of the local homebuilding industry, which in turn has impact on sales and use tax growth rates, and a direct impact on revenues from the Sewer Excise Tax on New Development (Wastewater Reclamation Utility revenues are separated from the General Fund). License and permit revenues are projected to be on budget in FYE 2024 and to grow by one percent (1%) from those projected levels in FYE 2025.

Other Taxes – This revenue category primarily reflects the City of Norman’s receipt of state shared Motor Vehicle and Tobacco Taxes. Fiscal year-end 2024 collections are on budget.

Fines and Forfeitures – This revenue category is for citation payments for municipal offenses (non-traffic, traffic and parking fines, etc.). ***Fine and forfeiture revenue is substantially above budget for FYE 2024 (+27.5%).*** Revenues are projected to increase by three percent (3%) above projected FYE 2024 levels in FYE 2025.

Investment Income – Investment income reflects the return on the investment of General Fund moneys on hand before they are expended. Due to the increase in fund balances available for investment, investment income is significantly above prior-year levels in FYE 2024. Consolidated Investment Portfolio practices and municipal bond market conditions will continue to be closely monitored due to their impact on all City funds.

GENERAL FUND RESERVE LEVELS

The City of Norman, in keeping with State law and standards of financial prudence, seeks to maintain adequate levels of fund balance to meet emergency expenditure demands, unexpected claims for worker’s compensation, and medical or torts against the City. Fund balance can only be appropriated for expenditure by an act of the City Council, and the adoption of the budget appropriates projected funds for expenditure in the upcoming fiscal year, less funds that are held in fund balance.

Norman has adopted fund balance policies in keeping with accepted accounting standards. By Ordinance O-1011-58 (adopted June 28, 2011) and as amended by Ordinance O-1819-10 (adopted September 11, 2018), the City has adopted formal reserve policies for the General Fund which require that an Emergency Reserve allocation of one percent (1%) of budgeted General Fund expenditures be appropriated within the General Fund budget; at least three percent (3%) of budgeted General Fund expenditures be held in General Fund balance (these are considered Operating, or “unrestricted” reserves by accounting standards) and at least an additional four percent (4%) of General Fund expenditures must be held in a segregated Net Revenue Stabilization (or “Rainy Day”) Fund.

The Ordinance targets 5% of General Fund expenditures and up to a maximum of 6% of General Fund expenditures to be held in the Net Revenue Stabilization Fund. The Ordinance requires that at least the minimum fund balances be restored to the Rainy Day Fund within three years of any appropriation of fund balance in the Fund. Funds held in Net Revenue Stabilization Fund balance can only be appropriated by the Council if at least one of three circumstances is met:

- The General Fund Operating Reserve falls below one percent (1%) of budgeted expenditures;
- A natural or man-made disaster, declared by the President of the United States or the Governor of Oklahoma for the Norman area, has been declared which necessitates emergency expenditures to be made above the one percent (1%) Emergency Reserve appropriation;
- A major one-time or capital expenditure has been necessitated, such as for major repairs to City of Norman facilities or equipment damaged in storms or other circumstances.

Net Revenue Stabilization Fund balances are considered to be “Committed” fund balances under accounting standards. The combination of these fund balance reserve requirements results in a minimum of eight percent (8%) of General Fund expenditures to be held in reserve, a target of nine percent (9%) and a maximum of 10 percent (10%). The City Council has never made any appropriations to spend money from the Rainy Day Fund.

As of the end of FYE 2024, the City projects to meet its Operating Reserve requirements in the General Fund, and the Rainy Day Fund is expected to exceed its (4%) Minimum balance (by \$381,585), and fall short of its (5%) Target balance (by \$-665,016). As directed by the “Rainy Day” Fund Ordinance, the City Council reviewed the status of the Fund as projected at the end of fiscal year 2024, and directed staff to make no appropriations from or to the Fund at the end of fiscal year 2023-2024.

Because of the inherent volatility in Norman’s primary sources of General Fund revenue (sales and use tax) and our susceptibility to extreme weather conditions (necessitating unexpected emergency expenditures), it is very important for Norman to maintain adequate fund balances. Projected and actual reserve levels will continue to be proactively managed and balanced with the ability to provide adequate levels of service to our citizens.

FISCAL YEAR 2024-25 OPERATIONAL BUDGET PREPARATION

General Fund Budget Preparation

The healthy state of the City’s General Fund in fiscal year 2022-2023 enabled the City Manager to add employees in targeted areas and enabled substantial, across-the-board, pay increases to be given to employees citywide through union negotiations. *The ongoing impact of these pay increases and personnel additions result in the General Fund’s expenditures exceeding projected revenues in future years. The City Manager proactively recommended that no personnel be added to the General Fund, except for additional staffing in the Police Department-Animal Welfare Division requested by the Council Finance Committee and Animal Welfare Oversight Committee, and in the Police Department-Patrol Division for the addition of four School Resource Officers mandated by the Public Safety Sales Tax Ordinance.*

Overall, the General Fund budget proposal is for a continuation of service levels while maintaining operations in an environment of flat revenues and increasing costs. This inequity will have to be addressed in future years, as the demand for general governmental services grows throughout the City operation.

Personnel Cost Assumptions

As a provider of public services, personnel costs are the major driver of expenditures in the General Fund and impact on expenditures in every City operation. A major component of personnel costs is the cost of benefits provided to City of Norman employees. The provision of health care benefits to City employees and their dependents is a major cost to all City functions.

The FYE 2025 budget is based on the following assumptions for personnel costs:

- Budgeted positions are assumed to be filled for the full fiscal year;
- Based upon agreements with the American Federation of State, County and Municipal Employees and International Association of Firefighters unions for fiscal year 2024-2025, four percent (4%) across-the-board salary increases were budgeted. No salary increases (cost-of-living raises) are assumed for non-union and Fraternal Order of Police union employees but settlements may be made with the City's various bargaining units that result in unbudgeted, increased salary and benefit costs.
- Employees are assumed to receive a merit step raise, if they qualify;
- An employer contribution of \$778 per month (single) and \$1597 per month (family) for health insurance, and \$31 per month and \$102 per family for dental insurance;
- An employer retirement contribution of 8.5% of payroll for Norman Employees Defined Contribution Retirement System members;
- An employer pension contribution of 13% of payroll for state-mandated Police Pension System members and 14% for Firefighter Pension System employees (NOTE: the Oklahoma legislature is considering mandated increases to these pension contributions);
- Mandated Social Security and Medicare contributions for all non-fire employees;
- An assumption of \$800,000 in "Employee Turnover Savings" is built into the budget (approximately 1.1% of Salary and Benefit Category allocations), under the assumption that the net impact on the General Fund of the savings achieved by employees leaving during the course of the year and hiring replacement employees at a lower salary at a later time will outweigh the cost of one-time leave payouts to employees who leave;
- Other allowances and payments, as mandated by union contracts and City policies, are anticipated and included in budgeted benefit costs (approximately 80% of the City workforce is unionized, as illustrated in the Overview Section).

Public Safety Sales Tax Fund Budget Preparation

As noted above, the Council mandated the expansion of the School Resource Officer program during fiscal year 2023-2024, with the addition of four (4) Police Officers to be assigned to Norman Public Elementary Schools. These personnel will complete the addition of 90 police and fire personnel mandated by the Public Safety Sales Tax Ordinances since 2008. In FYE 2024, the City also completed the Fire Apparatus Replacement Program mandated by the PSST Ordinance with the addition of a ladder truck with budgeted cost of \$2,100,000.

Public Transportation and Parking Fund Budget Preparation

The City of Norman assumed the administration of the public transportation system from the University of Oklahoma in August, 2019. On November 12, 2019, the voters of Norman approved a one-eighth percent (1/8% or .125) sales tax to fund the City's public transportation service. This "Public Transit Sales Tax" (PTST) was effective on April 1, 2020. In some years, the City's General Fund has provided revenue to the public transportation service; it is projected that the Public Transit Fund will maintain operations without a "subsidy" in FYE 2025. The City has expanded and improved transit services, and implemented administrative changes since taking over Public Transit service. During FYE 2024, the City opened a new downtown Transit Center and implemented efficient route changes based on the new central station. Much of the City's bus fleet has been replaced since the City took over operations, and the City has expanded services through the provision of an on-call "micro-transit" system, which operates during the off-hours of the fixed-route bus system.

City of Norman Public Transit Center

Young Family Athletic Center Recreation Fund

During fiscal year 2023-2024, the Young Family Athletic Center (YFAC) opened. This facility, funded by NORMAN FORWARD Sales Tax, the Norman Regional Hospital System, the University North Park Tax Increment Finance District and a donation from the Trae Young Family Foundation is providing major new recreational opportunities and state-of-the-art physical therapy and training facilities for Norman residents and visitors to the facility. The YFAC is expected to operate approximately 80 hours per week. To staff the operation, the following positions were added to the newly-implemented YFAC Special Revenue Fund:

- 1 Field Operations Supervisor
- 3 Program Coordinators
- 3 Recreation Technicians (Part-Time)
- 6 Recreation Leaders (Part-Time)
- 3 Lifeguard Technicians (Part-Time)
- 12 Lifeguard Leaders (Part-Time)

Young Family Athletic Center

The YFAC will also house the Norman Regional Health System’s “Ortho Central” physical therapy and wellness operations and “NMotion” human performance enhancement center, as well as retail and concession facilities operated by third-parties leasing space from the City. The facility will be leased in whole or in part for tournaments, swim meets and other activities according to demand and the Norman High and Norman North High School swim teams will also have reserved pool times for practices.

Operational Budget Summary

The Fiscal Year 2024-2025 City Manager’s proposed operating budget is being prepared in a time of stability in the general governmental functions of the City. While operations are maintained at current levels, the cost of providing the services is rising faster than the revenue sources to pay for them.

Capital Improvement Program Budget Preparation

Major City of Norman capital improvement projects are funded by the dedicated seven-tenths percent (0.7%) Capital Sales Tax (CST); the one-half percent (0.5%) NORMAN FORWARD and half-percent Public Safety Sales Tax, utility ratepayer fees, General Obligation Bond issuances, and other sources. Capital projects are detailed in the separate Capital Improvement Projects Budget document, and summarized in the Capital Projects Funds Section. The CST also funds equipment replacements and other “capital outlay” items through transfers from the Capital Fund to the General Fund or related special revenue funds.

General Obligation (G.O.) Bond Programs

On April 6, 2021, the voters of Norman approved a continuation of a rolling five-year General Obligation Bond-financed program to maintain the streets of Norman. The 2021-2026 Street Maintenance Bond Program will consist of \$27,000,000 in authorized projects in five major areas:

- Urban Asphalt Street Resurfacing
- Urban Concrete Panel Replacement
- Major Street Reconstruction in Targeted Areas
- Rural Road Surfacing and Resurfacing in Partnership with Cleveland County
- Preventive Maintenance

The Street Maintenance Bond projects are progressing through contracts with asphalt and concrete construction companies.

The 2019 “Vision for Norman” General Obligation Bond program for roadway improvement projects (street widening projects with related sidewalks, bike lanes and storm drainage improvements), authorized for a total of \$72,000,000, is ongoing.

In March 2023, the City issued the final \$13,500,000 of the 2021 Street Maintenance Bonds, and \$26,000,000 of the 2019 Roadway Improvement GO Bonds. Construction of the road improvements financed by these bonds is ongoing.

On October 10, 2023, the voters of Norman approved the issuance of \$50,000,000 in General Obligation Bonds to reconstruct and repair bridges throughout Norman. Bridge structures throughout the city will be improved through this bond program. The first issuance of the bonds authorized in 2023 was completed in April, 2024.

Due to the Oklahoma Constitution’s prohibition against cities using property taxes for operational purposes, voter-approved General Obligation (GO) Bonds are the major way that the City can diversify its revenue base and reduce its reliance on sales tax. The Council will consider future capital financing programs with this revenue diversification as a factor in those considerations. Council has discussed a proposal for a bridge improvement program to be funded with GO Bonds.

NORMAN FORWARD Sales Tax Capital Projects Fund

On October 13, 2015, the citizens of Norman approved a half-percent (0.5%), 15-year duration sales tax to pay for quality of life improvements throughout Norman. The approved initiative includes the following major capital projects (original budget allocations listed):

• New Central Branch Library	\$ 39,000,000
• New East Branch Library	\$ 5,000,000
• Neighborhood Park/Trail Projects	\$ 14,500,000
• New Indoor Aquatic Facility	\$ 14,000,000
• Westwood (Outdoor) Pool Facilities	\$ 12,000,000
• Griffin Park Soccer Facility	\$ 11,000,000
• Griffin Park Land Acquisition	\$ 10,000,000
• Reaves Park Baseball/Softball Facility	\$ 10,000,000
• New Community Park Development	\$ 9,500,000
• New Indoor Multi-Sport Facility	\$ 8,500,000
• James Garner Avenue Extension	\$ 6,000,000
• Road Improvements	\$ 2,730,000
• New Youth Football/Adult Softball Complex	\$ 2,500,000
• Canadian River Park Development	\$ 2,000,000
• Westwood Tennis Center Improvements	\$ 1,000,000

The NORMAN FORWARD Ordinance also authorizes funds from the NORMAN FORWARD Sales Tax (NFST) to be used for other projects and services such as public art at NFST facilities; a senior citizen’s center; and staff and consultant support in the design, construction and maintenance of the NFST facilities. Because of the intended completion schedule of the major NFST projects, debt financing was anticipated and authorized to move the projects forward ahead of the tax revenues being received. The first of three anticipated Sales Tax Revenue Note issuances was completed by the Norman Municipal Authority in December, 2015, a second Revenue Note was completed in June, 2017, and the final issuance of NFST-backed NMA Notes was completed in December, 2020.

Several of the NORMAN FORWARD facilities have been completed and are being enjoyed by Norman residents and visitors:

- Westwood Family Aquatic Center
- Norman Public Library, East Branch
- Norman Public Library, Central Branch
- Westwood Tennis Center Improvements
- Ruby Grant Community Park
- New Blake Baldwin Skate Park at Andrews Park
- Community Sports Facilities for Baseball/Softball and Football
- Reaves Park Baseball/Softball Complex
- Griffin Park Soccer Complex
- Adult Wellness and Education Center
- Young Family Athletic Center

Nighttime View of James Garner Avenue Overpass of Robinson Street

The extension of James Garner Boulevard, from the intersection with Flood Avenue to the completed Acres Street intersection is nearing completion. A future phase, extending from Acres Street south to Duffy Street, will be funded with 2019 “Vision for Norman” G.O. Bond proceeds, and is expected to be under construction in the fall of 2024. Matching federal Transportation Administration funds are programmed for the project, which will significantly improve traffic flow into and out of downtown Norman, as well as serve the City’s Municipal Complex and the NORMAN FORWARD Central Library and Andrews Park facilities. The completion of the James Garner Avenue project (illustrated on the cover and divider pages throughout the Budget documents) in the summer of 2024 will mark the completion of the “brick and mortar” projects included in the Norman Forward program. The program will continue with neighborhood park renovation projects, trails, and the construction of new community facilities at Saxon Park and along the Canadian River. This is truly a success story that will enhance the quality of life in Norman for generations to come.

Progress on Other Capital Projects

The fiscal year 2024-2025 budget proposal also includes allocations for many other capital projects and facilities. These projects are detailed in the separate *Capital Improvements Project Budget* document.

UTILITY ENTERPRISE FUNDS

The City of Norman operates three utility enterprises: Sanitation, Water, and Wastewater Reclamation (also known as “Wastewater” or “Sewer”). Enterprise funds are established to account for the operations of the City that endeavor to operate like private businesses, in that their services are provided to a discrete base of customers, as opposed to the citizenry as a whole; user fees are charged to those customers at a level that seeks to recover the full costs of providing the services; and services can be denied to customers who do not pay their user fees (unlike streets or open park spaces that cannot be denied to anyone). The budgetary status of the Water and Wastewater Utilities are driven in large part by major capital projects.

Norman Water Enterprise Utility

The voters of Norman approved an increase to water user fees on June 13, 2023 for the first time in over seven years (Norman is one of a very few municipal utilities that require voter approval for rate increases). The new rate structure will be used to partially fund an aggressive capital program to replace aged iron pipelines (approximately 300 miles of the 600 miles of waterline within Norman’s water system are made of metal and will eventually need to be replaced); to fund replacement of manually-read water meters with remotely-monitored Advanced Meter Infrastructure (“AMI” or “smart meters”); and to treat water generated by Norman’s 40+ underground water wells with disinfectants at a central site, to comply with drinking water standards imposed by the U.S. Environmental Protection Agency and the Oklahoma Department of Environmental Quality. These needed capital improvements have been programmed by the Norman Water Utility for several years.

The Norman Utility Authority (NUA) received a \$2 million grant and a (up to) \$15,000,000 Statewide Revolving Fund Loan in FYE 2023 to implement the AMI program. The AMI project will replace Norman’s approximately 42,000 manually-read water meters with “smart” meters that can be read remotely using cellular technologies. This program is expected to make water billing practices more efficient, reducing “wasted” (unaccounted for, or unbilled) water and increasing revenues to an extent to offset the costs of implementing the AMI program. Contractors have been retained to begin the implementation of the AMI program, which will be completed in 2026.

The Water Fund proposes to add a Plant Operator and a Distribution Worker position to the FYE 2025 budget.

Norman Water Reclamation (Wastewater) Enterprise Utility

The Norman Water Reclamation Facility (WRF) has received regional awards for the quality of the effluent (output) produced from the plant, and the Utility continues to explore ways to use high-quality treated effluent, such as for irrigation and augmenting drinking water supplies.

The Norman Wastewater Reclamation and Water Line Maintenance Divisions moved into a new headquarters facility in 2024.

Norman Sanitation Enterprise Utility

The Norman Sanitation Utility provides automated municipal solid waste collection and public access transfer station disposal for City customers. The Utility also provides recycling drop-off centers, yard waste collection and composting services, and on-call bulky item pickup services. Curbside recycling collection services, included in basic sanitation customer rates, are proposed to be taken over by in-house crews. The Norman Sanitation Utility, reflecting the desires of customers and Norman residents, is firmly committed to recycling and reuse of waste products, to the extent practical.

A Utility Supervisor position was added to the Sanitation Enterprise Fund in FYE 2024, to oversee the operation of the curbside recycling pickup service.

CAPITAL BUDGET

Detailed information on individual capital improvement projects is given in the Fiscal Year 2024-2025 Capital Improvements Project (CIP) Budget document. Pursuant to voter-approved ordinances, seven-tenths of one percent (0.7%) of sales tax revenue is dedicated for capital improvements. This is the primary source of revenue for the Capital Fund.

SUMMARY

The fiscal year 2024-2025 budget is highlighted by maintaining existing service levels and continuing capital programs funded by the voters of Norman and by federal grant programs.

CONCLUSION

I would like to express my personal appreciation for the outstanding work done by the professional staff of our Management Team, senior division managers, and our dedicated Finance Department staff who have worked countless hours to prepare this budget and respond to the information and policy direction requests that have come from Council, the Council Finance Committee, and from the public. I am continually impressed first by the diligence and dedication of the Council in studying the many issues before you and in providing direction to confront the many issues faced by the City. I am equally impressed by the dedication of our staff and by the persistence and constant interest displayed by our residents and interested citizens in providing their input to you. It is my privilege to present this budget to our citizens and utility ratepayers and to work to implement it in providing the services they justifiably demand.

Sincerely,

Darrel Pyle,
City Manager

COMMUNITY PROFILE

History of Norman, Oklahoma

In 1870, the United States Land Office contracted with a professional engineer to survey much of Oklahoma territory. Abner E. Norman, a young surveyor, became chairman and leader of the central survey area in Indian Territory. The surveyor's crew burned the words "NORMAN'S CAMP" into an elm tree near a watering hole to taunt their younger supervisor. When the "SOONERS" (those who headed west before the official Land Run date, April 22, 1889) and the other settlers arrived in the heart of Oklahoma, they kept the name "NORMAN." Today, with an estimated 133,016 residents, Norman is the third largest city in the State of Oklahoma.

Norman was primarily developed around the Santa Fe Railroad. Home to a passenger depot as well as a freight station, Norman became the headquarters for the railway. As business grew, it was necessary to expand the depot three times in the first few years of its existence. The last expansion was announced by J.E. Hurley, General Manager of the Santa Fe Railway, in 1909. The Santa Fe Depot was deeded to the City in 1972 and has had major renovations in the recent past.

The City of Norman has agreed to preserve and maintain the Santa Fe Depot as a historical landmark and use the building in a manner as to benefit the entire community. Performing Arts Studio, Inc. leases the building for rental of meetings, banquets and parties. Daily Amtrak passenger service is provided at the depot as well.

The railroad laid the foundation for Norman to flourish into a prominent city. While other Oklahoma towns were battling to be the capitol, Norman's Mayor, T.R. Waggoner, directed a bill through the Territorial Legislature to become home of the state's first institution of higher learning. In 1890, Norman was chosen as the location for the University of Oklahoma (OU), contingent upon the county passing bonds to construct a building. Town and country residents were also required to donate 40 acres of land for a campus site. The residents of Norman were successful in all their plans to be OU's home and by 1895, the university enrolled 100 students. Today, the Norman campus has an enrollment of approximately 25,798.

Today, OU and the City of Norman are still making history. Norman is recognized as one of the most progressive cities in the state and the Norman Public School system is acknowledged as one of the top school systems in Oklahoma.

Norman's rich history plays an important role in citizen's lives and we continually make our history book more exciting with each passing year.

Norman — The City of Festivals

Widely recognized as the “City of Festivals”, Norman is the host of several annual festivals that are free to the public. Spring and Summer festivals include the Medieval Fair, Earth Day Festival, Norman Music Festival, May Fair, Juneteenth Festival, Jazz in June, and Midsummer Night’s Fair in July. Fall and Winter festivals include a Holiday Celebration in December and the Chocolate Festival held in February.

Community Profile

Norman is Oklahoma's third largest city and is home to the University of Oklahoma Sooners. Family oriented activities are abundant in Norman. Places of interest include Lake Thunderbird, great shopping areas including Campus Corner and Downtown Norman, and the Sam Noble Oklahoma Museum of Natural History. The City of Norman also sponsors several events throughout the year including Norman Day, held on the 4th of July and Norman's annual "Best" Easter Egg Hunt.

CITY OF NORMAN

INTER-CITY BENCHMARK COMPARISONS

For purposes of comparative analysis, Norman compares (“benchmarks”) itself to 18 other cities for a variety of criteria. These cities are generally selected based on the following factors.

1. Population within 20 percent (+ / - 20%) of Norman’s
2. Located within a Metropolitan Statistical Area
3. Site of a major university
4. Located in Oklahoma or a bordering state

Inter-City Benchmark Comparison

City	Population	Median Age	Square Miles

OVERVIEW / STATISTICAL

INTRODUCTION

The purpose of the Overview/Statistical section of the Budget is to offer an overview of the approved budget along with historical information for comparison. The intent of this section is to give the reader a quick insight to the overall budget and provide a basis for better analysis and understanding of the detailed document.

City Of Norman Organization Chart

COUNCIL STRATEGIC PLAN, PRIORITIES, AND ISSUES

At the start of each fiscal year, which is also the start of New Council Member terms, the Norman City Council conducts a facilitated strategic planning retreat, at which goals and plans for the coming year or years are discussed. Through the Retreat discussion, priority is given to those strategic areas in which the most interest is shown by Council Members. Through Council consensus at this Retreat, the various Council committees are given assignments of areas of concentration within their committee’s purview, which will result in Council action and/or directions to the City Manager over the coming fiscal year or longer-term if addressing the priority will take more than a year, or require future voter consideration. Multiple comprehensive plan updates and studies were initiated in FYE 24, and the Council will focus on utilizing those results to develop and implement action plans in FYE 25.

MISSION STATEMENT: Through sustainable, innovative policies that enhance the lives of all residents, the Norman City Council are stewards of the public trust, committed to improving quality of life and responsibly investing in our future.

FYE 22 to FYE 23 - During FYE 22 combined the Sustainability Coordinator position in the City Manager's Department with the Environmental Services Coordinator in the Water Reclamation Department and kept the position in the Water Reclamation Department, added a Municipal Accountant I position to the Finance Department, added an Administrative Technician III to the Human Resources Department, cut a permanent part time Victim Advocate position in the Police Department, added a permanent part time Administrative Technician II position in the Fire Department, closed a permanent part time Transit Support Technician position and a Transit Service Technician position in the Public Transportation Fund, added a Capital Projects Engineer position to the Public Works Department in the Capital Fund. For FYE 23, closed an Internal Auditor Technician position in the City Manager's Department, added 9 Police Officers to the Police Department, moved the Hazardous Household Waste Coordinator from the Sanitation Department and the Cross Connection Program Coordinator from the Water Department to the Water Reclamation Department, added a Network and Infrastructure Engineer position to the IT Department, added a permanent part time Recreation Leader I to the Parks and Recreation Department, and closed an Outreach Case Coordinator position in the CDBG Fund, moved 10 Meter Services positions from the Finance Department to the Line Maintenance divisions in the Utility Funds, and moved 2 Printing Service Operators from the Finance Department to the IT Department.

FYE 23 to FYE 24 -moved the Chief Diversity & Equity Officer and ADA Technician positions from the City Manager's Department to the Human Resources Department, added an Administrative Technician IV and a Long Range Planner and closed a Homeless Technician position in the Planning Department, added a Database Manager, a Victim Advocate, an Animal Welfare Technician and a Pet Adoption Coordinator position to the Police Department, closed 4 part-time custodian positions in the Parks and Recreation Department, closed the Outreach Housing Liason and Homeless Coordinator positions in the CDBG Fund, and added a Golf Operations Manager position to the Westwood Fund. For FYE 24, added an Assistant City Manager to the City Manager's Department, transferred a Stormwater Program Specialist and two Stormwater Compliance Inspectors from the Public Works Department to the City Manager's Department, transferred an Admin Tech III, an Environmental & Sustainability Manager, an Environmental Services Assistant, a Pollution Prevention Specialist, a Cross Connection Program Coordinator, and a Household Hazardous Waste Coordinator from the Water Reclamation Fund to the City Manager's Department in the General Fund, added an Assistant City Attorney I to the Legal Department, added a Business Systems Analyst to the Information Technology Department, added a part-time GIS Intern to the Planning Department, added a part-time Recreation Technician position and a Construction and Facilities Program Manager position to the Parks and Recreation Department, added two Communication Officers II to the Police Department in the Public Safety Sales Tax Fund, reclassified a part-time Maintenance Worker I to a full-time Maintenance Worker I in the Westwood Fund, and added 3 Sanitation Workers II to the Sanitation Fund.

FYE 24 to FYE 25 - Added 4 School Resource Officers to the Public Safety Sales Tax Fund, added a Field Operations Supervisor, 3 Program Coordinators, 3 part-time Recreation Technicians, 6 part-time Recreation Leaders, 3 part-time Lifeguard Technicians, and 12 part-time Lifeguard Leaders to the YFAC Fund, added a part-time custodian to the Water Fund, and added a Utility Supervisor to the Sanitation Fund. For FYE 25, added a Veterinary Technician to the Police Department, and added a Plant Operator D and a Distribution Worker I to the Water Fund.

Discussion of the Graph

This graph illustrates the staffing level for the City of Norman relative to the population over a ten-year period. In FYE 2025, the City will employ 953 permanent employees, which is three more positions than budgeted in FYE 2024. Ninety positions are related to the Public Safety Sales Tax that was approved by citizens of Norman to increase Police & Fire protection. At 953 personnel, the City is budgeting 104 more positions than in FY 2016, or an increase of 12.25%. In 2025, the City of Norman's population is projected to be 134,745, an increase of approximately 13.26% from 2016.

Note: The population figures used for the graph are estimates provided by the City of Norman Planning and Finance Departments

CITY OF NORMAN

Discussion of the Graph

This graph illustrates the distribution of positions by bargaining unit. In FY 2024-2025 the City will employ 953 budgeted full-time and permanent part-time employees. The largest number of personnel (403) are in the American Federation of State, County and Municipal Employees (AFSCME) union. There are a total of 261 Police Department personnel, of which 182 are members of the Fraternal Order of Police (FOP) union and 54 are AFSCME members. There are a total of 164 Fire Department personnel, of which 158 are members of the International Association of Fire Fighters (IAFF) union. Executive employees include the 12 department directors, the Assistant City Manager, and the City Manager of the City of Norman. There are 210 employees that are non-union members including the executive employees.

ASSESSED PROPERTY VALUATIONS 10 Year Comparison

Discussion of the Graph

Property taxes are utilized by cities in Oklahoma only for repayment of debt and for payment of court judgements against the City. These taxes are assessed on approximately 12% of the estimated actual value of real, personal and public service property. The assessed property valuations reflect the revaluation process as well as the growth factor in the City of Norman. The on-going revaluation process reflects the upswing in real estate values, which began in FYE 1993, and has continued.

* Real Valuations do not include the homestead exemption

CITY OF NORMAN

Discussion of the Graph

The City portion of actual property taxes levied in Norman in 2023 were 12.53 mills or \$16,246,845 which is 1% of the assessed property value in Norman. According to the Cleveland County Assessor, the median home value in the City of Norman is an estimated \$222,883.

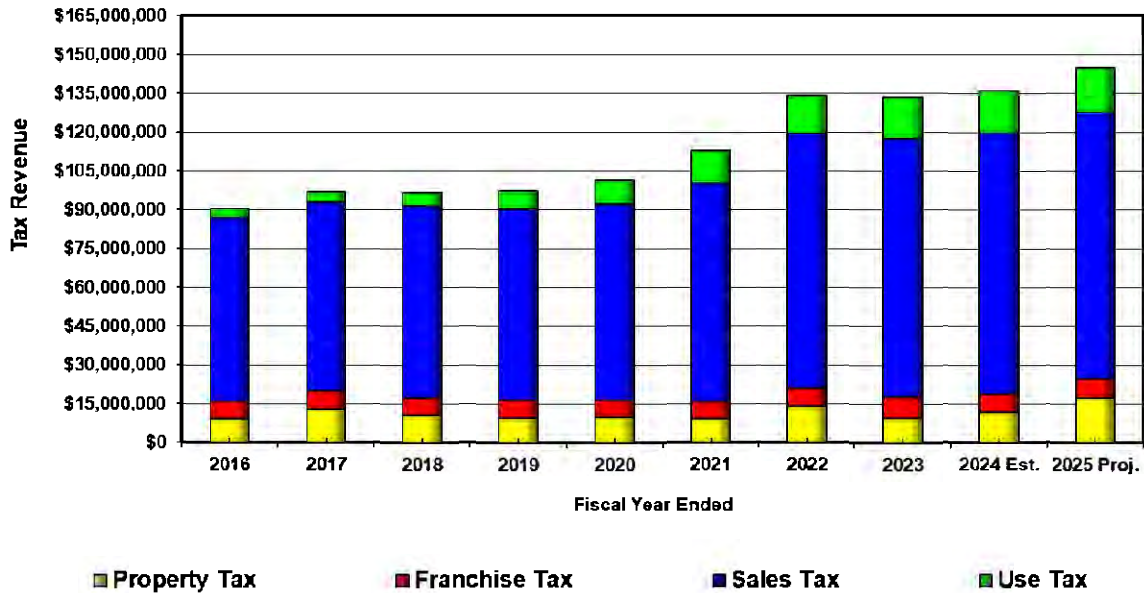

Discussion of the Graph

This graph represents new permits for construction of single family residential permit values for the ten-year period. Beginning in 2015, residential construction levels dropped and continued to drop in 2016. In 2017, residential construction began to increase and the average permit value jumped by about \$20,000 per unit from fiscal year 2017 to 2018. Fiscal year 2019 saw a slight decrease in single family construction from 2018. Norman’s permit count increased 56% from fiscal year 2019 to 2021, matching nation-wide growth trends for residential building permits that hit a 12-year high according to the U.S. Census Bureau. Permit counts and values started to return to normal levels in fiscal year 2022 but dropped in fiscal year 2023, possibly due to increased interest rates.

**PROPERTY, FRANCHISE, SALES & USE TAXES
10 Year Comparison**

Discussion of the Graph

These are the primary tax sources available to the City of Norman. The property tax is used to service bonded debt and court judgments (see graph of Assessed Property Valuations), while the sales, use and franchise taxes are used for General Fund operations and capital (see graphs of General Fund Revenue and Distribution of Sales Tax). Beginning in FYE 09, sales tax includes the Public Safety Sales Tax that was approved by voters on May 13th, 2008. On April 1, 2014, the citizens approved a permanent extension of the Public Safety Sales Tax. On October 13, 2015, the citizens approved a one half of one percent (.5%) sales tax for NORMAN FORWARD quality of life projects. This tax became effective January 1st of 2016. On November 12, 2019, the citizens approved a one eighth of one percent (0.125%) sales tax transfer from Cleveland County to the city for the operation of the city's public transit program, effective April 1, 2020. Sales tax performance is a good indicator of economic trends. Property tax collections indicate an increasing level of bonded indebtedness.

CITY OF NORMAN

Discussion of the Graph

The City of Norman has a 4.125% sales tax rate effective April 1, 2020, which is the primary source of revenue for General Fund operations and capital expenditures. 7/10 of one percent (0.7%) of sales tax revenue is used to finance general governmental capital needs. Sales tax revenues steadily increased from 2012 to 2017, remained relatively flat from 2017 to 2020, and saw significant growth again from 2020 to 2022. On May 13, 2008, Norman citizens approved a 1/2 percent (0.5%), 7-year, public safety sales tax dedicated to additional police and fire personnel and two new fire stations. On April 1, 2014, the citizens approved a permanent extension of that tax. In October of 2015, citizens approved a 1/2 percent (0.5%) new sales tax called NORMAN FORWARD Sales Tax. The NORMAN FORWARD initiative provides for funding for recreational, athletic, library, park and infrastructural improvements. On November 12, 2019, Norman citizens approved transferring 1/8 of one percent (0.125%) of sales tax from Cleveland County to the city to help fund the transit operation.

FYE 2025 Projected Figures:

Operations	\$ 56,283,247
Public Safety	\$ 12,928,778
Capital	\$ 17,512,533
NORMAN FORWARD	\$ 12,928,778
Transit	\$ 3,232,194
	\$ 102,885,530

CITY OF NORMAN

FYE 2025 ALL FUNDS PROJECTED TOTAL REVENUES
\$307,477,182

Discussion of the Graph

Budgeted revenues for FYE 2025 of \$307,477,182 are derived from several sources. General Sales Tax and User Fees & Charges provide the City the largest share of revenue. Fees & Charges include user fees for Sanitation, Water, Water Reclamation, Westwood Park, licenses and fees for other City services. The City of Norman is very reliant on sales tax collections for its operations. The "Other Taxes" portion includes the small percentage of property tax the City gets.

CITY OF NORMAN

FYE 2025 ALL FUNDS PROJECTED TOTAL EXPENDITURES
\$297,924,185

Discussion of the Graph

Budgeted expenditures for FYE 2025 of \$297,924,185 are derived from several uses. The largest non-capital portion is Public Safety at 22.6%. The City of Norman is known for being a safe community and the citizens place a high importance on public safety.

CITY OF NORMAN

Discussion of the Graph

The primary sources of General Fund revenues are sales and franchise taxes. Total taxes were 70% of total revenues in FYE 2016 and FYE 2024, and are projected to be 73% of total revenues in FYE 2025. Beginning in FYE 11, the Public Safety Sales Tax was accounted for in the Public Safety Sales Tax Fund and removed from the General Fund. Beginning in FYE 20, the University North Park sales tax apportionment was accounted for in the General Fund and the Capital Fund in the same proportion as all general sales taxes. The associated increase in General Fund tax revenues is illustrated on the chart above.

Discussion of the Graph

As shown by the graph, personnel costs represent the largest share of General Fund expenditures. Personnel costs represented approximately 72.5% of total General Fund expenditures in FYE 2016 and are projected to comprise about 68.6% of General Fund expenditures in FYE 2025. Beginning in FYE 2011, the Public Safety Sales Tax Fund was created and the associated expenses were taken out of the General Fund.

CITY OF NORMAN

FYE 2025 GENERAL FUND REVENUES BY SOURCE
\$108,486,122

Discussion of the Graph

Taxes comprise approximately 73% of the General Fund's revenue; sales and use tax represents 63.8% while franchise fees represent 6.8% and other taxes account for 2.3%. Cost allocations represent 5.6% of the General Fund's revenue. These allocations are charges for central services such as management, accounting and data processing provided by the General Fund to other funds such as Enterprise Funds. Transfers include charges to the utility funds (payments in lieu of franchise fees and property taxes), a transfer from the Capital Fund for reimbursement of street maintenance crew labor used for capital projects and financing General Fund capital equipment needs, and a transfer from the Debt Service Fund for judgments and claims against the City. Other revenues include miscellaneous revenues such as animal adoption fees, weed abatement fees, returned check fees, etc.

FYE 2025 GENERAL FUND EXPENDITURES BY DEPARTMENT
\$108,316,271

Discussion of the Graph

The largest departmental expenditure from the General Fund is the Police Department. The Police Department's expenditures total \$31,232,692 or 29% of total General Fund expenditures. Public Works has the next highest amount of General Fund expenditures, accounting for 20% of total General Fund expenditures. Public Safety (Police and Fire) and Public Works account for 68% of General Fund expenditures.

**WATER FUND OPERATIONS
10 YEAR COMPARISON**

Discussion of the Graph

The Water Enterprise Fund is accounted for as a separate fund and as such bears its proportionate share of administrative cost allocations and internal service charges. Revenues and expenditures shown in this graph represent operations only. Any excess of operating revenues is used for capital outlay and capital project expenses, as well as to fund debt service. The significant increase in revenue in 2025 is due to a water rate increase that was approved by the citizens on June 13, 2023.

WATER RECLAMATION FUND OPERATIONS
10 Year Comparison

Discussion of the Graph

The Water Reclamation Enterprise Fund is accounted for as a separate fund and as such bears its proportionate share of administrative cost allocations and internal service charges. Revenues and expenditures shown in this graph represent operations only. The excess of operating revenues is used for capital outlay and capital project expenses, as well as to fund debt service. The last water reclamation rate increase was approved by the citizens on November, 12, 2013.

Discussion of the Graph

The Sanitation Enterprise Fund is accounted for as a separate fund and as such bears its proportionate share of administrative cost allocations and internal service charges. Revenues and expenditures shown in this graph represent operations only. The excess of operating revenues are used for capital outlay and capital project expenses. The last service rate increase was approved by voters on March 1, 2011.

Explanation of Significant Changes

Special Grants	-65% decrease due to VOCA grant received in FYE 24
Seizures and Restitutions	-100% decrease due to budgeted vehicle replacements in FYE 24
Water	28% increase due to an increase in capital projects
Water Reclamation	39% increase due to an increase in capital projects
Sewer Maintenance	106% increase due to an increase in capital projects
New Development Excise	-51% decrease due to a decrease in capital projects
Norman Forward	-29% decrease due to a decrease in capital projects
General Debt Service	47% increase due to an increase in debt service payments for the 2023 Bridge Maintenance Bond

FINANCIAL POLICIES

FINANCIAL POLICIES

Several financial policies have been used in the development of the Fiscal Year Ending 2025 (FYE 25) Budget and five-year forecast. The applications of the policies vary given the type of Fund. The “Budget Highlights” section identifies the specific application of each policy, if it applies to that particular fund. The financial policies that have been applied to various funds are documented below.

Balanced Budget

The City shall annually adopt a balanced budget in accordance with the Oklahoma Municipal Act (Title 11 Oklahoma Statutes 2006). As such, expenditures may not legally exceed appropriations at the Fund level for each legally adopted annual operating budget (i.e., a fund balance cannot be negative).

Five Year Forecast

Five-year forecasts of resources and the utilization of those resources have been prepared for all Funds of the City for the purpose of projecting existing conditions into the future to determine future financial viability, to identify financial strengths and weaknesses and to provide a base for remedial or supportive financial policy actions. The City legally adopts a budget for a one-year period; five-year forecasts are prepared for financial planning purposes. Based on these actions and other factors, actual financial performance in future years will vary from that projected here.

Reasonable Cost of Service

For purposes of projecting existing costs into the future it has been assumed that existing costs are reasonable given existing service levels.

Reserve Policies

Operating Reserve

In fiscal year 2011, Council directed staff to prepare a formal policy in Ordinance form codifying the City’s reserve policies and complying with Governmental Accounting Standards Board Statement # 54. Direction was given to establish a separate “Rainy Day Fund” which could not be used except in unusual circumstances. The Ordinance (effective July 28, 2011) establishes a Net Revenue Stabilization or “Rainy Day” Fund, which would have minimum fund balance of three percent (3%) of annual budgeted General Fund expenses, a target fund balance of four and a half percent (4.5%) of General Fund expenses and a maximum fund balance of six percent (6%) of annual General fund expenses. The Ordinance also requires a minimum General Fund Operating Reserve fund balance of three percent (3%) of General Fund expenses and would require that the two percent (2%) Emergency Reserve allocation be included in future year budgets. Under the Ordinance, Net Revenue Stabilization Fund balance could only be appropriated for expenditure by the City Council if at least one of three circumstances is met:

- 1.) The General Fund Operating Reserve fund balance is projected to fall below one percent (1%) of budgeted expenditures.

- 2.) A natural or man-made disaster has occurred; AND the City of Norman has spent or obligated to spend the two percent Emergency Reserve account in the General Fund
- 3.) A major one-time or capital expenditure has been necessitated, such as for major repairs to or replacement of City of Norman facilities.

Ordinance O-1819-10, approved by the Council in fiscal year ending 2019, reduced the budgeted Emergency Reserve allocation requirement from 2% to 1% in each future budget year. Once the 3% Operating Reserve and the 1% Emergency Reserve have been met, this Ordinance also increases the “Rainy Day Fund” minimum balance to 4% and maximum balance to 7% of annual budgeted General Fund expenses. The new targeted balance set by this Ordinance is 5% of annual budgeted General Fund expenses.

Capital Reserve

A portion of fund balance equal to the average of the forecasted capital expenditures during the five-year forecasted period has been reserved in each fiscal year budget to provide assurance that resources are available to provide for the normal replacement of depreciable assets.

Debt Reserve

A portion of fund balance equal to the average annual debt service requirement has been reserved to provide assurance that resources are available to meet each fiscal year’s debt service payment. This policy may be superseded by requirements of bond covenants or the absence of outstanding debt.

Investment Policy

Policy:

It is the policy of the City of Norman to invest all public funds in a manner which will provide the maximum security of principal, while meeting the daily cash flow demands of the City, conforming to all state and local statutes governing the investment of public funds, and providing the highest practical investment return within these guidelines.

Diversification:

The City of Norman will diversify its investments by institution. With the exception of U.S. Treasury and agency securities and authorized pools, no more than 50% of the entity's total investment portfolio will be placed through a single financial institution.

Maximum Maturities:

To the extent possible, the City of Norman will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City of Norman will not directly invest in securities maturing more than ten years from the date of purchase.

Internal Control:

The City Finance Director shall establish an annual process of independent review by an external auditor. The review will provide internal control by assuring compliance with policies and procedures.

Performance Standards:

The investment portfolio will be designed to obtain a market average rate of return during budgetary and economic cycles, taking into account the City of Norman's investment risk constraints and cash flow needs.

Reporting:

The City Finance Director shall provide the City Council with a monthly investment activity report within fifteen days of the closing of financial transactions for the month for which the report is made. The report shall include a listing of the investment transactions made and the amounts therefor; interest earned on each investment within the month; current investment and maturity schedules; and overall performance compared to previous years and market benchmarks.

Debt Policy

The Debt Policy for the City of Norman is established to help ensure that all debt is issued both prudently and cost effectively. The Constitution of the State of Oklahoma, Article X, Sections 26-28 allow the indebtedness of a city for the purpose of financing the purchase, construction, or improvement of any public utility or combination of public utilities which shall be owned exclusively by such city.

The City of Norman, with differing levels of approval (majority voter approval for some, 60% voter approval for some, Council approval for some), may legally issue debt using any of the debt instruments below:

- Unlimited Tax General Obligation Bonds
- Limited Tax General Obligation Bonds
- Revenue Bonds
- Certificates of Participation (COPs)
- Special Assessment District Bonds
- Tax Increment Finance District Bonds
- Revenue Anticipation Notes
- Bond Anticipation Notes
- Tax Anticipation Notes
- Short Term Debt
- Local Option Capital Asset Lending (LOCAL) Program Debt

The City of Norman's 2023 legal debt limit is approximately \$129,664, based on Section 26 of the Oklahoma Constitution. It states that bonds issued for road and/or bridge improvements cannot exceed ten percent (10%) of the net assessed valuation (gross valuation minus homestead) of

the City. This limit can be raised by a vote of the people. There is no real legal debt limit; the practical limit is based on what the voters would consider an appropriate level of property tax-backed debt.

The City maintained an "Aa2" rating from Moody's for those general obligation debt issues that are rated by the service. The Norman Utility Authority maintained an "Aa3" rating from Moody's for those debt issues that they rate.

Levelized Rates

Utility rates should be set at a level to meet the average net income requirement over a five-year period without the need for interim adjustments and to meet all reserve requirements at the end of the five-year period.

Utility Transfer to General Fund

The amount of transfer from the Water and Water Reclamation Funds in support of the General Fund is based on a policy that provides continuity in all three funds. A transfer equal to 5% of the operating revenue in each utility would return to the General Fund an amount consistent with what public utilities provide in franchise fees and property taxes. This transfer was increased in FYE 11 from 2%.

Municipal Budget Act

The City of Norman adopted the "Municipal Budget Act," a provision of State Statute, by Resolution R-7980-28 dated January 22, 1980. A copy of the Municipal Budget Act is found in this section of the document.

BUDGET CALENDAR
Fiscal Year Ending 2025

September	21 Finance Committee meeting to discuss budget process for FYE 2025
November	13 Fleet Ranking Committee reviews vehicle replacements 21 Council Work Session on Capital Budget to identify Council priorities 24 I.T. critical computer replacement list due

June	4 Council Study Session (if necessary) 11 Council considers budget for adoption 21 Final Budget to Print Shop for printing/binding 28 File budget with Excise Board & State Auditor
July	1 Beginning of Fiscal Year Ending 2025

THE BUDGET AND ACCOUNTING PROCESS

The City of Norman, Oklahoma, is a municipal corporation incorporated under a Municipal Charter pursuant to Article XVIII, of the Constitution and laws of the State of Oklahoma. The City operates under a Council-Manager form of government and provides such services as are authorized by its Charter to advance the welfare, health, morals, comfort, safety and convenience of the City and its inhabitants.

The City's major activities or functions include police and fire protection, parks and libraries, public health and social services, planning and zoning and general administrative services. In addition, the City owns and operates five major enterprise activities - the Water, Water Reclamation and Sanitation utility systems, and the Westwood Park and Young Family Athletic complexes. This budget includes the fund and account groups required to account for those activities, organizations and functions that are related to the City and controlled by or dependent upon the City's governing body, the City Council.

THE BUDGET PROCESS

The City prepares its annual operating budget on a basis (Budget basis) which differs from Generally Accepted Accounting Principles (GAAP basis). The major difference between GAAP and Budget basis is that encumbrances are recorded as reservations of fund balance on a GAAP basis as opposed to the equivalent of expenditures (Budget basis) in all governmental funds.

The City of Norman uses modified zero-based budgeting to develop the annual operating budget. This approach requires City Departments to present a basic budget and supplements to the basic budget, which represents program additions or enhancements. The City Council adheres to the following procedures in establishing the budget:

1. Under the City Charter, the City Manager is responsible for preparing and recommending an operating budget for City Council consideration. The City Manager, working with staff in all Departments, reviews and evaluates all basic budgets and supplemental requests to determine whether they fulfill City Council goals and objectives, improve management effectiveness, or increase productivity. The proposed budget, which the City Manager submits to the City Council, includes recommendations of the program of services, which the City should provide, and which can be financed by the City's projected revenue for the budget year. The Manager must submit a balanced budget for the next fiscal year not later than 30 days prior to the end of the current fiscal year.
2. The City Council considers the Manager's recommended budget in a series of work sessions and in public hearings at which citizen comment is invited. Citizens are encouraged to participate in the budget process. A copy of the proposed budget and the adopted budget are filed in the City Clerk's office and the Norman Public Library. Additional or supplemental information is available upon request.
3. The budget for the next fiscal year is legally enacted by the City Council through passage of an ordinance not later than seven days before the beginning of the new budget year.
4. Expenditures may not legally exceed appropriations at the Fund level for each legally adopted

annual operating budget. The City Manager, without Council approval, may transfer appropriation balances from one expenditure account to another within a Fund/Department of the City. The City Council, however, must approve any transfer of unencumbered appropriation balance or portions thereof from one Fund to another.

5. Annual budgets are legally adopted for all governmental funds. Budgets for the Debt Service Funds are adopted on a basis consistent with Generally Accepted Accounting Principles. The expendable trust fund includes non-budgeted financial activities, which are not subject to an appropriated budget and the appropriation process nor to any legally authorized non-appropriated budget review and approval process.
6. At the close of each fiscal year, any unencumbered appropriation balance lapses or reverts to the undesignated fund balance.

THE ACCOUNTING PROCESS

The accounting and reporting policies of the City conform to Generally Accepted Accounting Principles (“GAAP”) applicable to state and local governments. Generally Accepted Accounting Principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (“GASB”), which includes all statements and interpretations of the National Council on Governmental Accounting unless modified by the GASB, and those principles prescribed by the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units. The following is a summary of the more significant policies and practices used by the City.

BASIS OF PRESENTATION

The accounts of the City are organized and operated on the basis of funds or account groups, each of which is considered to be a separate fiscal and accounting entity. The operations of each fund are accounted for with a self-balancing set of accounts that comprise its assets, liabilities, fund balances or retained earnings, revenues and expenditures or expenses. The various funds are grouped by category and type. The City maintains the following fund classifications and account groups:

CITY OF NORMAN FUNDS

All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are used to account for the relatively liquid portion of the City’s assets that are not accounted for through proprietary or fiduciary funds, the short-term obligations pertaining thereto and the net balance of these financial resources available for subsequent appropriation and expenditure.

General Fund - The General Fund is the general operating fund of the City. This fund is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts or major capital projects) that

CITY OF NORMAN

are legally restricted to expenditures for specific purposes.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs.

Capital Project Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). They are presented in a separate document.

PROPRIETARY FUNDS

Proprietary Funds are those used to account for the City's ongoing organizations and activities which are similar to those found in the private sector. The measurement focus is upon capital maintenance and upon determination of net income, financial position and changes in financial position.

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises wherein the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Internal Service Funds – Internal Service Funds are used to allocate certain costs (e.g. Risk Management/Insurance) to other funds within the government.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for other governmental units and/or other funds. Trust and Agency Funds include expendable trust and payroll agency funds. (Not presented in this document).

BASIS OF ACCOUNTING

Basis of accounting refers to the time at which revenues and expenditures or expenses are recognized in the accounts and reported. Governmental funds, expendable trust funds, and agency funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets. Available means collectible within the current period or expected to be collected within 60 days after year end and be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include unmatured principal and interest on general long-term obligations which are recognized when due. This exception is in conformity with Generally Accepted Accounting Principles.

Property tax revenues and sales tax receipts are considered measurable and available when collected and recognized as revenue at that time. Licenses and permits, fines and forfeits, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded on the accrual basis in all funds.

Intergovernmental revenues are recorded on a basis applicable to the legal and contractual requirements of the various individual grant programs.

All proprietary funds are accounted for using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recorded in the accounting period incurred, if measurable.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities since the commitments will be honored during the subsequent year. For budgetary purposes, encumbrances outstanding at year end and the related appropriation are carried forward to the new fiscal year. Encumbrances constitute the equivalent of expenditures for budgetary purposes.

MUNICIPAL BUDGET ACT
(Title 11 Oklahoma Statutes 2006)

SECTION 17-201. MUNICIPAL BUDGET ACT.

This act may be cited as the “Municipal Budget Act.”

SECTION 17-202. PURPOSE OF ACT.

The purpose of this act is to provide an alternate budget procedure for municipal governments, which will:

1. Establish standard and sound fiscal procedures for the adoption and administration of budgets;
2. Make available to the public and investors sufficient information as to the financial conditions, requirements and expectations of the municipal government; and
3. Assist municipal governments to improve and implement generally accepted standards of finance management.

SECTION 17-203. APPLICATION OF ACT

This act shall apply to any incorporated city or town which, by resolution of the governing body, opts to come under and comply with all its provisions and requirements. Once a municipality has selected the Municipal Budget Act to govern its budget procedures, the provisions of this act shall take precedence over any other state laws applicable to municipal budgets, except as may be provided otherwise in this act, and supersede any conflicting laws. Any action of a municipal governing body to implement, rescind or repeal the application of the Municipal Budget Act shall be effective as of the beginning or end of a budget year pursuant to this act.

SECTION 17-204. DEFINITIONS

As used in this act:

1. “Account” means an entity for recording specific revenues or expenditures, or for grouping related or similar classes of revenues and expenditures and recording them within a fund or department;
2. “Appropriated fund balance” means any fund balance appropriated for a fund for the budget year;
3. “Appropriation” means an authorization to expend or encumber income and revenue provided for a purpose;
4. “Budget” means a plan of financial operations for a fiscal year, including an estimate of proposed expenditures for given purposes and the proposed means for financing them;
5. “Budget summary” means a tabular listing of revenues by source and expenditures by purpose for the budget year;

CITY OF NORMAN

6. “Budget year” means the fiscal year for which a budget is prepared or being prepared;
7. “Chief executive officer” means the mayor of an aldermanic city or a strong-mayor-council city, the mayor of a town, or the city manager or chief administrative officer as it may be defined by applicable law, charter or ordinance;
8. “Current year” means the year in which the budget is prepared and adopted, or the fiscal year immediately preceding the budget year;
9. “Deficit” means the excess of a fund’s current liabilities and encumbrances over its current financial assets as reflected by its books of account;
10. “Department” means a functional unit within a fund which carries on a specific activity, such as a fire department or a police department within a general fund;
11. “Estimated revenue” means the amount of revenues estimated to be received during the budget year;
12. “Fiscal year” means the annual period for reporting fiscal operations which begins and ends on dates as the Legislature provides or as provided by law;
13. “Fund” means an independent fiscal and accounting entity with a self-balancing set of accounts to record cash and other financial resources, together with all liabilities, which are segregated for the purpose of carrying on specific activities or attaining certain objectives;
14. “Fund balance” means the excess of a fund’s current financial assets over its current liabilities and encumbrances, as reflected by its books of account;
15. “Governing body” means the city council of a city, the board of trustees of a town, or the legislative body of a municipality as it may be defined by applicable law or charter provision;
16. “Immediate prior fiscal year” means the year preceding the current year;
17. “Income and revenue provided” means the amount estimated or actual income and revenue appropriated by the governing body of the municipality;
18. “Levy” means to impose ad valorem taxes or the total amount of ad valorem taxes for a purpose or entity;
19. “Operating reserve” means that portion of the fund balance of the municipality which has not been appropriated in a budget year for another purpose;
20. “Municipality” means any incorporated city or town; and
21. “Purpose” means the specific budget item for a contract or claim.

SECTION 17-205. ANNUAL BUDGET - PREPARATION AND SUBMISSION - ASSISTANCE OF OFFICERS, EMPLOYEES AND DEPARTMENTS

At least thirty (30) days prior to the beginning of each fiscal year, a budget for the municipality shall be prepared by the chief executive officer and submitted to the governing body. The chief executive officer may require any other officer or employee who is charged with the management or control of any department or office of the municipality to furnish estimates for the fiscal year covering estimated revenues and expenditures of the department or office on or before a date set by the chief executive officer.

SECTION 17-206. REQUIREMENTS AND CONTENTS OF BUDGET

- A. The municipal budget shall present a complete financial plan for the municipality and shall present information necessary and proper to disclose the financial position and condition of the municipality and the revenues and expenditures thereof.
- B. Unless the budget is prepared in accordance with the subsection E of this section, the budget shall contain the following contents:
 - 1. The budget shall contain a budget summary;
 - 2. It shall also be accompanied by a budget message, which shall explain the budget and describe its important features;
 - 3. The budget format shall be as provided by the governing body in consultation with the chief executive officer; and
 - 4. It shall contain at least the following in tabular form for each fund, itemized by department and account within each fund:
 - a. actual reserves and expenditures for the immediate prior fiscal year,
 - b. revenues and expenditures for the current fiscal year as shown by the budget for the current year as adopted or amended, and
 - c. estimates of revenues and expenditures for the budget year.
- C. The estimate of revenues for any budget year shall include probable income by source which the municipality is legally empowered to collect or receive at the time the budget is adopted. The estimate shall be based on a review and analysis of past and anticipated revenues of the municipality. Any portion of the budget of revenues to be derived from ad valorem property taxation shall not exceed the amount of tax which is available for appropriation, as finally determined by the county excise board, or which can or must be raised as required by law. The budget of expenditures for each fund shall not exceed the estimated revenues for each fund. No more than ten percent (10%) of the total budget for any fund may be budgeted for miscellaneous purposes. Included in the budget of revenues or expenditures for any fund may be amounts transferred from or to another fund. Any such interfund transfer must be shown as a disbursement from the one fund and as a receipt to the other fund.

- D. Encumbrances for funds whose sole purpose is to account for grants and capital projects and/or any unexpended appropriation balances may be considered nonfiscal and excluded from the budget by the governing body, but shall be re-appropriated to the same funds, accounts and for the same purposes for the successive fiscal year, unless the grant, project or purpose is designated or declared closed or completed by the governing body.
- E. As an alternative to the budget format and content described in subsections B, C, and D of this section, the municipality may prepare its budget in a program or purpose format for the municipality as a whole without regard to fund accounting. Such budget shall be subject to all other requirements of the Municipal Budget Act, except those requirements specifically related to fund accounting.

SECTION 17-207. MONIES RECEIVED AND EXPENDED MUST BE ACCOUNTED FOR BY FUND OR ACCOUNT

Any monies received or expended by a municipality must be accounted for by fund and account, regardless of the format of the budget. Each municipality shall adopt an appropriation for the general fund and for all other funds established by the governing body pursuant to the provisions of Section 17-212 of this title, or as an alternative, for each purpose as established by the governing body. The municipal governing body shall determine the needs of the municipality for sinking fund purposes, pursuant to the provisions of Section 431 of Title 62 of the Oklahoma Statutes, Section 3017 of Title 68 of the Oklahoma Statutes, and Section 28 of Article 10 of the Oklahoma Constitution, and include these requirements in the debt service budget for the budget year.

SECTION 17-208. PUBLIC HEARING ON PROPOSED BUDGET - NOTICE - COPIES OF PROPOSED BUDGET

The municipal governing body shall hold a public hearing on the proposed budget no later than fifteen (15) days prior to the beginning of the budget year. Notice of the date, time and place of the hearing, together with the proposed budget summary, shall be published in a newspaper of general circulation in the municipality not less than five (5) days before the date of the hearing. The municipal clerk shall make available a sufficient number of copies of the proposed budget as the governing body shall determine and have them available for review or for distribution or sale at the office of the municipal clerk. Whenever the total operating budget, not including debt service, does not exceed Twelve Thousand Dollars (\$12,000.00) per year, the proposed budget summary and notice may be posted at the governing body's principal headquarters in lieu of publication in a newspaper. At the public hearing on the budget any person may present to the governing body comments, recommendations or information on any part of the proposed budget.

SECTION 17-209. ADOPTION OF BUDGET - FILING - EFFECTIVE PERIOD - USE OF APPROPRIATED FUNDS - LEVYING TAX

- A. After the hearing and at least seven (7) days prior to the beginning of the budget year, the governing body shall adopt the budget by resolution, or as any charter may require. The governing body may add or increase items or delete or decrease the items in the budget. In all cases the appropriations shall not exceed the income and revenue provided by the governing body from estimated revenues and appropriated fund balance.

- B. The adopted budget shall be transmitted to the State Auditor and Inspector within thirty (30) days after the beginning of the fiscal year of the municipality and one copy shall be kept on file in the office of the municipal clerk. A copy of the municipality's sinking fund requirements shall be filed with the excise board of the county or counties in which the municipality is located.
- C. The adopted budget shall be in effect on and after the first day of the fiscal year to which it applies. The budget as adopted and filed with the State Auditor and Inspector shall constitute an appropriation for each purpose as defined by the governing body, and the appropriation thus made shall not be used for any other purpose except as provided by law.
- D. At the time required by law, the county excise board shall levy the taxes necessary for the municipality's sinking fund for the budget year pursuant to Section 431 of Title 62 of the Oklahoma Statutes.

SECTION 17-210. PROTESTS - FAILURE TO PROTEST - EXAMINATION OF FILED BUDGET

Within fifteen (15) days after the filing of any municipal budget with the State Auditor and Inspector, any taxpayer may file protests against any levy of ad valorem taxes for creating sinking funds in the manner provided by this section and Sections 24104 through 24111 of Title 68 of the Oklahoma Statutes. The fifteen-day protest period begins upon the date the budget is received in the Office of the State Auditor and Inspector. After receipt of a taxpayer protest, the State Auditor and Inspector shall transmit by certified mail one copy of each protest to the municipal clerk, and one copy of each protest to the county treasurer and the excise board of each county in which the municipality is located. The taxpayer shall specify the grounds upon which the protest is based. Any protest filed by any taxpayer shall inure to the benefit of all taxpayers. Provided, the provisions of this section shall not delay any budget expenditures of a municipality if the amount of revenue from the ad valorem tax levy which is deposited in the municipal general fund is less than five percent (5%) of the total revenue accruing to the municipal general fund during the prior year. If no protest is filed by any taxpayer within the fifteen-day period, the budget and any appropriations thereof shall be deemed legal and final until amended by the governing body or the county excise board as authorized by law. Taxpayers shall have the right at all reasonable times to examine the budget on file with the municipal clerk or the State Auditor and Inspector for the purpose of filing protests in accordance with this section and Sections 24104 through 24111 of Title 68.

SECTION 17-211. EXPENDITURE OR ENCUMBRANCE OF FUNDS - BALANCES TO BE CARRIED FORWARD - UNLAWFUL ACTS AND LIABILITY THEREFORE

- A. No expenditure may be incurred or made by any officer or employee, which exceeds the fund balance for any fund. Any fund balance remaining in a fund at the end of the fiscal year shall be carried forward to the credit of the fund for the next fiscal year. No expenditure may be authorized or made by any officer or employee, which exceeds the appropriation of any fund.
- B. It shall be unlawful for any officer or employee of the municipality in any budget year:

1. To create or authorize creation of a deficit in any fund; or
 2. To authorize, make or incur expenditures in excess of ninety percent (90%) of the appropriation for any fund or the budget as adopted or amended until revenues received, including the prior fiscal year's fund balance carried forward, totals an amount equal to at least ninety percent (90%) of the appropriation for the fund. Expenditures may then be made and authorized so long as any expenditure does not exceed any fund balance.
- C. Any obligation that is contracted or authorized by any officer or employee in violation of this act shall become the obligation of the officer or employee himself and shall not be valid or enforceable against the municipality. Any officer or employee who violates this act shall forfeit his office or position and shall be subject to such civil and criminal punishments as are provided by law. Any obligation, authorization for expenditure or expenditure made in violation of this act shall be illegal and void.

SECTION 17-212. FUNDS - ESTABLISHMENT - KINDS

A municipality shall establish funds consistent with legal and operating requirements. Each municipality shall maintain according to its own needs some or all of the following funds or ledgers in its system of accounts:

1. A general fund, to account for all monies received and disbursed for general municipal government purposes, including all assets, liabilities, reserves, fund balances, revenues and expenditures which are not accounted for in any other fund or special ledger account. All monies received by the municipality under the motor fuel tax or under the motor vehicle license and registration tax and earmarked for the street and alley fund may be deposited in the general fund and accounted for as a "street and alley account" within the general fund. Expenditures from this account shall be made as earmarked and provided by law. All references to the street and alley fund or to the special fund earmarked for state-shared gasoline and motor vehicle taxes may mean the street and alley account provided in this section;
2. Special revenue funds, as required, to account for the proceeds of specific revenue sources that are restricted by law to expenditures for specified purposes;
3. Debt service fund, which shall include the municipal sinking fund, established to account for the retirement of general obligation bonds or other long term debt and payment of interest thereon and judgments as provided by law. Any monies pledged to service general obligation bonds or other long-term debt must be deposited in the debt service fund;
4. Capital project funds, to account for financial resources segregated for acquisition, construction or other improvement related to capital facilities other than those accounted for in enterprise funds and non-expendable trust funds;
5. Enterprise funds, to account for each utility or enterprise or other service, other than those operated as a department of the general fund, where the costs are financed primarily through user charges or where there is a periodic need to determine revenues earned, expenses incurred or net income for a service or program.

6. Trust agency funds, to account for assets held by the municipality as trustee or agent for individuals, private organizations or other governmental units or purposes, such as a retirement fund or a cemetery perpetual care fund;
7. Special assessment funds, to account for the financing of public improvements or services deemed to benefit properties against which special assessments are levied; a separate fund for each special improvement district established by the governing body shall be established, each of which shall be known as a special assessment fund;
8. Internal service funds, to account for the financing of goods or services provided by one department or agency of the municipality to another department or agency, or to another government, on a cost reimbursement basis;
9. A ledger or group of accounts in which to record the details relating to the general fixed assets of the municipality;
10. A ledger or group of accounts in which to record the details relating to the general bonds or other long term debt of the municipality; or
11. Such other funds or ledgers as may be established by the governing body.

SECTION 17-213. FUNDS - CLASSIFICATION OF REVENUES AND EXPENDITURES

Each fund shall be made up of accounts for classifying revenues and expenditures. Revenues shall be classified separately by source. Expenditures shall be departmentalized within each fund and shall be classified into at least the following accounts:

1. Personal services, which may include expenses for salaries, wages, per diem or other compensation, fees, allowances or reimbursement for travel expenses, and related employee benefits, paid to any officer or employee for services rendered or for employment. Employee benefits may include employer contributions to a retirement system, insurance, sick leave, terminal pay or similar benefits;
2. Materials and supplies, which may include articles and commodities which are consumed or materially altered when used, such as office supplies, operating supplies and repair and maintenance supplies, and all items of expense to any person, firm or corporation rendering service in connection with repair, sale or trade of such articles or commodities;
3. Other services and charges, which may include all current expenses other than those listed in paragraphs 1, 2, 4, 5 or 6 in this section, such as services or charges for communications, transportation, advertising, printing or binding, insurance, public utility services, repairs and maintenance, rentals, miscellaneous items and all items of expenses to any person, firm or corporation rendering such services;
4. Capital outlays, which may include outlays which result in acquisition of or additions to fixed assets which are purchased by the municipality, including machinery and equipment, furniture, land, buildings, improvements other than buildings, and all construction, reconstruction, appurtenances or improvements to real property accomplished according to the conditions of contract;

5. Debt service, which may include outlays in the form of debt principal payments, periodic interest payments, or related service charges for benefits received in part in prior fiscal periods as well as in current and future fiscal periods; and
6. Fund transfers, which may include permanent transfers of resources from one fund to another.

SECTION 17-214. FUNDS - OPERATING RESERVE

A municipality may create an operating reserve for the purpose of providing a fund or reserve out of which to meet emergency expenditures.

SECTION 17-215. TRANSFER OF UNEXPENDED OR UNENCUMBERED APPROPRIATION - LIMITATIONS ON ENCUMBRANCES OR EXPENDITURES

- A. The chief executive officer, or designee, as authorized by the governing body, may transfer any unexpended and unencumbered appropriation or any portion thereof from one purpose to another; except that no appropriation for debt service or other appropriation required by law or ordinance may be reduced below the minimums required.
- B. Any fund balance in an unrestricted fund of the municipality may be transferred to another fund of the municipality as authorized by the governing body. Other interfund transfers may be made only as adopted or amended according to Section 17-206 or 17-216 of this title.
- C. Whenever the necessity for maintaining any fund of a municipality has ceased to exist and a balance remains in the fund, the governing body may authorize the transfer of the balance to the general fund or any other designated fund, unless otherwise provided by law.
- D. No encumbrance or expenditure may be authorized or made by any officer or employee, which exceeds the available appropriation for each purpose as defined by the governing body.

SECTION 17-216. SUPPLEMENTAL APPROPRIATIONS TO FUNDS - AMENDMENT OF BUDGET

- A. The governing body may amend the budget to make supplemental appropriations to any purpose up to the amount of additional income and revenues, which are available and provided for current expenditures due to:
 1. Revenues received or to be received from sources not anticipated in the budget for that year;
 2. Revenues received or to be received from anticipated sources but in excess of the budget estimates therefore; or
 3. Unexpended and unencumbered fund balances on hand at the end of the preceding fiscal year, which had not been anticipated or appropriated in the budget. Any appropriation authorizing the creating of indebtedness shall be governed by the applicable provisions of Section 26 of Article 10 of the Oklahoma Constitution.

- B. If at any time during the budget year it appears probable that revenues available will be insufficient to meet the amount appropriated, or that due to unforeseen emergencies there is temporarily insufficient money to meet the requirements of appropriation, the governing body shall take action as it deems necessary. For that purpose, it may amend the budget to reduce one or more appropriations or it may amend the budget to transfer money from one purpose to another purpose, but no appropriation for debt service may be reduced and no appropriation may be reduced by more than the amount of the unencumbered and unexpended balance thereof. No transfer shall be made from the debt service fund to any other fund except as may be permitted by the terms of the bond issue or applicable law.
- C. A budget amendment as provided in this section authorizing supplemental appropriations or a decrease in the total appropriation of funds shall be adopted at a meeting of the governing body and filed with the municipal clerk and the State Auditor and Inspector.

SECTION 3002 – AUDITS (Title 68 Oklahoma Statutes 2001)

- A. (Also pertains to counties and school districts).
- B. Each municipality that does not prepare an annual audit pursuant to Section 17-105 of Title 11 of the Oklahoma Statutes shall make a financial statement as required by this section. Such municipality shall adopt a budget, which shall contain estimates of expenditures and revenues, including probable income by source, for the budget year; provided, that all municipalities may use estimated fund balances if final certified fund balances are not available. The budget shall be in a format similar to the estimate of needs or, at the municipality's discretion, to Sections 17-207 and 17-212 through 17-214 of Title 11 of the Oklahoma Statutes. This section shall not apply to any municipality that has opted to prepare a budget pursuant to the Municipal Budget Act.
- C. Each budget and each financial statement and estimate of needs for each county, city, incorporated town, or school district, as prepared in accordance with this section, shall be published in one issue in some legally qualified newspaper published in such political subdivision. If there be no such newspaper published in such political subdivision, such statement and estimate shall be so published in some legally qualified newspaper of general circulation therein; and such publication shall be made, in each instance, by the board or authority making the estimate.
- D. The financial statements and estimates of all counties shall be filed with the county excise board on or before August 17 of each year; and the financial statements and budgets of all incorporated towns shall be filed with the county excise board on or before August 22 of each year; and the financial statements and budgets of all cities shall be filed with the county excise board on or before August 27 of each year; and the financial statements and estimates of all school districts shall be filed with the county excise board on or before September 1 of each year. Said financial statements and estimates shall have attached thereto an affidavit showing the publication thereof as required herein, or they may be filed and the said affidavit attached thereto at any time within five (5) days after the filing thereof.

NORMAN IMPLEMENTATION OF MUNICIPAL BUDGET STATUTES

The City of Norman and its related Trusts and Authorities have been in full compliance with Generally Accepted Accounting Principles and the Oklahoma Municipal Budget Act since 1988. Some of the defined terms in Section 17-204 and 17-213 of the Municipal Budget Act are further explained as follows:

“Municipality” is The City of Norman and **“Governing Body”** is the City Council;

“Budget Year” and **“Fiscal Year”** is July 1 through June 30;

“Chief Executive Officer” is the City Manager;

“Personal Services” category expenditures are **“Salaries and Benefit”** category expenditures. These expenditures are generally for payments directly to full and part-time employees of the City, including contributions to retirement and pensions, social security, health insurance, uniform allowances and related expenses.

“Materials and Supplies” category expenditures are generally for consumable goods that are used (or “materially altered” when used) by City employees to provide services to the public and/or our customers (e.g., purchases of pencils, oil filters, chlorine).

“Other Services and Charges” category expenditures are **“Services and Maintenance”** category expenses, generally for services provided to the City of Norman by outside vendors (e.g., hiring Xerox to fix a City copier; hiring a Spanish interpreter, etc.).

“Internal Service” category expenditures are similar to **“Services and Maintenance”** category expenditures, except that the “vendor” that is providing the services to the City of Norman is another City department. Internal Service “vendors” of the City include the Fleet Management Division (providing centralized fueling and vehicle repair), the Facilities Management Division (providing centralized building repair, custodial and maintenance), the Office Services Division (providing centralized printing and mailing services) and the Risk Management Division (providing worker’s compensation, health insurance and property casualty services).

FINANCIAL SUMMARIES

**GENERAL FUND
BUDGET
HIGHLIGHTS**

Background

The General Fund is used to account for resources that are utilized for general government activities such as:

- Park and Public Lands Maintenance
- Street Maintenance
- Neighborhood Revitalization and Code Compliance
- Public Safety and Emergency Response
- Traffic Control
- Public Transportation
- Stormwater Drainage and Flood Control

These services are distinct in that they promote the overall public good, are provided to everyone in the community equally, and cannot be denied to anyone.

The major sources of revenue are sales tax, franchise fees, and cost allocation charges. Sales tax revenues allocated to the General Fund are equal to 77% of a three percent tax (3%). Franchise fees are generated by a fee on the gross receipts within Norman of public utilities as follows:

A T & T Cable	5%
A T & T Telephone	2%
Oklahoma Gas & Electric	3%
Oklahoma Natural Gas	3%
Cox Communications Cable	5%
Cox Communications Telephone	2%
Oklahoma Electric Cooperative	5%

The City's Water and Water Reclamation Utility Enterprises also make a five percent (5%) payment in-lieu of franchise fees to the General Fund.

Revenues derived from cost allocation charges are the result of the distribution of the cost of centrally-provided support services benefiting departments of the City such as:

- Management (Council and Manager)
- Accounting/Purchasing/Payroll/Risk Management
- Human Resources
- Information Systems
- Legal
- Investment/Debt Administration

CITY OF NORMAN

A five-year financial forecast is found in this section. The purpose of a five-year forecast is to project existing conditions into the future, given certain assumptions, in order to determine future financial viability, to identify financial strengths and weaknesses, and to provide a base for remedial or supportive financial policy.

FYE 25 Budget

The Fiscal Year Ending June 30, 2025 (FYE 25) budget is a legally balanced budget in that total resources available for appropriations are greater than total expenditures.

Estimated Beginning Fund Balance	\$ 13,085,592
Current Revenues & Interfund Transfers	<u>108,486,122</u>
Total Available Resources	121,571,714
Current Expenditures & Interfund Transfers	<u>(107,516,271)</u>
Estimated Ending Fund Balance	\$14,055,443

In the City’s Comprehensive Annual Financial Report, (page 90) for Fiscal Year ending June 30, 2023, reconciliation is given between budget fund balance and the General Fund balance reported on the City Balance Sheet. This reconciliation is summarized as follows:

Fund balances – budgetary basis, June 30, 2023	\$ 12,792,720
Encumbrances outstanding	<u>5,473,549</u>
Fund summary cash balance	18,266,269
Current year accruals	9,969,183
“Rainy Day” Fund Balance	<u>4,517,987</u>
Total fund balances – fund balance sheet, June 30, 2023	\$ 32,753,439

Estimated sales tax revenues are normally based on a 20-year, multivariate regression model. Due to variability in recent collection trends, FYE 25 sales tax is being projected at a 2% increase over estimated FYE 24 collections. Use tax is projected at a 4% increase from FYE 24 estimated figures. Franchise fees are projected at a 3% increase from FYE 24 estimated figures. Licenses and permit fees are projected at a 1% increase from FYE 24 estimated figures. Fines and forfeitures are estimated at a 3% increase over FYE 24 estimated collections and service fees and charges are estimated at a 1% increase from FYE 24 estimated figures.

FYE 25 expenditures are projected based on a line-item analysis within each department. Salaries and benefits are budgeted with no cost of living increases to employee salaries, but do include merit increases.

A 7% increase in salaries and benefits, a -2% decrease in supplies and materials and a -4% decrease in services and maintenance costs from FYE 24 estimated figures are proposed for FYE 25. The salary and benefit increase is attributable to 1 additional employee, a cost of living increase in FYE 24, and merit increases. Internal service costs were decreased by -12% from the FYE 24 estimated figures.

CITY OF NORMAN

For the FYE 25 General Fund Budget, the following position changes were made:

<u>Department</u>	<u>Change</u>
Police Department	Added a Veterinary Technician

All line items have been reviewed on multiple occasions by department staff, Finance Department staff and the City Manager.

Five Year Outlook

- Sales tax revenues are projected at an increase of 2% from FYE 24 Estimate to FYE 25. Projections for FYE 26 through FYE 29 are also projected on an average annual growth rate of 2%.
- State use tax are projected to increase at an average rate of 4% and franchise and other taxes are projected to increase at an average of 3% from FYE 25 through FYE 29. Other major revenues are projected to increase at various rates.
- Transfers from the Water and Water Reclamation Utilities will be based on a rate equal to 5% of the gross operating revenues in each utility. This represents a policy to replicate the franchise fee payments from private utilities for franchise fees for the use of public rights-of-way. In addition, transfers from the Capital Improvement Fund are made for financing General Fund capital equipment needs.
- FYE 25 net expenditures represent an approximate 1% increase over the FYE 24 Budget. Total expenditures are projected to increase an average of 4% for future years.
- Other expenditure categories are generally based upon the current year level with a 1% increase per year after FYE 25, except Internal Services, which is projected at a 2% increase after FYE 25. Salaries and Benefits are projected at a 7% increase from FYE 24 to FYE 25 and a 5% annual increase after FYE 25.

Summary

The FYE 25 General Fund Budget is a balanced budget that has maintained major service levels with current expenditures estimated to exceed current revenues by \$969,851. Estimated year-end reserves of \$14,055,443 exceed the 3% required operating reserve level.

**NET REVENUE STABILIZATION FUND
BUDGET
HIGHLIGHTS**

Background

In fiscal year 2011, Council directed staff to prepare a formal policy in Ordinance form codifying the City's reserve policies and complying with Governmental Accounting Standards Board Statement # 54. Direction was given to establish a separate "Rainy Day Fund" which could not be used except in unusual circumstances. The Ordinance (O-1011-58 effective July 28, 2011) established a Net Revenue Stabilization, or "Rainy Day Fund", which would have minimum fund balance of three percent (3%) of annual budgeted General Fund expenses, a target fund balance of four and a half percent (4.5%) of General Fund expenses and a maximum fund balance of six percent (6%) of annual General fund expenses. The Ordinance also requires a minimum General Fund Operating Reserve fund balance of three percent (3%) of General Fund expenses and requires that a two percent (2%) Emergency Reserve allocation be included in annual budgets. Taken together, these codified reserve requirements equal the 8% reserves required by policy in other City funds.

Under the Ordinance, Net Revenue Stabilization Fund balance could only be appropriated for expenditure by the City Council if at least one of three circumstances is met:

- 1.) The General Fund Operating Reserve fund balance is projected to fall below one percent (1%) of budgeted expenditures; or
- 2.) A natural or man-made disaster has occurred, resulting in a federal or stated disaster declaration in Norman and the City of Norman has spent or obligated to spend the two percent Emergency Reserve account in the General Fund;
- 3.) A major one-time or capital expenditure has been necessitated, such as for major repairs to or replacement of City of Norman facilities.

Ordinance O-1819-10, approved by the Council in fiscal year 2019, reduced the budgeted Emergency Reserve allocation requirement from 2% to 1% in each future budget year. Once the 3% Operating Reserve and the 1% Emergency Reserve have been met, this Ordinance also increases the "Rainy Day Fund" minimum balance to 4% and maximum balance to 7% of annual budgeted General Fund expenses. The new targeted balance set by this Ordinance is 5% of annual budgeted General Fund expenses.

FYE 25 Budget

The FYE 25 Budget is projected to have a fund balance that is -\$494,016 less than the Rainy Day Fund's targeted (5%) level and \$528,385 more than the minimum Rainy Day Reserve.

**PUBLIC SAFETY SALES TAX FUND
BUDGET
HIGHLIGHTS**

Background

On May 13, 2008, the citizens of Norman passed a 7-year, one-half percent (1/2%) Public Safety Sales Tax (PSST) in order to increase the number of police officers and firefighters, and to construct two new fire stations. Ordinance O-0708-32 authorized the City to assess the new sales tax beginning October 1, 2008 and terminating on September 30, 2015.

On April 1, 2014, the citizens approved the permanent extension of the PSST. Over 10-15 years, this extension will enable the City to implement a School Resource Officer program, jointly funded by public school districts in Norman, to improve school safety and improve police-school relationships. The 2014 PSST Ordinance ("PSST II") also directs funding for several critical public safety needs (in priority order):

1. Replacement of City Emergency Communication Systems - \$15,000,000*
2. Emergency Operations Center/Dispatch Facility - \$6,500,000*
3. Fire Apparatus replacement - \$6,800,000*
4. Reconstruct/relocate Fire Station #5 - \$3,500,000*

*Estimated

In FYE 15, bond proceeds of \$22,825,000 were authorized by the Norman Municipal Authority (NMA) Trustees and Council to finance the Emergency Communications (radio) System, Emergency Operations Center (EOC), and a platform fire truck.

The PSST II Ordinance contemplated the expanded public safety operations funded by the tax to be accounted for in the City's General Fund (3/8%) and Capital Fund (1/8%) after the Critical Public Safety Capital Needsd were completed.

FYE 25 Budget

Estimated FYE 25 PSST revenues of \$15,904,672 are being projected at a -7% decrease from estimated FYE 24 collections. The General Fund and Capital Fund will absorb any projected deficit of operational and capital costs.

**COMMUNITY DEVELOPMENT FUND
BUDGET
HIGHLIGHTS**

Background

The Community Development Fund is a Special Revenue Fund established to account for the resources allocated to Community Development Block Grant (CDBG), the HOME Partnership Program, and other funds from the U.S. Department of Housing & Urban Development (HUD).

The Community Development Block Grant Program was established by Congress in the Community Development Act of 1974 to consolidate a number of Federal assistance programs into one "block grant" for the utilization of individual communities in solving community development problems. Funds are allocated annually on a formula basis to the City of Norman by the Department of Housing and Urban Development, the funding agency. As an entitlement city, Norman receives a funding allocation each year without having to compete against other cities. Once allocated, the funds remain available to the City until approved activities are completed. In 1995, Norman became an entitlement city for the HOME Program as well, and therefore does not have to compete against other cities for funding.

The projects funded by the CDBG Program must meet the criteria of activities, which either primarily benefit low-to-moderate income persons, or prevent or eliminate slums or blight. The four major categories of eligible activities are: (1) neighborhood upgrading, conservation, and renewal; (2) housing assistance; (3) social and economic development for moderate and low income groups; and (4) activities in support of the other categories, including administration and planning. HOME projects are all housing with all beneficiaries in the low-to-moderate income range, as defined by federal regulations.

A total of \$55,787,280 in CDBG-HOME Program Funds (CDBG - \$42,069,903 and HOME - \$13,717,377) has been allocated to the City of Norman since fiscal year 1975-1975 (FYE 76), through FYE 25. The FYE 25 budget includes entitlements grants of \$941,659 (CDBG), and \$458,765 (HOME).

FYE 25 Budget

Expenditures are accounted for based upon program and grant year. Any remaining funds are expected to be expended in FYE 25.

**SPECIAL GRANTS FUND
BUDGET
HIGHLIGHTS**

Background

The Special Grants Fund (a special revenue fund) is used to account for the proceeds of governmental grants or specific revenue sources (other than grants applicable to enterprise fund activities, or major capital projects) that are legally restricted to expenditure for specified purposes. There is one approved grant (at the time of budgeting) in FYE 25 for which the City qualifies.

DUI Enforcement	\$21,316
-----------------	----------

DUI Enforcement

This program provides for additional officers on selected weekends, holidays, and other special events for enforcement against drinking drivers. The program is completely funded by fines paid by arrested and convicted drunk drivers. A fee from each offending person is collected by the District Court and one-half of the court cost is remitted to the City. The funds are used to pay overtime for enforcement and court time of the officers. FYE 25 expenditures are anticipated to be \$21,316.

Other Grants

During the course of the fiscal year, the City will continue to pursue appropriate grant opportunities. While it is anticipated that some additional grant funds will become available, and any applicable grants would be accounted for in the Special Grants Fund, the uncertain nature and amounts of the grants do not allow for them to be budgeted.

**ROOM TAX FUND
BUDGET
HIGHLIGHTS**

Background

The Room Tax Fund is a Special Revenue Fund established to account for a tax on the gross revenues of hotel and motel establishments. According to Ordinance Number O-7980-58, which was passed in May 1980, the revenues are to be set aside and “used exclusively for the purpose of encouraging, promoting and fostering the convention and tourism development of the City of Norman. Uses in parks development and in promotion of arts and humanities are thus contemplated.” Voters approved an increase to the room tax rate from 4% to 5% on April 2, 2013, and an additional 3% increase to 8% was approved by voters on May 9, 2023.

The following formula was devised for the distribution of the 8% Room Tax revenue:

Administration Fee (City of Norman):	4% of Revenue
Parks Development (City of Norman):	15% of Revenue
Arts & Humanities (Norman Arts Council):	24% of Revenue
Convention & Tourism (Norman Convention & Visitors Bureau):	57% of Revenue

The City has authorized agreements between the Norman Arts Council, the Norman Convention and Visitors Bureau, and the City of Norman for the purpose of administering the proceeds of the distribution formula. Among the programs funded by the Room Tax are convention promotion activities, which have attracted major new hotels to the City; improvements to Norman’s six community parks; public artwork; and annual festivals including: Jazz in June, Chocolate Festival, Medieval Fair, and the Norman Music Festival (live alternative rock, Latin, hip-hop, spoken word and other genre). Norman, the “City of Festivals”, is widely recognized for its cultural activities, which are underwritten by the Room Tax. The 3% room tax rate increase that was approved by voters in 2023 will go to the Norman Convention & Visitors Bureau for sports tourism promotions and improvements to sports facilities in Norman.

Special Revenue Fund Financial Policies

Special Revenue Funds account for revenues that have been specifically identified and segregated to be used for special and specific purposes. An operating reserve of 8% of the annual operating cost is targeted for the Room Tax Fund, segregated for each of the three purposes of the Room Tax Funds (Convention and Tourism; Park Development; and Arts and Humanities).

FYE 25 Budget

Revenues from the 8% tax are projected to be \$3,718,750, a 8% increase from estimated collections for FYE 24. In FYE 15, Council directed the administrative cost increase from 3% to 5%. This amount was reduced to 4% in FYE 18 due to budgetary constraints.

CITY OF NORMAN

Expenditures in FYE 25 are based upon a pro rata share of the estimated revenue, as summarized below:

	<u>FYE 2025</u> Revenue
	3,721,250
Administrative Fee - 4%	\$ 148,750
Arts & Humanities - 24%	892,500
Parks Development - 15%	680,642
Convention & Tourism - 57%	<u>2,119,688</u>
	\$3,841,580

In FYE 22, bond proceeds of \$3,882,000 were authorized by the Norman Municipal Authority (NMA) Trustees and Council to finance part of the Young Family Athletic Center (YFAC). The debt service payments come from the Parks Development share of the room tax revenue.

One capital project is scheduled in FYE 25: Westwood Tennis Center Improvements.

Five Year Outlook

Over the next five years, projected operating revenue of \$19,755,849 will be available through this program to support convention, tourism, arts and humanities and parks development in the City of Norman.

**YOUNG FAMILY ATHLETIC CENTER FUND
BUDGET
HIGHLIGHTS**

Background

The Young Family Athletic Center (YFAC) Fund is a Special Revenue Fund used to account for the resources used to operate the 122,000 square foot athletic facility built on a 12-acre site on the north side of Norman in 2023. The aquatic portion of the facility features two pools: an 8-lane 25-yard competition pool, and a 4-lane 25-meter recreation pool, and the a multi-sport gymnasium portion of the facility houses 8 basketball courts and 12 volleyball courts which overlay the basketball courts.

Other YFAC amenities include NMotion – a Norman Regional Health System sports and human performance center with physician clinics, as well as concessions, a small retail space, administrative offices, tournament and team breakout rooms, and public restrooms. The facility hosts national and local athletic tournaments and leagues, special events, and community programming.

The YFAC furthers the citizen-initiated Norman Forward mission to fund and create quality of life projects for the community. This center was in part made possible by a generous \$4 million donation from the Trae Young Family Foundation.

A five-year financial forecast is found in this section. The purpose of a five-year forecast is to project existing conditions into the future, given certain assumptions, in order to determine future financial viability, to identify financial strengths and weaknesses, and to provide a base for remedial or supportive financial policy.

FYE 25 Budget

The Young Family Athletic Center opened its doors at the beginning of 2024. Program revenue projections of \$2,050,000 exceed projected expenditures by \$261,081 in FYE 25.

**SEIZURES AND RESTITUTION FUND
BUDGET
HIGHLIGHTS**

Background

The Seizures and Restitution Fund is a Special Revenue Fund used to account for the revenue available through property seizures resulting from criminal investigations.

There are three basic sources of revenue available, two of which are controlled by the Cleveland County District Attorney and one controlled by the U.S. Federal Government.

Property that is seized by local enforcement officers is ultimately disposed of by court rulings. The property, including cash, is remanded to the District Attorney if the case does not involve federal laws. The District Attorney disposes of the non-cash property through an auction and deposits the proceeds into a revolving account. Periodically, distributions are made from the revolving account to municipalities.

The Courts also require restitution by defendants to law enforcement agencies for costs associated with an investigation. The restitution is made directly to the City and placed into this Fund.

The Courts remand property and cash seized through Federal cases to the Federal Government. If local law enforcement officers were involved in the case, they may make application to the Federal Government to recover property to offset the cost of their investigation.

State and Federal statutes provide that monies derived from these sources will be used to support drug enforcement activities and other criminal investigations.

FYE 25 Budget

Available revenues (\$225,695) from fund balance are projected to be drawn-down for capital needs to be used in enforcement activities.

**CLEET FUND
BUDGET
HIGHLIGHTS**

Background

The Council on Law Enforcement Education and Training (CLEET) Fund is a Special Revenue Fund established to account for revenue derived by provision of State law, to be utilized for law enforcement education and training (Title 20 § 1313.2-1313.4).

State law provides that any person convicted of an offense punishable by a fine of \$10 or more, or by incarceration, excluding parking and standing violations, or any person forfeiting bond when charged with such an offense, shall be ordered by the court to pay \$10, as a separate penalty assessment.

As an “academy city”, the City of Norman has the authority to retain \$2 of the \$10 penalty assessment collected for police, court and prosecution training. All remaining funds collected are forwarded to CLEET. The City is authorized to keep a 2% administrative fee on the amount collected, which is deducted from the \$2 portion retained by the City.

State law also requires that municipalities collect a Fingerprinting Fee in the amount of \$10, which is to be collected and reported to the Oklahoma State Bureau of Investigation (OSBI). The moneys collected from the fingerprinting fee pays for the Automated Fingerprint Identification System (AFIS) managed by the OSBI. An administrative fee of \$.08 on each \$10 assessment is retained by the City.

State law also provides for the collection of the Forensic Science Improvement Assessment in the amount of \$10, which is to be collected at the same time and in the same manner as set forth in paragraph two above. Moneys from this fee are for the OSBI and will be used to upgrade laboratory facilities, equipment and personnel. Municipal courts are authorized to retain 5% of the amount collected as an administrative fee.

In addition, state law provides for a fee assessment of \$5 on marijuana and paraphernalia convictions to be collected and reported to the Bureau of Narcotics (BON) Drug Education Revolving Fund. These fees are to be collected at the same time and in the same manner as set forth in paragraph two above. Moneys from these fees are to be used for purposes relating to drug education and information in the State of Oklahoma. No administrative fee is provided.

In summary, a total of \$30 is collected on each traffic and non-traffic conviction or forfeiture (except possession of marijuana/paraphernalia which are \$35), and deposited into a special revenue account created for that purpose. The assessments are in addition to and not in substitution for other fines and penalties provided by law. The money retained by the City, is divided between administrative fees, police training, and court/prosecution training. The City is authorized to retain all interest accrued prior to the due date for deposits. The remainder of money collected is forwarded monthly by the Court Clerk to CLEET, OSBI, and the BON.

CITY OF NORMAN

FYE 25 Budget

FYE 25 projected revenues are \$32,000 with projected expenditures at \$30,505, which uses \$0 of reserves. This leaves a projected ending fund balance of \$1,495.

**PUBLIC TRANSPORTATION FUND
BUDGET
HIGHLIGHTS**

Background

The Public Transportation and Parking Fund is a Special Revenue Fund established to account for revenue to fund operations, maintenance, and other expenses associated with the City of Norman's public transportation system. Revenue is derived from grants from the Federal Transit Administration (FTA) and the Oklahoma Department of Transportation; the Public Transit Sales Tax; advertising; and a contribution from the Norman Regional Health System.

On July 30, 2019, City Council passed Resolution R-1920-20 that established the Public Transportation and Parking Fund. The creation of the fund was performed during a transition period of the City public transit operations and assets from the University of Oklahoma to the City of Norman.

FYE 25 Budget

Projected revenues for FYE 25 include \$3,232,194 in sales tax, and \$2,360,933 in grant revenue from the Federal Transit Administration. FYE 25 expenditures are budgeted at \$6,480,698, including \$5,130,592 for Services and Maintenance, which includes contract fees paid to EMBARK for the operation of the bus system.

**ART IN PUBLIC PLACES FUND
BUDGET
HIGHLIGHTS**

Background

The Art in Public Places Fund is a Special Revenue Fund established to account for revenue derived from citizen donations as a means to fund the acquisition of works of art by the City of Norman and to provide for the maintenance and repair of the works of art in the collection.

On August 28, 2007, City Council passed Ordinance O-0708-5 that established the Public Arts Board and the Art in Public Places Fund. The ordinance also set up the mechanism by which City of Norman utility service customers can opt to donate money to the Art in Public Places Fund by including an additional amount of money in their payment.

The Public Arts Board reports to the Norman Arts Council, who will be charged with expending monies in the Art in Public Places Fund.

FYE 25 Budget

FYE 25 projected revenues are \$16,000. The Norman Arts Council manages donations to the Public Arts Fund on behalf of the City of Norman. Projects like Artful Inlets and the Artist Designed Bike Racks are just two examples of the way these funds are used (see pictures below). The fund has collected \$145,795 in contributions since the beginning of FYE 08.

**WESTWOOD PARK FUND
BUDGET
HIGHLIGHTS**

Background

The Westwood Park Fund is a Special Revenue Fund established to account for the resources used to operate an 18-hole municipal golf course, 18-court municipal tennis center and municipal aquatic center.

The Norman Municipal Authority (NMA) was created in 1965 for the purpose of issuing revenue bonds for the construction of the 18-hole municipal golf course and swimming pool. The original bonds were retired as of July 1, 1993. A bond issue of \$2,315,000 was issued in May 2002 to fund renovations to the golf course approved by Council NMA in the Westwood Master Plan. Revenue from the Park Capital Improvement portion of the Room Tax was pledged to secure the bonded debt, and these revenues were transferred to the Westwood Fund to pay annual debt service. These bonds were retired in FYE 22.

A five-year financial forecast is found in this section. The purpose of a five-year forecast is to project existing conditions into the future, given certain assumptions, in order to determine future financial viability, to identify financial strengths and weaknesses, and to provide a base for remedial or supportive financial policy.

FYE 25 Budget

Statement of Revenues and Expenditures

Revenues for Westwood Golf Course are estimated based on actual current experience in green fees and projected aquatic and tennis center revenue.

Projections for the swimming pool are based upon line-item analysis. All line items have been reviewed on multiple occasions by department staff, Finance Department staff and the City Manager.

Reserve Policy

Special Revenue Funds have no reserve requirements due to their dependence on General Fund support.

Five Year Outlook

Fees and charges, and service levels will continue to be monitored for adequacy and competitiveness to make needed capital improvements and meet all reserve requirements. Fee levels for use of Westwood Pool and Tennis have been re-set to reflect the expanded operations in the newly-constructed facilities.

Summary

Significant effort will continue to be made to address the financial viability of this fund, to adequately structure rates to recover cost of service, and to explore other options for funding the ongoing concerns of the Fund.

**WATER FUND
BUDGET
HIGHLIGHTS**

Background

The Water Fund is an enterprise fund established to account for the resources utilized to treat and supply water to the customers of the City of Norman. Water is supplied from Lake Thunderbird that is owned by the Central Oklahoma Master Conservancy District (COMCD) and by water wells that are owned by the City. The cities of Del City, Midwest City and Norman created the COMCD for the purpose of creating a water supply. The City annually pays a reclamation charge to the District as the City's share of debt retirement for construction of the lake. The City also pays a pro rata share of the cost to operate the District. There are approximately 649.5 miles of water mains in the City. The City operates a treatment plant whose capacity for treated water is 17 million gallons per day / peak day and as of April 2024, serves an average of 42,500 customers.

FYE 25 Budget

Statement of Revenues and Expenditures

The Norman Water Utility has a highly progressive residential rate structure, designed to encourage conservation of water resources. Current (as of April, 2024) monthly residential water rates are as follows:

\$10.90 Base Fee
\$3.46 per thousand for 0 – 5,000 gallons
\$4.50 per thousand gallons for 5,001 to 15,000 gallons
\$6.75 per thousand gallons for 15,001 to 20,000 gallons
\$9.51 per thousand gallons in excess of 20,001 gallons

Residential and commercial water rate increases were last approved by voters on June 13, 2023.

Revenue projections are based on historic collection patterns and a simple regression model using average rainfall as a predictor variable. Because of the extremely progressive nature of the Norman "inverted" water rate structure, Water Utility revenues are highly dependent on weather patterns, and can therefore fluctuate significantly.

The Water Utility has undertaken an aggressive capital improvement program to enhance the City's water supply and treatment systems, including expansion projects to the City's groundwater well supplies and improvements to waterlines to provide additional water supply (by constructing pipe connections to "blend" water from wells with water quality exceeding standards with water from wells that fall slightly short of standards).

This aggressive water capital project program will be financed through user fees and the Statewide Revolving Loan Fund of the Oklahoma Water Resources Board.

This water capital improvement program is the first of several steps to meet Norman's future water supply needs, suggested by the adopted Strategic Water Supply Plan. Future steps will include

CITY OF NORMAN

reuse of wastewater through advanced treatment methods to be employed by the Norman Water Reclamation Utility, to supplement water supplied by Lake Thunderbird.

Additional water is supplied to Norman through a contract with the Oklahoma City Water Utilities Trust (OCWUT). Under this contract, available treated water is transported to Norman along a waterline located in northern Norman to supplement the water supplied by Norman's ground water and surface water facilities.

FYE 2025 expenditure projections are based on line-item analyses within the Water Division. Salary and benefit category expenditures are based on authorized staffing levels. The service and maintenance expenditure category includes increases in operating charges from the COMCD. All line items have been reviewed on multiple occasions by Department staff, Finance Department staff, and by the City Manager.

Two new positions were added to the Water fund for FYE 2025: a Plant Operator D and a Utility Distribution Worker I.

Levelized Rate Policy

Utility rates should be set at a level to meet the average net income requirements over a five-year period without the need for interim adjustments, and to meet all reserve requirements at the end of the five-year period.

Reserve Policy

Enterprise funds by policy, reserve portions of fund balance as follows:

- Operating Reserve equal to 8% of the annual operating cost
- Capital Reserve equal to the annual average of the next 5 year capital expenditure plan

FYE 25 ending fund balance is projected to be \$1,264,777 with a reserve deficit of -\$17,102,454, due primarily to the aggressive capital campaign.

Transfer Policy

The amount of transfer from the Water Fund in support of the General Fund is based on a policy that provides for continuity in both funds. A transfer equal to 5% of Water Fund operating revenues returns to the General Fund an amount consistent with what non-governmental utilities provide in franchise fees.

Five Year Outlook

There are various factors, such as weather, population growth, average individual growth in usage, and changes in the mix of residential and commercial revenues that affect total water utility revenues from year to year. Therefore, a conservative approach was taken in projecting revenues due to the uncertainty of the net effect of these factors.

Summary

The Norman Utilities Authority and City Council have directed a policy through which Norman's water will be treated to levels which meet not only current environmental standards but which provide for future treatment requirements and customer water quality demands.

**WATER RECLAMATION FUND
BUDGET
HIGHLIGHTS**

Background

The Water Reclamation Fund (formerly known as “sewer” or “wastewater”) is an enterprise fund established to account for the resources utilized to provide wastewater collection, conveyance and treatment to the customers of the City of Norman.

On November 3, 2001, the Norman Utilities Authority (NUA) adopted an updated Wastewater Master Plan, which directed a system-wide average treatment capacity expansion from 12 million gallons per day (MG/D) to 21.5 MG/D, by the year 2040. A \$60 million project to expand the Water Reclamation Facility to 17 MG/D capacity, with significant improvements to treatment standards and odor control, was completed in 2017.

In 2001, the voters of Norman approved three revenue sources to partially pay for the improvements recommended by the Wastewater Master Plan:

- A temporary, 5-year, ½ percent sales tax dedicated to sewer system improvements;
- A \$5 per month sewer maintenance rate, dedicated to neighborhood sewer line repairs;
- An excise tax on new development.

Currently, there are approximately 530.6 miles of sewer lines included in the total system. The Water Reclamation Utility is undertaking an aggressive program to rehabilitate existing neighborhood sewer lines and mains, and to construct new sewer mains in north and east Norman. Additional sewer system capital projects are reported in the Sewer Maintenance Fund and Sewer Excise Tax Fund.

FYE 25 Budget

Statement of Revenues and Expenditures

FYE 25 sewer user fee revenues have been estimated based on actual year-to-date receipts in FYE 24. On November 12, 2013 the citizens of Norman voted and approved a basic sewer rate increase for the first time since November 1, 1996 (pursuant to the Norman City Charter, utility rate increases require voter approval). Water reclamation rates, effective since November 12, 2013 are as follows:

Single Family/ Duplex \$5.00 Base Fee + \$2.70 per 1,000 gallons of treated water

FYE 25 expenditure projections are based upon line-item analysis within the Utility. Salaries and benefits are based on current authorized staffing levels. All line items have been reviewed on multiple occasions by department staff, Finance Department staff and the City Manager.

Levelized Rate Policy

Utility rates are set at a level to meet the average net income requirements over a five-year

CITY OF NORMAN

period without the need for interim adjustments and to meet all reserve requirements at the end of the five-year period.

Reserve Policy

Enterprise funds have reserve policies to reserve portions of fund balance as follows:

- Operating Reserve equal to 8% of the annual operating cost
- Capital Reserve equal to the annual average of the next 5 year capital expenditure plan

The FYE 25 ending fund balance is projected to be \$2,188,351 with a reserve deficit of - \$483,997. This fund balance is used for meeting the Fund's reserve requirements.

Transfer Policy

The amount of transfer from the Water Reclamation Fund in support of the General Fund is based on a policy that provides for continuity in both funds. A transfer equal to 5% of the Water Reclamation Fund's operating revenues returns to the General Fund an amount consistent with what non-governmental utilities provide in franchise fees.

Five Year Outlook

Over the next five years operating revenues are projected to increase. FYE 25 projected revenues are 4% higher than FYE 24 budget revenues.

Summary

A major expansion of the Water Reclamation Facility (WRF) was complete in FYE 17. The expansion will allow for treatment capacity to increase and to improve the quality of the reclaimed water from the plant. The below pictures shows the completed expansion project for the Water Reclamation Facility.

Water reclaimed by the Norman Water Reclamation Facility

**SEWER MAINTENANCE FUND
BUDGET
HIGHLIGHTS**

Background

The Sewer Maintenance Fund is an enterprise fund established October 1, 2001, to account for revenues from the \$5 per month Sewer System Maintenance Rate (SMR). It is used to account for all expenditures related to major maintenance of the water reclamation system (capital improvement projects accomplished through contracts with private construction vendors), primarily for rehabilitation of neighborhood sewer lateral lines.

The SMR is intended to provide a higher level of maintenance, keeping the sewer system in good repair over the long term.

Beginning in FYE 15, Norman Sewer Line Maintenance Division personnel and related budget allocations, along with capital improvements charge revenue, was transferred to the Water Reclamation Fund.

During FYE 2015 Budget considerations, the Council Finance Committee discussed transferring the sewer line maintenance operations out of the Sewer Line Maintenance Fund into the Water Reclamation Fund in order to better track the collection and distribution of the \$5 per month Sewer Maintenance Rate. This will more accurately reflect the capital work that is being done with the Sewer Maintenance Rate and will eliminate a transfer of funds between the two funds for the work done by Sewer Line Maintenance Division personnel during the year. Over time, this change in accounting will better reflect the declining amounts of sewer rehabilitation projects that can be paid for by the flat \$5 rate due to inflation of material and labor costs. The maintenance program for neighborhood sewer collector lines (“laterals”) will continue in FYE 25 and beyond, generally, the oldest lines in the system are scheduled for replacement first (“worst things first”).

FYE 25 Budget

Statement of Revenues and Expenditures

Revenues have been estimated based on actual year to date receipts in FYE 24 extrapolated for a full year.

FYE 25 expenditure projections are based upon line-item analysis. Salaries and benefits are based on current authorized staffing levels. FYE 25 total budgeted expenditures are \$5,957,884.

All line items have been reviewed on multiple occasions by department staff, Finance Department staff and the City Manager.

Reserve Policy

Enterprise funds by policy, reserve portion of Fund Balance as follows:

- Operating Reserve equal to 8% of the annual operating cost
- Capital Reserve equal to the annual average of the next 5-year capital expenditure plan.

**NEW DEVELOPMENT EXCISE TAX FUND
BUDGET
HIGHLIGHTS**

Background

The New Development Excise Tax Fund is an enterprise fund established October 1, 2001, as a result of Ordinance 0001-58, adopted by City Council on June 12, 2001, and approved by voters on August 14, 2001. The fund was established to account for revenues and capital project expenditures from excise tax levied and collected on new development (including developments of tax-exempt property owners) to be served by the City's water reclamation system. The tax imposed is collected at the time a building permit is issued for all construction and based upon the square footage as set forth in the permit as follows:

- New Residential Construction - \$850 for homes up to 1,200 square feet and \$2 per square foot for each square foot in excess of 1,200 square feet.
- Non-Residential Construction - \$115 per employee plus \$4 per gallon per day of additional flow, if estimated flow is greater than 30 gallons per day per employee.
- Residential expansions which include the installation of plumbing fixtures – \$1 per square foot for each additional square foot added to the current structure.

As agreed to between the permit applicant and the City Engineer and Utilities Department, water records for existing facilities will be used to estimate future wastewater flow for non-residential construction and projected employees will be agreed to in advance of the permit issuance.

The funds collected from the Excise Tax shall be used exclusively for wastewater expansion, improvements, and to pay debt service on obligations issued to finance future improvements and expansion of the wastewater system. Since its inception in 2001, the Wastewater Excise Tax has generated over \$25,000,000 for system expansion and improvement.

FYE 25 Budget

Statement of Revenues and Expenditures

Revenues have been estimated on historic building permit records applied to excise tax regulations (i.e., projections are based on revenues that would accrue if past building patterns in an "average" year are continued), and are projected at \$1,470,000 for FYE 25.

Five Year Outlook

Excise tax revenues are projected to be the same in years FYE 25 through FYE 29.

**SANITATION FUND
BUDGET
HIGHLIGHTS**

Background

The Sanitation Fund is an enterprise fund used to account for the operations associated with solid waste collection and disposal in the City of Norman. Residential collection services are provided weekly, with separate services for yard waste and household garbage. Commercial service is provided on an as-needed basis, and composting and recycling services are also available.

Sanitation rates, approved by the voters in 2011, are as follows:

Residential Customers	\$14.00/unit/month + \$3/month for curbside recycling			
	Container	Base		Rate
	<u>Size</u>	<u>Rate</u>	<u>After</u>	<u>cu. yd.</u>
Commercial Customers	2 cu. yds.	52.12	8 cu. yds.	7.04
	3 cu. yds.	66.34	12 cu. yds.	5.95
	4 cu. yds.	78.17	16 cu. yds.	5.15
	6 cu. yds.	97.12	24 cu. yds.	4.48
	8 cu. yds.	113.71	32 cu. yds.	4.07

FYE 25 Budget

Statement of Revenues and Expenditures

Revenues have been estimated at an average growth rate of 1.8% per year with a projected increase of \$1.00/per month for users who desire additional rollout carts.

FYE 25 expenditure projections are based upon line-item analysis within the Utility. Salaries and benefits are based on current authorized staffing levels. All line items have been reviewed on multiple occasions by Utilities Department staff, Finance Department staff and the City Manager.

Reserve Policy

Enterprise funds have reserve policies to reserve portions of fund balance as follows:

- Operating Reserve equal to 8% of the annual operating cost
- Capital Reserve equal to the annual average of the next 5 year capital expenditure plan

The FYE 25 ending fund balance is projected to be \$2,188,335, which meets the operations and Capital Reserve requirements discussed above.

Levelized Rate Policy

Utility rates should be set at a level to meet the average net income requirements over a five year period without the need for interim adjustments and to meet all reserve requirements at the end of the five-year period.

Five Year Outlook

All reserve requirements will be met and a surplus of funds will be held in reserves.

Summary

The Sanitation Utility will continue to deliver its level of customer service under the approved rate structure. The Utility will give a high priority to catching up on its backlogged fleet replacement schedules over time.

**RISK MANAGEMENT FUND
BUDGET
HIGHLIGHTS**

Background

The Risk Management Fund is an Internal Service Fund established to account for the resources utilized to provide for the self-insurance of Worker's Compensation and Unemployment Insurance and to pay "stop loss" premiums on insurance for high-dollar employee health and property casualty claims.

Health insurance claims are accounted for in this fund. The City self-insures for these benefits and utilizes a third party administrator to administer the benefits. Consultants are also utilized to set premiums and structure plan benefits. FYE 25 health claim costs are projected to be \$11,105,284.

Workers' Compensation benefits are paid to employees who are injured on the job. The Legal Department administers this program in conjunction with the Finance Department and Human Resources Department. Claims are submitted to the Finance Department for review and, if approved, are paid directly by the City. The projected cost in FYE 25 is \$2,143,500.

Unemployment claims are filed with the State and when approved, are then submitted to the City for their response. The FYE 25 estimated cost of unemployment claims is approximately \$22,200.

Judgments and claims against the City are accounted for in the Risk Management Fund. Judgments are placed on ad valorem tax rolls and revenues are transferred from the Debt Service Fund to cover claims expenditures.

Through Internal Service charges, City departmental budgets are charged "premiums" for each budgeted employee. These charges to City department budgets are accounted for as revenue in the Risk Management Fund for health insurance, workers' compensation, and unemployment benefits.

A five-year financial forecast is found in this section. The purpose of a five-year forecast is to project existing conditions into the future, given certain assumptions, in order to determine future financial viability, to identify financial strengths and weaknesses and to provide a base for remedial or supportive financial policy.

Reserve Policy

Operating Reserves are based on a three-month claim history excluding judgments and claims as they are repaid from ad valorem tax revenues. Reserve levels for health insurance and workers' compensation meet and exceed this targeted level.

FYE 25 Budget

After many years of having inadequate revenues to meet expenses or required reserve levels, the workers' compensation and health insurance reserves are now adequate. Much of the credit for this financial improvement goes to the City's Health Insurance Committee and its consultant, and much credit goes to changes in Oklahoma Workers' Statutes.

Five Year Outlook

The financial position of this Fund is dependent upon the participating funds.

Changes to employees' current health plan are needed to reduce the rate of growth in claim costs. Close scrutiny of the plan's operations and benefits will ensure minimal increases necessary to maintain existing coverage levels.

**CAPITAL IMPROVEMENTS FUND
BUDGET
HIGHLIGHTS**

Background

The City of Norman Capital Improvements Budget document is produced as a separate document, which contains detailed descriptions of all current and proposed projects for the Fiscal Years Ending (FYE) 2025-2029. The document is divided into sections: an overview of policies and how the Capital Improvement Plan is based on Norman 2025, the City's Land Use and Transportation Plan; and summary information by project name, budget year, and funding source. Also, detailed project sheets describing the project, budget schedule, and progress by budget year.

The Capital Improvements Fund is established to account for capital projects funded by sales tax receipts or general obligation bond issues. Those projects relating to enterprise funds and funded with fees and charges are accounted for in the respective enterprise funds. All capital projects and their funding are approved by City Council. All capital projects, regardless of the source of funding, are identified and tracked in the Capital Improvements Plan, FYE 2025-2029 document.

Seventy percent (70%) of one percent (0.7%) of sales tax is set aside for capital improvements. Those projects approved for construction with this funding are accounted for in the Capital Improvements Fund. By Council policy, funds are allocated to priority capital categories as follows:

Information Technology Infrastructure:	5%
General Maintenance of Existing Facilities:	7%
General Contingency:	5%
Capital Outlay:	27%
Street Maintenance:	20%
Capital Projects:	Balance or 36%

The Capital Fund also includes funding for the following positions that provide support to capital projects: 2 CIP Engineers, 1 Traffic Engineer, 2 Capital Project Managers, a Staff Engineer, 25% of an Engineering Assistant, 25% of the Storm Water Program Manager, 70% of a Park Planner I, 50% of a Park Planner II, 80% of a Construction Inspector, 50% of a Construction Inspector, 80% of a Utility Coordinator, and 15% of a Facility Maintenance Supervisor.

Capital Projects generally cost more than \$10,000, are relatively fixed or permanent in nature and have an expected life of more than five years. Such projects consist of the construction of a new, expanded or improved tangible asset, which is physically fixed. Major projects normally require more than one fiscal year to complete. Contracted services for design, land acquisition, utility relocations and construction may be required. Examples include land purchase, new buildings, building additions, street improvements, utility line improvements, parks and playgrounds, and major drainage channel improvements.

Capital Outlay on the other hand, is an expenditure directed towards maintaining or purchasing new or replacing tangible assets which themselves have expected life spans of one to five

CITY OF NORMAN

years. Expenses are generally one-time and occur within a single budget year. Examples include the purchase of vehicles and equipment.

On April 6, 2021, the voters of Norman re-authorized a general obligation bond issue for street resurfacing and improvements city wide. This was the 4th renewal of the five-year G.O. Bond program by the voters, based on maintaining the same average property tax levy to repay the bonds. A total of approximately \$27,000,000 in projects will be paid for by these bonds over five years, in the following types:

- 46% - Concrete street panel replacement and improvement
- 20% - Asphalt street resurfacing and improvement
- 15% - Major road reconstruction projects
- 12% - Rural road paving and improvement
- 7% - Preventative Maintenance

On October 10, 2023, the voters of Norman approved a 10 year, \$50 million general obligation bond issue that will fund 6 bridge replacements, 4 major bridge maintenance and rehabilitation projects, and contingency funding for maintenance of the city's 80 bridges and 300 culvert crossings.

FYE 25 Budget

The FYE 25 Budget shows total projected resources available of \$70,219,448, including beginning fund balance of \$26,006,915 and total expenditures projected at \$32,010,678 with an ending fund balance of \$38,208,770. Sales tax is projected at a 2% increase from FYE 24 estimated revenue, and an average 2% growth rate in years FYE 26 through FYE 29. Expenditures are based on estimated project costs.

Capital projects funded in FYE 2025 will impact the General Fund operating budget. Various transportation projects are included in the FYE 2025 capital projects. Some of these projects will be streets built at a much higher standard, reducing maintenance expenses and congestion, as well as increasing safety. Other impacts include additional traffic control and parks facilities that will cumulatively add to the City's maintenance burden in future years. Additional public safety personnel and facilities will also burden future capital budgets.

Each project in the Capital Improvements Plan, FYE 2025-2029 document is evaluated for operating budget impact. A "positive" impact is defined as it will either generate some revenue to offset expenses or will reduce operating costs, "negligible" is defined as operating expenses will increase no more than about \$10,000 per year, "slight" is defined as operating expenses will increase between about \$10,001 and \$50,000 per year, "moderate" is operating expenses will increase between about \$50,001 and \$100,000 per year, and "high" is operating expenses will increase more than \$100,001 per year.

CITY OF NORMAN

Below is a list of Capital Projects and their associated operating impact.

<u>FYE 2025 projects</u>			
<u>Project Title</u>	<u>Project Category</u>	<u>Operating Impact</u>	
Alley Repair Program	Street Maintenance	Positive	Reduce maintenance costs
Asphalt Pavement Maintenance	Street Maintenance	Negligible	Reduce maintenance costs
Concrete Pavement Maintenance	Street Maintenance	Negligible	Reduce maintenance costs
Crack Seal	Street Maintenance	Positive	Reduce maintenance costs
Sports Field Relighting	Parks and Recreation	Negligible	Conversion to LED extends lighting lifespan
Building Maintenance - Roofs	Facility Maintenance	Positive	Proactively address roof repairs
Building Maintenance - HVAC	Facility Maintenance	Positive	Extend Facility HVAC lifecycle
HVAC Automation	Facility Maintenance	Positive	Reduce down time and extend life of equipment
Capital Plumbing Replacement	Facility Maintenance	Positive	proactively address repairs and increase efficiency.
Wayfinding	Transportation	Negative	\$3,000 per year for sign maintenance
Driveway Repair Program	Transportation	Positive	Will improve pedestrian, driveway access and safety
Horizontal Saw-Cut Program	Transportation	Positive	Will improve pedestrian and public safety
Traffic Calming	Traffic	Negative	\$3,000 per year for sign and pavement maintenance
Sidewalk Accessibility	Transportation	Positive	Will improve pedestrian and public safety
Sidewalk Schools and Arterials	Transportation	Positive	Will improve pedestrian and public safety
Sidewalks and Trails	Transportation	Positive	Will improve pedestrian and public safety
Citywide Sidewalk Reconstruction	Transportation	Positive	Will improve pedestrian and public safety
Downtown Area Sidewalks/Curbs	Transportation	Positive	Will improve pedestrian and public safety
Drainage Projects	Stormwater	Positive	Reduced employee services, materials, and equipment cost
Drainage Rehabilitation	Stormwater	Positive	updated service results in overall decrease expenditure
Force Account Drainage	Stormwater	Positive	Reduces employee services, materials, and equipment cost
Imhoffe Creek Stabilization	Stormwater	Positive	reduce loss of property and reduce maintenance
Lake Thunderbird TMDL Compliance	Stormwater	Positive	As lake quality improves, drinking water quality will improve
36th Ave NW & Tecumseh Rd	Transportation	Negative	\$5,000 per year for electricity and preventive maintenance
Rock Creek Rd - Grandview to 36th	Transportation	Negative	\$5,000 per year for electricity and preventive maintenance
Lindsey St. Ph. 2 - Pickard to Elm	Transportation/Bond	Negative	\$5,000 per year for electricity and preventive maintenance
36th Ave SE - Cedar Lane Rd/ to SH9	Transportation/Bond	Negative	\$5,000 per year for electricity and preventive maintenance
36th NW Phase 3 Indian Hills to Moore	Transportation/Bond	Negative	\$5,000 per year for electricity and preventive maintenance
Cedar Lane - E of 24th to 36th SE	Transportation/Bond	Negative	\$5,000 per year for electricity and preventive maintenance

Summary

Norman is a vibrant, growing city. This growth puts tremendous demands on capital improvement resources for street construction, park development, storm drainage and capital equipment. Alternative financing methods are being evaluated in order to maximize the accomplishment of needed projects.

**NORMAN FORWARD SALES TAX CAPITAL FUND
BUDGET
HIGHLIGHTS**

Background

NORMAN FORWARD is a citizen-initiative to renovate, expand, construct and fund Quality of Life projects, such as multiple recreational facilities, libraries, parks, athletic venues, public art, trails, swim complexes and other quality of life projects throughout Norman.

On October 13, 2015, the voters of Norman voted on and approved a one half of one percent (1/2%) 15-year temporary sales tax increase to fund Norman Forward Quality of Life Projects. The tax was effective January 1, 2016.

A \$43,160,000 revenue note was approved through the Norman Municipal Authority in December 2015 for the financing of these projects, and a second financing, for \$30,950,000 was completed in June, 2017.

Some of the projects include:

- New Central and Eastside Branch Libraries
- James Garner Avenue Extension
- Westwood (Outdoor) Pool Reconstruction
- Westwood Tennis Center Renovation
- Reaves Park Baseball Complex Renovation
- Griffin Park Land Purchase
- Griffin Park Soccer Complex Reconstruction
- New Football and Softball Complex
- Neighborhood Park/Trail Development
- Community Park Development
- Canadian River Trails Park Development
- Road and Infrastructure Improvements
- Senior Citizens Center
- Young Family Athletic Center

Other authorized NORMAN FORWARD expenditures could include public art, maintenance and support personnel.

FYE 25 Budget

In FYE 25, \$15,309,932 in revenue is projected. Expenditures of \$10,867,827 are projected with the majority going towards debt service. Neighborhood park improvements, road and infrastructure improvements, and other Norman Forward projects are slated for FYE 2025.

**PARK LAND AND DEVELOPMENT FUND
BUDGET
HIGHLIGHTS**

Background

The Park Land and Development Fund is a Special Revenue Fund established for the purpose of accounting for Park Land fees as identified in Ordinance Number O-7576-21 dated January 1976. The Ordinance was amended in September 1994 and provides in Section 19-702, "All persons, firms or corporations subdividing land under provisions of the Code of the City of Norman for residential purposes within the boundaries of said City shall, prior to the recording of their respective final plats, and subject to the other provisions hereinafter following: (1) dedicate land to be used solely and exclusively for public park and recreation purposes or, (2) make an equivalent monetary contribution based upon a value of the land required to be dedicated, in lieu of the actual transfer of land or, (3) dedicate land to a mandatory Property Owner Association (P.O.A.) for private recreation purposes."

An additional park development fee approved in September 1994 is being accounted for in the Park Land and Development Fund. This fee is used 50% for development for community parks and 50% for neighborhood parks.

On March 1, 2011, voters approved a Charter Amendment to allow the use of park land fees in the nearest community and/or neighborhood park in the absence of suitable park land sites in the subdivision that generated the fees.

Community parks include Andrews, Reaves, Griffin, Sutton, Saxon, Ruby Grant, and Legacy Park. There are an additional 57 neighborhood parks.

FYE 25 Budget

There are revenues of \$95,000 estimated in FYE 25, which include fees of \$85,000.

There is a fund balance of \$316,518 projected at the end of FYE 25 that may be utilized for the purposes discussed in the Park Land Ordinance.

**UNIVERSITY NORTH PARK TAX INCREMENT DISTRICT FUND
BUDGET
HIGHLIGHTS**

Background

The University North Park Tax Increment Finance District (UNP TIF) Fund is a Capital Fund established to account for the incremental revenue from sales and property taxes generated from Tax Increment District Two, City of Norman and public improvement project costs within the district.

On May 23, 2006, the City Council adopted Ordinance O-0506-66, establishing the University North Park Tax Increment Finance District (City of Norman TIF #2). TIF #2 is located on a 580-acre tract of land along I-35 in north central Norman. Plans for the TIF include the construction of public infrastructure including road and traffic improvements; a conference center, a new community park (“Legacy Park”) and extension of the City’s Legacy Trail; construction of an overpass of Interstate 35 at Rock Creek Road; and economic development incentives designed to attract quality jobs and higher-end retail establishments to the UNP Development. The majority of the infrastructure and park projects have been completed.

FYE 25 Budget

The Council approved the formation of the University North Park Business Improvement District (UNP BID) on July 8, 2014 (Resolution 1415-11). The BID collects assessments from property owners in the UNP development, which are matched by City TIF funds, together totaling \$200,000 per year. These allocations are for the purpose of providing for the maintenance of Legacy Park, including park trails and greenways throughout the UNP development. BID proceeds may also be used for landscape and lighting plans, and for the design and/or construction of a decorative entryway into the UNP development. The first entryway sign project was completed in FYE 2018. The FYE 2025 budget includes \$200,000 from BID assessments and \$148,256 in City TIF funds for these maintenance expenses.

Beginning in Fiscal Year 2020, sales taxes earned in the UNP TIF District will no longer be apportioned to the UNP TIF fund. No property tax revenues are projected to be apportioned to the UNP TIF Fund in FYE 2024. Council passed an Ordinance and other actions (Ordinance O-1920-24; accompanied by Contract K-1920-82 and Resolution 1920-63) to amend the UNP TIF Project Plan to enact the end of this sales tax apportionment and deposit the full sales tax collections into the General Fund and Capital Fund.

**CENTER CITY TIF FUND
BUDGET
HIGHLIGHTS**

Background

The CCFBC was adopted by the City Council on May 23, 2017 to codify the goals and objectives of the Center City Vision. The City Council adopted the Norman Center City Project Plan and Tax Increment Finance District No. 3 on December 19, 2017 (O-1718-27), for the purpose of stimulating the development contemplated by the Center City Form-based Code (CCFBC), and promoting smart development practices in the Center City area. The CCFBC consists of infill and new development with residential, multi-family residential, urban mixed-use, and improved streets, streetscapes, public improvements, connectivity, and pedestrian accessibility in the Center City area.

The project plan authorizes \$44,000,000 in project costs for public infrastructure, and an additional \$3,400,000 in project costs for contingencies and implementation/administration costs. The project plan authorizes 90 percent of the incremental tax revenue generated from increases in property taxes resulting from new private investment in the Increment District to be used to pay authorized project costs.

FYE 25 Budget

The FYE 25 Budget shows a beginning fund balance of \$3,882,324 and projected property tax revenues of \$1,470,414. No expenditures are projected for FYE 25.

**GENERAL DEBT SERVICE FUND
BUDGET
HIGHLIGHTS**

Background

Debt financing allows improvements to be made as the need arises rather than delaying the project until sufficient revenue is accumulated. By using debt financing, the cost of capital improvements can be more equitably distributed to the users of the facility over its expected useful life.

The goal of the City of Norman’s debt policy is to maintain the ability to provide essential City services in a cost-effective manner. This goal is balanced with maintaining the ability to borrow at the lowest possible rates. For a project to be soundly financed through the issuance of long-term debt, the City uses the following guidelines:

- Revenue sources that will be used to pay off the debt are conservatively projected
- The financing of the improvement will not exceed its useful life
- The benefits of the improvement must out-weigh its cost, including the interest cost of financing
- Through the application of these policies, the Council rigorously tests the demand for debt financing

Debt financing supports necessary capital projects. These capital projects are integrated into the City’s capital improvement plan, which also includes significant pay-as-you-go projects. All capital projects are linked to the services that the City provides to its residents, enterprise customers and visitors.

Outstanding Debt

The following table summarizes the City’s outstanding debt as of the year ended June 30, 2023, including debt to be paid by City-operated enterprises.

General Government Debt	Final Maturity	Outstanding Balance	Interest Rate

Enterprise fund debt is retired with revenues from the enterprise, and the City’s ability to service the debt is measured by the amount of revenue from operations available to pay the amounts due. The following table illustrates historical debt coverage ratios for Water/Wastewater Enterprise revenue debt.

CITY OF NORMAN

General Government debt is retired with revenues from annual property tax levies unless specific revenue from other sources is dedicated, to the extent available, for debt service. The City’s ability to repay this debt is judged on the basis of a combination of factors, including legal debt margin, economic characteristics, governmental organizations, and financial performance. The City’s debt capacity is established by Section 26 and 27, Article X of the Oklahoma Constitution. Section 26 limits bonds issued for road or bridge improvements to ten percent (10%) of the net assessed valuation (gross valuation minus homestead) of the City. Section 27 authorizes cities and towns to issue bonds for utilities, broadly defined as anything other than roads and bridges, used by the public. Although the amount of bonds issued under this provision is not specifically limited, debt exceeding 30% of the net assessed valuation would generally affect marketability of the bonds.

Legal Debt Margin - June 30, 2023 (in thousands)

Assessed Valuation:		
Net Assessed Value		\$1,296,635
Section 26 limitation:		
10% of net assessed value	\$ 129,664	
Section 27 limitation:		
30% of net assessed value		\$388,991
Debt applicable to limitation:		
Total general bonded debt	\$ 104,240	
Less amount available for payment	<u>(4,282)</u>	
Total debt applicable to limitation	<u>\$ 99,958</u>	
Legal debt margin		\$289,033

FYE 25 Budget

The Norman Utilities Authority Water and Wastewater Division’s revenues service the two revenue issues, while the Norman Municipal Authority revenues service the ERP and Public Safety revenue issues. Norman Forward Sales Tax Notes issued by the Norman Municipal Authority are serviced by Norman Forward Sales Tax Revenues.

In October, 2023, a \$50 million G.O. Bond referendum was approved by voters to rehab and replace multiple Norman bridges, which caused a significant increase in debt service payments for FYE 25 and beyond.

**RETIREMENT SYSTEMS
BUDGET
HIGHLIGHTS**

The City of Norman contributes to three separate retirement systems on behalf of City employees.

- Norman Employees Retirement System;
- Oklahoma Firefighters Pension and Retirement System;
- Oklahoma Police Pension and Retirement System.

Each of these retirement systems is administered by entities other than the City of Norman and as a result the City does not exercise budgetary control. Therefore, they are not included in the FYE 25 Budget as separate funds of the City. It should be noted that the costs of contributions to the systems appear as a part of salaries and benefit category of expenditure in every operating fund of the City.

Employee Retirement System

The Employee Retirement System (the “Plan”) of the City of Norman is a single-employer public retirement system, which was established on November 1, 1967, by a City ordinance and amended on January 29, 1985 and July 1, 1991. The Plan was a defined benefit pension plan to which the City and employees contributed. The July 1, 1991, amendment converted that portion of the Plan which relates to non-retired participants to a money purchase defined contribution plan under section 414 (h) of the Internal Revenue Code (the “New Plan”). For active employees as of July 1, 1991, an amount equal to the greater of the participants’ vested benefits under the Plan or their account balance in the Plan was transferred to a participant account in the New Plan.

A Board of Trustees, composed of six members, meeting at least quarterly, manages the New Plan. Members by position include the City Manager or a designee, Finance Director, and Human Resources Director. The City Council elects one additional member, and the American Federation of State, County, and Municipal Employees (AFSCME) union membership elects the final two members. All active employees who participate in the New Plan contribute 6.5 percent of their base pay and the City contributes 8.5 percent of member’s payroll to the New Plan.

The Plan will remain in existence to pay benefits to those retired employees receiving benefits at July 1, 1991. As of April 1, 2024, the Plan included 4 retirees and other beneficiaries.

Oklahoma Firefighters Pension and Retirement System

The Oklahoma Firefighters Pension and Retirement System (OFPRS) cover uniformed members of the City’s Fire Department, which is a cost sharing multiple-employer public employee retirement system. All full-time firefighters, who are hired before age 45, are eligible to participate in the system. The pension plan provides pension benefits as well as death and disability benefits.

Members of the firefighter’s retirement system are required to pay 8% of their base pay to the pension plan. By State Statute, the City contributes 14% of member’s payroll to the OFPRS.

Oklahoma Police Pension and Retirement System

The Oklahoma Police Pension and Retirement System (OPPRS) cover uniformed members of the City's Police Department, which is a cost sharing multiple-employer, public-employee retirement system. Police officers employed in participating municipalities are required to participate in the system, provided they meet certain requirements. Police officers are required to pass physical and medical examinations and must be not less than 21 or more than 35 years of age when accepted for initial membership. Members of the police retirement system are required to pay 8% of their base pay to the pension plan. By State Statute, the City contributes 13% of member's payroll to the OPPRS.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

CITY CLERK

GOALS:

To enhance customer service by:

- Providing error free City Council agendas and minutes in a timely manner
- Increasing the number of documents provided electronically
- Responding to citizen requests for records in a timely manner
- Responding to citizen requests through the Action Center

OBJECTIVES:

- Maintain records of the City so they are easily accessible to internal and external customers.
- Maintain records of licenses and permits so businesses are inspected and properly licensed.
- Prepare City Council minutes and agendas to keep Council and the public informed of the City's business.
- Provide administrative support to the City Council and assist them in resolving problems with constituents.
- Provide efficient and effective assistance to citizens by telephone, written communication, and personal contact.
- Provide responses to citizens through the Action Center with cooperation from all City departments.

DIVISION SUMMARY

10120195 MUNICIPAL ELECTIONS

MISSION:

Pursuant to Article II, Sections 5 and 6, of the Charter of the City of Norman, funds are budgeted to pay for City Council elections and any special elections that are anticipated. By resolution adopted each year, the City Council shall designate a date in the following year, which is approved under then-current state law, for the holding of Norman's municipal elections and Municipal runoff elections. If allowed by then-current state law, the date for municipal elections shall be in February and the Municipal runoff elections shall be in April.

DESCRIPTION:

The City Clerk's office maintains the Municipal Election funds, which pay for City Council elections and any special elections; makes certain that all required notification is given to the Election Board in a timely manner; and makes certain that all legal notices are served in a timely manner.

DEPARTMENT SUMMARY

TOTAL CITY COUNCIL

MISSION:

The mission of the City Council of Norman is to promote a community of excellence with effective, efficient, and responsive services which promote the health, safety, and general well-being of the citizens. The City Council encourages group and individual initiatives that create social and physical environments of high quality.

DESCRIPTION:

The City Council is the legislative and governing body of City government. All legislative powers, except the initiative and referendum, are vested in the City Council. The City Council consists of a Mayor elected at large and eight Council members elected by the registered voters of the respective wards of the City. The Mayor shall preside at all meetings of the Council and shall perform in addition to his/her legislative duties such ceremonial duties as are necessary in the conduct of the City's business.

DIVISION SUMMARY

10110101 CITY COUNCIL

GOALS:

The mission of the City Council of Norman is to promote a community of excellence with effective, efficient, and responsive services which promote the health, safety, and general well-being of the citizens. The City Council encourages group and individual initiatives that create social and physical environments of high quality.

OBJECTIVES:

The City Council is the legislative and governing body of City government. All legislative powers, except the initiative and referendum, are vested in the City Council. The City Council consists of a Mayor elected at large and eight Council members elected by the registered voters of the respective wards of the City. The Mayor shall preside at all meetings of the Council and shall perform in addition to his/her legislative duties such ceremonial duties as are necessary in the conduct of the City's business.

The FYE 2025 General Fund allocation to the City Council includes funding in the amount of \$745,700 to several outside agencies providing beneficial services to the entire Norman community. These agencies include:

- Norman Economic Development Coalition (NEDC) - \$125,000
- Center for Children and Families, Inc. (CCFI) - \$150,000
- Kiwanis Kruiser - \$14,500
- Performing Arts Studio - \$50,700
- Veterans Day Parade - \$500
- Association of Central Oklahoma Governments (ACOG) – Membership - \$85,000
- Oklahoma Municipal League (OML) – Membership - \$65,000
- Oklahoma Municipal Management Services – Membership - \$5,000
- Social and Voluntary Services Commission - \$250,000

DIVISION SUMMARY

10110198 SISTER CITIES PROGRAM

MISSION:

To establish, maintain and coordinate international relationships of economic, cultural and educational activities.

DESCRIPTION:

The Sister Cities Program is composed of citizen volunteers who establish goals and objectives for the program. The program also encourages and facilitates sister city relationships for Norman with cities outside the United States. Norman has four Sister Cities: Clermont-Ferrand, France; Colima, Mexico; Sieka Town, Japan; and Arezzo, Italy.

DIVISION SUMMARY

10110187 SOCIAL AND VOLUNTARY SERVICES

MISSION:

The mission of Social and Voluntary Services is to provide quality social and voluntary services to the citizens of Norman. They coordinate services designed to prevent, alleviate, or contribute to the solution of recognized social problems, and to improve the well-being of individuals, groups and the community.

DESCRIPTION:

The Social and Voluntary Services Commission acts in an advisory capacity to the City Council with specific attention to the evaluation and coordination of social and voluntary services in, but not limited to, the following areas: Arts and Humanities, community goals analysis and evaluation, health and mental health, income security, information referral, senior citizens and youth.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

COMMUNITY & BUSINESS RELATIONS

GOALS:

- Showcase Norman as an attractive destination for new or expanding retailers
- Retention and strengthening of existing businesses
- Improve permit application process for Special Events
- Achieve Film-Friendly certification in partnership with VisitNorman
- Support place making initiatives in our commercial districts
- Collaborate with community partners to work towards building economic resiliency

OBJECTIVES:

- Continued recruitment of targeted retailers based on updated retail leakage reports and community needs
- Support programs aimed at assisting small business in Norman
- Continued implementation of City View software for Special Events, including addition of film permit
- Support local partners with place making and community-building efforts

DIVISION SUMMARY

10110343 ENVIRONMENTAL RESILIENCE AND SUSTAINABILITY

MISSION:

- To help protect human health, the environment, and the publicly owned treatment works.
- To help ensure City compliance with its Oklahoma Pollutant Discharge Elimination System (OPDES) and other regulatory permits.
- To administer the Earth Change, Industrial Pretreatment, and FOG permitting process.
- To ensure City compliance with its Oklahoma Pollutant Discharge Elimination System (OPDES) and other regulatory permits, including Phase II MS4 program and the Industrial Pretreatment Program.
- To control the introduction of pollutants into the MS4 stormwater discharges, spills, and dumping.
- To advise and assist the City of Norman to develop sustainable measures, practices, buildings, and fleets that are environmentally, economically, and socially responsible.
- To act as the Utilities Department representative on environmental issues.
- To assist citizens, businesses and the City government in preventing pollution.
- To enable smart choices for our community and its residents by promoting through education, outreach and awareness efforts, energy, fuel, and water conservation; investment in renewable energy; reduction of waste; and protection and restoration of the community's resources.
- To provide a safe and reliable place for residents to reuse, recycle and/or dispose of household hazardous materials.

DESCRIPTION:

The Division of Environmental Resilience and Sustainability helps protect the health, safety and welfare of our residents while also providing support to various City Departments and Divisions. These goals are achieved through their efforts in regulating certain activities like construction stormwater runoff and industrial wastewater discharges to the sanitary sewer, in monitoring and controlling pollutants from businesses or in stormwater runoff discharges that could cause harm to employees, residents, environment and City property and by helping internal and external stakeholders maintain compliance with environmental permits and requirements, as well as adopting, and providing support to others who have environmental and conservational activities, plans and programs. Additionally, they respond to citizen requests, pollution issues and the Norman Action Center notifications within two days. They are also tasked with planning and implementing projects within the Lake Thunderbird TMDL load reduction requirements so that the water quality within the lake is improved. Their activities are accomplished through programs such as the Municipal Separate Storm Sewer System (MS4) Program, the TMDL Monitoring and Compliance Program, the Industrial Pretreatment Program, the Fats Oil and Grease Program, the Cross Connection Control Program, the Household Hazardous Waste Facility, and other programs. This Division is the liaison with the Environmental Control Advisory Board which is a board responsible for education. This Division works with departments and divisions to plan and implement environmental and sustainability measures to protect and restore the community's environment. In addition, this Division is responsible for planning the Earth Day Festival and Earth Moon activities, as well as other participatory, educational, outreach and awareness events.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

ENVIRONMENTAL RESILIENCE AND SUSTAINABILITY

GOALS:

- To be in full compliance with Federal and State Pretreatment Regulations
- To provide the tools and training to have an educated staff with accurate, reliable information
- To provide a safe work environment
- To help protect the infrastructure of the Utilities Department
- To aid in protecting residents and the environment from pollution
- To educate businesses and the community on environmental issues, pollution prevention and waste reduction
- To provide technical support to the Utilities Department and all departments
- To recover costs for excessive strength waste and laboratory analysis and strive to reduce costs for other programs

OBJECTIVES:

- To be the city liaison and provide assistance to the Environmental Control Advisory Board with public education and providing guidance to Council.
- Maintain Green Norman website.
- Continue coordination of the Earth Day Festival and Earth Month activities.
- Provide a safe and reliable place for residents to reuse, recycle, or dispose of their household hazardous waste.
- Clearly communicate requirements for the Fats, Oil, and Grease (FOG) Program, the Dental Amalgam Program, and the Industrial Pretreatment Program to new and existing businesses.
- Provide technical advice, as related to Industrial Pretreatment, to other division/departments.
- Develop new programs and measures to meet emerging and future needs of division.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

10110225 STORMWATER QUALITY

MISSION:

- To help protect human health, the environment, and the publicly owned treatment works.
- To protect the health safety and welfare of residents through regulation of the City's MS4 program and the TMDL monitoring and compliance program.
- Administer the Earth Change, Industrial Pretreatment, and FOG permitting processes.
- To ensure City compliance with its Oklahoma Pollutant Discharge Elimination System (OPDES) and other regulatory permits, including the Phase II MS4 program and the Industrial Pretreatment Program.
- To advise and assist the City of Norman to develop sustainable measures, practices, buildings, and fleets that are environmentally, economically, and socially responsible.
- To assist citizens, businesses, and the city government in preventing pollution.
- To control the introduction of pollutants into the MS4 from stormwater discharges, spills, dumping, illicit discharges, or other methods.
- Act as the Utilities Department representative on environmental issues.
- Enable smart choices for our community and its residents by promoting, through education, outreach and awareness efforts, energy, fuel, and water conservation; investment in renewable energy; reduction of waste; and protection and restoration of the community's resources.
- To provide a safe and reliable place for residents to reuse, recycle and/or dispose of household hazardous materials.

DESCRIPTION:

The Division of Stormwater Quality helps protect the health, safety and welfare of our residents, while also providing support to various City Departments and Divisions. These goals are achieved through their efforts in regulating certain activities like construction stormwater runoff and industrial wastewater discharges to the sanitary sewer, in monitoring and controlling pollutants from businesses or in stormwater runoff discharges that could cause harm to employees, residents, environment and City property and by helping internal and external stakeholders maintain compliance with environmental permits and requirements, as well as adopting, and providing support to others who have adopted, environmental and conservational activities, plans and programs. Additionally, they respond to citizen requests, pollution issues, and the Norman Action Center notifications within two days. They are also tasked with planning and implementing projects within the Lake Thunderbird Watershed to meet TMDL load reduction requirements so that the water quality within the lake is improved. Their activities are accomplished through programs such as the Municipal Separate Storm Sewer System (MS4) Program, the TMDL Monitoring and Compliance Program, the Industrial Pretreatment Program, the Fats, Oil and Grease Program, the Cross Connection Control Program, the Household Hazardous Waste Facility, and other programs. This Division is the liaison with the Environmental Control Advisory Board which is a board responsible for education. This Division works with Departments and Divisions to plan and implement environmental and sustainability measures to protect and restore the community's environment. In addition, this Division is responsible for planning the Earth Day Festival and Earth Month activities, as well as other participatory, educational, outreach and awareness events.

FINANCE DEPARTMENT

23 EMPLOYEES

DEPARTMENT SUMMARY

TOTAL FINANCE DEPARTMENT

MISSION:

The mission of the Department of Finance is to plan, receive, monitor, safeguard, invest, account for and expend the financial resources of the City of Norman in the highest legal, ethical and professional standard practical, and to respond to the service needs of our customers in a timely, courteous and accurate manner.

DESCRIPTION:

The Department of Finance (DOF) is the central manager of the City's assets and is responsible for controlling and recording the organization's financial activity. Specifically, the DOF reviews and monitors financial activity against the City's financial plan (budget); initiates and records all investment activity; and prepares financial statements and schedules for audit and public information. The Department also provides purchasing, payroll, printing and mail processing services to user departments; and provides utility services connections, disconnections, billing, and collections to customers in the City of Norman.

DIVISION SUMMARY

10330320 ACCOUNTING

MISSION:

The mission of the Accounting Division is to provide, monitor and operate an accounting system which records all the financial transactions of the City on an accurate and timely basis for reporting and dissemination in appropriate format to user departments, management, oversight agencies, and citizens.

DESCRIPTION:

The Accounting Division maintains and operates the financial and budgetary accounting system, which captures and records all financial transactions of the City. In addition to the general ledger system, the Division maintains, processes, monitors and reconciles various sub-systems which capture detailed transactions in the areas of payroll administration and reporting, procurement of goods and services, accounts payable, accounts receivable, Risk Management, and fixed assets. The Division is responsible for special, monthly, and annual financial reporting in various formats, including the Comprehensive Annual Financial Report.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

ACCOUNTING

GOALS:

- To provide accurate financial information in an appropriate and timely manner to all users.
- To capture and record all financial transactions of the City in accordance with generally accepted accounting principles.
- To implement and observe all applicable Government Accounting Standards Board (GASB) pronouncements.
- To observe and meet all schedules and deadlines for financial reporting, tax deposits, payroll, purchasing, Risk Management, and accounts payable.

OBJECTIVES:

- Produce a Comprehensive Annual Financial Report each year, which conforms to the highest standards of financial reporting.
- Financial statements to be prepared in accordance with all GASB requirements.
- Ensure monthly departmental revenue and expenditure activity and reports are produced within 10 working days after the end of each month.
- Ensure receipt and verification of all personnel changes and time data to produce accurate biweekly payroll.
- Ensure distribution and deposit of all payroll withholdings.
- Monitor all requests for bids and requests for proposals to ensure compliance with statutory and policy requirements.
- Process all receiving and invoice documents when received to meet weekly accounts payable schedule.
- Maintain an organized and up-to-date filing system for all required documentation.
- Maintain project accounting system, which includes all capital projects of the City.
- 100% of fixed assets will be tagged and tracked using the fixed asset tracking system. An annual inventory will be performed to verify the status of the fixed assets and infrastructure activity will be tracked accordingly.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

BUDGET

GOALS:

- Produce a balanced operating budget as required by City Charter, Article III, Section 4 (I) and Article II, Section 17-205 of the Oklahoma Municipal Budget Act.
- Help decision-makers make informed choices about the use of services and capital assets by assisting in research efforts and analysis.
- Stay informed, up-to-date and educated on various technical and policy issues affecting government finance in order to provide professional support and training to others on finance, budget and accounting issues.
- Provide departments with clearly defined financial policies and procedures as they relate to finance and budget transactions to ensure compliance with City Manager, City ordinances and other regulatory governmental agency requirements.
- Monitor operational activities, and proactively strive to improve processes.

OBJECTIVES:

- Ensure the annual operating budget is timely, accurate, and meets the criteria set forth in the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award Program.
- Assist City departments, Council members and citizens in research efforts and developing approaches to achieve goals by providing accurate information to requestors in a timely manner or directing them to the appropriate resource.
- Increase awareness/knowledge related to various finance and budget issues through workshops and correspondence.
- Monitor daily financial activities for appropriateness/compliance and provide monthly reports to ensure that expenditures are within budgetary guidelines.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

10330122 UTILITY SERVICES

MISSION:

The mission of the Utility Services division is to provide accurate and efficient billing services for the City of Norman utility customers; to be a customer advocate within City guidelines by providing modern, adaptable, quality focused customer support, responsive to the customer and their needs. The customer service area strives to educate customers regarding operating procedures, and to research and provide accurate and prompt information to requests made by citizens and intra-city departments.

DESCRIPTION:

The Utility Services Division oversees all utility account activity, including initiating and ending utility service, managing delinquencies, investigating unusual water consumption, providing customer service, producing accurate and timely billings of all utilities offered by the City, and researching and responding to various citizen and agency requests for utility related information.

ADMINISTRATION

GOALS:

- To continue to supervise and oversee all Fire Department activities in order to assure effective service to the public.
- To continue to coordinate and implement departmental planning; budget formulation and administration; personnel administration; and effective distribution and assignment of resources for all Department staff members to provide a healthy and productive work environment.
- Examine 100% of all plans submitted for; deficiencies of built-in safeguards designed to prevent fire from starting, protect the occupants and limit the spread of fire should it occur.
- To continue to review and update policy, procedures, rules and regulations for the Fire Department.

OBJECTIVES:

- Continue to look at, manage and implement our growth and apparatus plans.
- Continue to oversee implementation and improvement of CAD/RMS with Prevention for Fire Department use as well as all other divisions.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

PREVENTION

GOALS:

- Provide for the public's safety by creating awareness of fire as a personal, family, business and community concern and by securing the cooperation of individuals and property owners in fire-safe practices for the safety of themselves and others.
- Maintain Fire Inspector and Fire Protection Engineer skills to current state law and national standards.
- Provide for the public safety through engineering and plan review to ensure compliance with the fire protection and life safety provisions of the fire prevention code.
- Determine the nature and scope of the local fire problem by identifying areas that may require corrective educational efforts, inspection emphasis, and legislation or criminal prosecution.

OBJECTIVES:

- Conduct 100% of all educational programs requested by the public. Host the annual Fire Prevention Week, Arson Awareness Week, Norman Regional Hospital Kids are Special Program, participate in Safety Town and other activities related to public education.
- Maintain Fire Inspector, Investigation and Plan review skills through training and certifications to meet NFPA, IFC, CLEET (for commissioned personnel), seminars and the National Fire Academy.
- Following NOC and IFC codes inspect 100% of all new construction and existing "high hazard" properties, inspect 100% of all existing multi-residential properties. All other properties subject to fire inspections completed biannually.
- Determine the cause for 90% of all fires that occur. Maintain a 60% clearance rate and 95% conviction rate for fires determined to be arson.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

SUPPRESSION

GOALS:

- Provide an effective response to emergency medical calls, fires, explosions, hazardous materials releases, rescue from hazardous conditions, and other emergencies to reduce the threats of harm or loss to the public.
- Provide an effective force of personnel and equipment in a constant state of readiness to assure the availability of a response at all times.

OBJECTIVES:

- Maintain per capita fire loss at less than the national average.
- Maintain typical staffing levels per unit at or above the national average.
- Expand our technical rescue capabilities.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

HUMAN RESOURCES

GOALS:

- Provide and interpret policies, procedures, programs and collective bargaining agreements that uphold the welfare, safety, and rights of employees and management.
- Facilitate productive management/employee workplace partnerships, conflict resolution and negotiation.
- Utilize recruitment and selection methods that contribute to our highly qualified workforce.
- Administer a quality benefit program and employee classification and compensation system that is cost effective and assists in attracting and retaining employees.
- Provide appropriate evaluation criteria for assessing and improving job performance.
- Contribute to a high level of employee engagement that supports individual, group, and organizational performance.

OBJECTIVES:

- Reduce non-conformances related to human resource policies, practices and procedures and employment law through management/supervisory training and counseling.
- Reduce grievances through union and management consultation.
- Recruit, hire and promote highly qualified individuals for entry level and key positions.
- Conduct active benefits and wellness programs.
- Improve job performance utilizing an evaluation system that provides for year-round action planning and coaching opportunities.
- Provide employee special events and programs that enhance employee engagement and community involvement.

DIVISION SUMMARY

10131190 CULTURE & SOCIAL RESPONSIBILITY

MISSION:

The office of Culture & Social Responsibility is committed to helping overcome systemic and individual biases, which have traditionally resulted in the marginalization of many segments of society. Zeroing in on breaking down racial and disability barriers to create a diversely inclusive workforce through education, engagement, and collaboration with all of the communities throughout the City of Norman. To help ensure inclusivity, Employee Resource Groups (ERGs), community outreach, and the Americans with Disabilities Act (ADA) Programs have been implemented to aid in providing equal opportunities in community programs, activities, and services.

DESCRIPTION:

The office of Culture & Social Responsibility is made up of two full-time positions: the Social & Culture Strategist and the ADA Technician. Both work tandemly towards fulfilling the above mission through employee/community events and collaboration with the Human Rights Commission and the ADA Citizen Advisory Committee.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

CULTURE & SOCIAL RESPONSIBILITY

GOALS:

- Promote diversity and inclusion in the workplace through professional development.
- Promote and grow Employee Resource Groups (ERG).
- Develop strategies to recruit talent from diverse backgrounds.
- Develop new programs and measures to expand ADA awareness and advocacy across the City of Norman.
- Partner with other city departments to accelerate ADA improvements.
- Implement more effective way to track ADA Transition Plans & Self-Evaluations.

OBJECTIVES:

- Raising self-awareness of unconscious bias defined as the underlying attitudes and stereotypes.
- Implement social and culture programs.
- Highlight how having employees from various social and cultural backgrounds will help widen the range of knowledge, perspectives, and approaches from which decisions are made.
- Educate cultural and disability awareness through monthly calendars.
- Obtain software to host ADA Transition Plans and Self-Evaluations.
- Maximize budget allocations to reinforce ADA compliance and programming.

DIVISION SUMMARY

10131232 SAFETY

MISSION:

The mission of the Safety Division to mentor and train all City of Norman employees to provide municipal services in a manner that minimizes worksite hazards, prevents injuries and damage to property and equipment. Additionally, this division ensures citizens are protected from potential hazards that may be caused by City employees engaged in service operations.

DESCRIPTION:

The Safety Division provides City employees with the oversight, coaching and training to assure that safe operations will be the first priority in all City activities. All practical steps shall be taken to maintain a safe and healthy workplace, reasonably complying with all applicable regulations. These assurances are managed through regular worksite inspection, hazard assessment, activity hazard analysis, training needs assessment – gap analysis, and providing the appropriate training / coaching / guidance to the employees.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

SAFETY

GOALS:

- Continue to develop effective safety practices for each department to reduce injuries
- Continue to inspect facilities to ensure all employees are safe and free from workplace hazards
- Continue to provide training opportunities for employees that will improve their personal safety efforts
- Inspire employees to have a more involved workforce in safety procedures and policies

OBJECTIVES:

- Conduct monthly safety meetings at each CON facility and train to OSHA standards.
- Mentor departmental safety committees for all departments.
- Provide formal instruction to operations employees to ensure that they are trained in the correct trenching and shoring operations, confined space operations, traffic safety, operational risk assessment, vehicle operation and regulatory compliance.
- Conduct quarterly inspections of all CON facilities to ensure hazard free facilities.
- Conduct First Aid/CPR/AED certification training to employees to have a better chance of having more suitable first responders readily available in emergency situations.

INFORMATION TECHNOLOGY DEPARTMENT

17 EMPLOYEES

DEPARTMENT SUMMARY

TOTAL INFORMATION TECHNOLOGY DEPARTMENT

MISSION:

The mission of the Information Technology (IT) Department is to provide the highest quality technology-based services, in the most cost-effective manner, with optimal delivery, to the citizens, elected officials, and staff members of the City of Norman ensuring the maximization of the citizens' financial investments and the proper utilization, security, performance and availability of those technology-based services.

DESCRIPTION:

The Information Technology Department provides information systems management services to all departments in the City of Norman. This support includes approximately 1,900 personal computers, laptops, and network infrastructure devices. These devices are required for server connectivity to a 5-building main campus and 28 remote sites. The local area and wide area networks (LAN/WAN) provides workstations connectivity to each wireless and wired workstation used by employees in the City of Norman. Services provided by the IT Department include email storage and support, internet access support, desktop support, document administration, departmental systems application support and implementation, enterprise application support in the form of IBM iSeries, quality control for implementation, network servers and virtualization administration and support, web page design, security, telecommunications including VOIP and wireless phones, server and PC configuration management, data storage management, project management, and infrastructure design and support. The Office Services/ Print Shop division transferred to the Information Technology Department in FYE 24.

DIVISION SUMMARY

10123121 INFORMATION TECHNOLOGY

MISSION:

The mission of the Information Technology (IT) Department is to provide the highest quality technology-based services, in the most cost-effective manner, with optimal delivery, to the citizens, elected officials, and staff members of the City of Norman ensuring the maximization of the citizens' financial investments and the proper utilization, security, performance and availability of those technology-based services.

DESCRIPTION:

The Information Technology Department provides information systems management services to all departments in the City of Norman. This support includes approximately 1,900 personal computers, laptops, and network infrastructure devices. These devices are required for server connectivity to a 5-building main campus and 28 remote sites. The local area and wide area networks (LAN/WAN) provides workstations connectivity to each wireless and wired workstation used by employees in the City of Norman. Services provided by the IT Department include email storage and support, internet access support, desktop support, document administration, departmental systems application support and implementation, enterprise application support in the form of IBM iSeries, quality control for implementation, network servers and virtualization administration and support, web page design, security, telecommunications including VOIP and wireless phones, server and PC configuration management, data storage management, project management, and infrastructure design and support.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

INFORMATION TECHNOLOGY

GOALS:

Information systems and infrastructure are utilized in every department within the City of Norman and therefore the services rendered by the City of Norman staff to the citizens of Norman are directly impacted by Information Technology. Our goal is to provide effective information technology solutions and support in the form of helpdesk operations, applications support, network and server support, network security, network infrastructure design/support, and process improvement/development to all departments of the City of Norman in order to:

- Ensure the security, integrity, and proper utilization of the City's information and communication systems hardware, software, and data resources.
 - Protect the citizens', elected officials', and staff members' investment in the City's information and communication systems resources.
 - Ensure that the City's information and communication systems resources are available to City staff members and the public.
 - Ensure that the City's employees have complete support and training for any and all IT systems utilized.
 - Strive for standardization of systems and processes when and where applicable.
 - Work to create a broader range of technology solutions that are more robust and secure.
-

OBJECTIVES:

- Sustain and monitor filters for email tracking, web filtering, and infrastructure protection to reduce system intrusion and to help create a solid sustainment strategy. This includes the implementation of cyber-security strategies with dedicated personnel to monitor our various IT systems. This will enhance security while minimizing data loss and maximizing data protection.
 - Continue to educate and partner with end users via the IT Support Center for quick response to breaks, problems, and technical assistance requests. Utilize the SLA (Service Level Agreement) to help organize IT trouble tickets and communicate fix times with the end users. Keeps the flow of work between the IT staff and city employees organized and well communicated.
 - Enhance the disaster recovery strategy by expanding backup services to additional critical data points. Partner with the EOC (Emergency Operations Center) team to build a world class data center with a focus on redundancy, uptime, and seamless failover to keep critical and Public Safety technology operational in the instance of power loss and/or a major disaster.
 - Continue momentum generated over the previous years to improve data center wiring, electrical wiring, fire suppression, and cooling systems in the various data centers. This will protect the public's investment in the critical technologies that keep the city's services operational.
 - Engage various city departments and divisions in the continuing effort to secure the city's physical locations with camera systems, building access management, and monitoring systems. This team effort by various city staff will create a more secure environment to not only protect the city network but also protect the valuable physical assets and people that the city has invested in.
 - Enhance the city's Enterprise Resource Planning (ERP) system which is the various software suites responsible for data and management related to budgeting, accounts payable, accounts receivable, assets, inventory, purchasing, payroll, personnel, permits, code enforcement, land/parcel management, courts, and utility billing. Improve the business process by implementing and sustaining a modern ERP solution. Continue to manage, and maintain the ERP software and teach the business processes to all ERP system users. Reduce waste by automating manual processes and digitizing forms, documents, and records.
-

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	FYE 24 ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:					
Number of IT work requests completed	3,208	3,682	3,780	4,300	3,900
Number of public safety users supported	390	390	415	415	420
Number of public safety systems supported (PC's, laptops, printers, faxes, copiers, phones)	357	357	365	368	400
Number of public safety vehicles outfitted with IT supported equipment	154	154	160	165	165
Number of public safety network and infrastructure devices supported (wireless air cards, access points, network switches)	215	215	230	230	250
Number of public safety work requests resolved	1,204	1,338	1,450	1,400	1,550
Number of department system users supported (excluding public safety)	354	354	390	395	398

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

MUNICIPAL COURT

GOALS:

Access to Justice

- Provide access to the judicial system through court proceedings, operations and facilities.

Expedition and Timeliness

- Perform court functions within a proper, suitable and reasonable time.

Equality, Fairness and Integrity

- Afford equality, fairness and integrity to all who have business before the court.

Independence and Accountability

- Affirm and maintain distinction as a separate branch of government and account publicly for the court’s performance.

Public Trust and Confidence

- Provide educational training for court and legal personnel, emphasizing professional development.

OBJECTIVES:

Access to Justice

- Conduct court proceedings and other public business openly.
- Provide services to persons with special needs.
- Ensure customer service integrity.

Expedition and Timeliness

- Provide timely case processing while keeping current with incoming caseload.
- Maintain a high disposition rate.
- Recover costs for incarceration.

Equality, Fairness and Integrity

- Provide due process and equal protection of the law to all defendants.
- Provide indigent services to qualifying defendants.
- Ensure enforcement of court orders.
- Ensure accuracy and preservation of court records.

Independence and Accountability

- Clarify, promote, and institutionalize effective working relationships with other components of the justice system.
- Provide public education.

Public Trust and Confidence

- Enhance positive image of the court by maintaining a high level of professionalism in working relationships with other branches of city government, citizens, and other entities.
- Provide public education.
- Promote professional development for continuing education for Oklahoma Municipal Court Clerk’s Association (OMCCA) certified personnel.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

	FYE 22	FYE 23	FYE 24	FYE 25
	ACTUAL	ACTUAL	PLAN	ESTIMATE
				PROJECTED

PERFORMANCE INDICATORS:

Access to Justice:

Percentage of court sessions that are public by law conducted in open court preceded by pre-arraignment statement

	100%	100%	100%	100%	100%
--	------	------	------	------	------

PERFORMANCE MEASUREMENTS - RESULTS REPORT (continued)

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	FYE 24 ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:					
Percentage of court appointed interpreters provided within 48 hours to qualified defendants	100%	100%	100%	100%	100%
<u>Expedition and Timeliness:</u>					
Administrative Deferred Sentence Program	119	232	240	250	272
Disposition rate of traffic and non-traffic cases	*149%	*127%	90%	*133%	98%
<u>Equality, Fairness and Integrity:</u>					
Assignment of court appointed attorneys for indigent defendants within 48 hours of approval	100%	100%	100%	100%	100%
Ratio of warrants served to warrants issued	124%	174***%	98%	99%	93%
<u>Independence and Accountability:</u>					
Provide employee diversity training sessions	1	2	2	2	2
<u>Public Trust and Confidence:</u>					
Number of Community Outreach Events (Law Day for Youth)	4	3	4	3	3
Attendance and participation in courses to meet continuing education requirements (Per registered Clerk)	6	11	6	6	6

Notes to Results Report:

** Cleared warrants are uncharacteristically higher than warrants issued because cases issued prior to July 1, 2000 were purged from the system.

* Disposition Rate is higher than normal due to clearing more old cases than new cases coming in.

DIVISION SUMMARY

10121135 JUVENILE PROGRAMS

MISSION:

The mission of the Juvenile Program of the Municipal Criminal Court is to promote education, prevention and accountability for juvenile offenders rather than punishment only thereby deterring behaviors that could lead to more serious offenses causing them to become more deeply involved in the justice system.

DESCRIPTION:

The Juvenile Program provides juvenile offenders an opportunity to give back to their community through community service and make them more accountable for their actions by promoting education and prevention programs. These programs have been developed to support intervention efforts aimed at deterring at-risk youth from possible re-offending and assist them in becoming productive citizens.

The mission of the Board of Parks Commissioners is to assist the Parks and Recreation Department in providing accessible, attractive, enjoyable and safe park facilities and recreational activities to the citizens of Norman.

DESCRIPTION:

The Norman Board of Parks Commissioners is a board organized for the purpose of considering and investigating any matter affecting the development and betterment of park and recreational facilities and policies pertaining thereto, and to make recommendations as it may deem advisable to the City Council concerning the same. It is responsible for making recommendations to the City Council regarding a system of supervised recreation. The Board is specifically authorized to make recommendations to the City concerning the recreation programs and policies of the City.

DIVISION SUMMARY

10770410 PARKS MAINTENANCE

MISSION:

The mission of the Parks Maintenance Division is to provide a park system in Norman, which is accessible, safe and enjoyable to the general public.

DESCRIPTION:

The Parks Maintenance Division is responsible for providing development and maintenance of the City's parks, recreation facility grounds, athletic fields, public grounds, as well as grounds at other City owned properties. These areas are maintained to aesthetically reflect community identity, enrich the quality of life and provide open space for leisure time activities.

DIVISION SUMMARY

10770421 RECREATION ADMINISTRATION

MISSION:

The Recreation Administration Division is committed to providing quality recreational services through programs for both passive and active users of all ages. This is accomplished through teamwork, respect and communication.

DESCRIPTION:

The Recreation Administration Division operates six facilities aimed at target groups of citizens. These centers include: one Senior Citizens Center, two recreational centers attached to middle schools (Whittier and Irving), one agency based community center (Little Axe), one garden, dance and exercise center (Reaves) and one multi-purpose center (12th Avenue). These centers not only provide recreational opportunities through their programming, but also offer rental space for meetings, parties and special events.

DIVISION SUMMARY

10770326 ADULT WELLNESS CENTER

MISSION:

To provide a facility and programming that improves the physical and emotional wellness of 50+ adults by:

- connecting adults and creating community through social wellness activities and initiatives
- supplying access to professional and recreational physical fitness activities
- providing education and support on current adult-related issues
- delivering services for anyone in the community with reasonable membership prices, a sliding scale, and scholarships

DESCRIPTION:

The Adult Wellness Education Center opened in the fall of 2023 and is operated by Healthy Living & Fitness, Inc. The 30,000 square foot facility was funded in part by the NORMAN FORWARD initiative, and offers a variety of physical and wellness activities for adults aged 50+.

PLANNING & COMMUNITY DEVELOPMENT

38 POSITIONS

* Two CDBG positions are funded in part from the General Fund and in part from the Community Development Fund. ** Two positions are funded entirely from the Community Development Fund.

DEPARTMENT SUMMARY

TOTAL PLANNING & DEVELOPMENT

MISSION:

The mission of the Department of Planning & Community Development is to develop, implement, and monitor a comprehensive urban planning process, emphasizing continuing interdepartmental cooperation and assistance in the preparation of plans and programs, to protect the health, safety, and welfare of the citizens of Norman through enforcement of City Codes.

DESCRIPTION:

The Department of Planning & Community Development provides support to the City Council, Planning Commission, Board of Adjustment, Historic District Commission, Greenbelt Commission, and Board of Appeals. The Department is responsible for developing and updating Chapter 36 – the Zoning Ordinance – and updating the Comprehensive Land Use Plan and other plans for the City. The Department reviews building permit applications, rezoning requests and subdivision of property while ensuring timely hearing of requests, which are reviewed by various Boards and the City Council. The Department is also responsible for enforcing various codes and ordinances related to the health, safety and welfare of citizens; updating all ordinances, which comprise the regulatory framework against which development proposals are evaluated. In addition, the Department is responsible for the administration of ordinances that affect the health, safety and welfare of citizens, and administration of federal grants related to housing and urban development.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

ADMINISTRATION

GOALS:

- Identify present and future community needs, establish priorities, and formulate long-term and short-term planning goals for consideration by City Council.
- Provide leadership ensuring the successful operation of each division of the Planning and Community Development Department in the execution of their goals and objectives. Develop and implement new processes and strategies for improved customer service.
- Coordinate and implement departmental planning: budget formulation and administration; personnel administration; and effective distribution and assignment of resources for all Department staff members to provide a healthy and productive work environment.
- Provide staff support to numerous Boards and Commissions which provide oversight for quality development in the City.
- Follow through with the update to the Comprehensive Land Use Plan.
- Provide public information on land development and planning issues through advertised public meetings and managing meetings in the office with applicants and other City staff.

OBJECTIVES:

- Provide leadership and guidance to each division of the Planning and Community Development Department.
- Administer resource allocations for each division.
- Provide direction for the department as a whole.

PERFORMANCE MEASUREMENTS – RESULTS REPORT:

DIVISION SUMMARY

10440152 CODE COMPLIANCE

MISSION:

To provide a higher quality of life in Norman by protecting and ensuring the continued health, safety and welfare of the citizens of Norman and to achieve compliance with City Codes through prevention by educating residents and property owners, and then encouraging them to voluntarily comply when there is a violation and notification or enforcement action becomes necessary.

DESCRIPTION:

The Code Compliance Division is responsible for the enforcement of codes in Chapters 6, 16, 20, 24, 28, and 36 of the City of Norman Code of Ordinances, which include nuisance codes, signs, zoning and property maintenance, all of which directly affect the health, safety and welfare of the citizens of Norman. Code Compliance is responsible for review and processing of all sign permits. The Division also conducts annual inspections in order to ensure the health and safety of hotels and motels, rooming and boarding houses, fraternities and sororities, mobile home parks, salvage yards, towing storage yards and short-term rentals.

CODE COMPLIANCE

GOALS:

- To educate the citizens of Norman about the health, safety, zoning, and environment to achieve voluntary compliance through awareness.
- To create a partnership with citizens to promote compliance as a part of good citizenship.
- To perform annual inspections to ensure the health and safety of hotels/motels, rooming and boarding houses, fraternities and sororities, mobile home parks, salvage yards, towing storage yards, and operating oil and gas wells.
- To respond to violation complaints in a timely manner to determine the merit of complaints and pursue correction.
- To achieve correction of violations through notification and voluntary compliance; issuance of citations; abatement by city contractors; or through court action to preserve public health & safety.
- To increase the quality of life in Norman neighborhoods.

OBJECTIVES:

- To enforce City ordinances pertaining to health, safety, property maintenance, zoning, signs, and oil and gas
- Disseminate information about City Codes through articles in the local news media, presentations, and on the City website.
- Maintain uniform response rates and track responses on complaints.

DIVISION SUMMARY

10440153 PLANNING SERVICES

MISSION:

Planning Services provides professional support, guidance, and assistance to the citizens of Norman, as well as all applicants, who are involved with some aspect of planning, zoning, or development, in order to ensure that all proposed development is consistent with the policies and ordinances of the City of Norman.

DESCRIPTION:

The Planning Services Division provides guidance and support to all residents of Norman and applicants planning to develop in the community. The Division provides staff support to the City Council, with primary staff responsibility to the Planning Commission, Board of Adjustment, Greenbelt Commission, Historic District Commission, and multiple Ad Hoc Committees. General and specific guidance is provided to those individuals and corporations interested in zoning and development throughout the community, as well as a detailed review of all commercial, industrial, multi-family building and sign permits for consistency with policies and adopted ordinances.

PLANNING SERVICES

GOALS:

- Ensure that each complete application is processed in an expeditious manner.
- Provide a timely and professional review of development-related requests.
- Provide all required support to the Boards and Commissions which the department staffs.
- Periodically examine and revise the ordinances that regulate development within the community.

OBJECTIVES:

- Assist the public in filing applications to the City Council, Planning Commission, Greenbelt Commission, Pre-Development and Board of Adjustment by providing clear direction and necessary assistance.
- Assist the Department in review of all required permits and licensing needed for applicants. Performs site inspections for building permits, rezoning and land use plan amendments.
- Expedite items from the Planning Commission to the City Council when possible, while ensuring that such items are correct, complete and express the concerns of the Planning Commission. Prepare detailed, accurate minutes of all public meetings.

DIVISION SUMMARY

10440151 DEVELOPMENT SERVICES

MISSION:

The mission of the Development Services Division of the Planning Department is to provide professional support to the community involved with building or altering the built environment, to protect health, safety, and public welfare by enforcing the currently adopted building, state, and local codes consistent with polities and ordinances adopted by the Norman City Council.

DESCRIPTION:

The Development Services Division provides services that impact building construction activities in the community, including providing guidelines and regulations to individuals and businesses interested in all aspects of construction while maintaining the highest standard of professionalism and customer service. The Division is responsible for plan review, fee collection, permitting, and appropriate field inspections to conclude construction activities with a Certificate of Occupancy (CO), or Certificate of Completion (CC) for lawfully occupancy. Managing these efforts includes working with multiple City Departments including; the Planning Department, Public Works Department, Parks and Recreation Department, Utilities Department, and the Fire Department.

Construction permit applications for industrial, commercial and multi-family projects may include; new construction, new shell, new interior finish, additions/alterations, new multi-family, multi-family additions/alterations, construction trailers, swimming pools and paving permits . Construction permit applications for One and Two-Family dwellings and related residential may include; new single-family/two-family and townhomes, residential additions/alterations, manufactured homes, storage buildings, storm shelters, carports/garages and swimming pools.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

DEVELOPMENT SERVICES

GOALS:

- Improve the timeliness of the permit review process with the updated City View paperless system, allowing users to apply for permits on-line by uploading documents from their home or business. Continuously review and update the permit processes and adopt specific performance targets.
- Enhance inspection services; utilize all available technologies, specifically City View, to minimize delays when inspections are required/requested.
- Expand on employee training, certifications and knowledge base to offer more services to the community.
- Ensure work is built in the conformance with the Building Codes.
- Help Educate the public and stakeholders about the new City View system and permitting/inspection processes.
- Continue communication with the building community about permitting and inspection services as well as improving customer service.
- Continue to update/adopt building codes to remain up-to-date and current.
- Continue to educate the public and stakeholders regarding building science, and the adopted building codes to promote quality plans and buildings.

OBJECTIVES:

- Provide the highest level of professionalism and customer service to those seeking permitting and inspection services.
- Utilize national standards to establish appropriate review time frames for each type of permit and inspection results.
- Continuously refine building permit application processes so that they are easily understood by the public, while still requiring all necessary information to properly process each permit type.
- Continue to improve the effectiveness and consistency of plan reviewers and building inspection staff.
- Continue to maintain the professional standard of the staff with appropriate certifications and licenses.
- Continue to refine the non-residential plan review process for all agencies (Building, Planning, Public Works, Fire) reviewing permit applications.
- Continue to modernize the permit and inspection process to help seasoned and new builders through the permit and inspection processes.
- Continue to coordinate with Building Departments in the Oklahoma City Metro Area to strive for consistency between each department for common inspection and plan review items.
- Continue to ensure safe, accessible, efficient and quality buildings are built to benefit the current and future building occupants.
- Remain current and involved with State Code Adoptions through the Oklahoma Uniform Building Code Commission (OUBCC).

DIVISION SUMMARY

10440150 GEOGRAPHIC INFORMATION SERVICES

MISSION:

Maintain accurate and complete information relating to the City’s infrastructure and legally mandated management zones and make that information available to support planning activities, public safety, the reporting required to comply with regulation, and the evaluation of the impact of changes in the built and regulatory environment.

DESCRIPTION:

The division provides maps, analyses, and services in a support capacity for the public, the business community, other governmental agencies, City Council, City Boards and Commissions, and all departments within the City. A partial list of specific functions and activities include:

- Design, implementation, and maintenance of the Geographic Information System, especially as it relates to the various components of the City’s infrastructure.
- Map and research resource for City Council, Planning Commission, the public, other City departments, and other divisions within the department.
- Providing online access to City maps and data for public consumption.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

GEOGRAPHIC INFORMATION SERVICES

GOALS:

- To maintain accurate and complete records of the land aspects of the City of Norman including physical improvements, legal entities, and administrative districts to support decision making and policy implementation.
- To respond swiftly and courteously to requests for information and provide quality service.
- To promote integration among databases that have a geographic component to improve the City’s reporting and planning capacity.
- To improve access to GIS data from other offices throughout the City to expedite the retrieval of information and maximize its use.

OBJECTIVES:

- Reduce the time it takes to integrate ordinances, final plats, and as-builts into the database.
- Work with field personnel to improve the accuracy and completeness of GIS databases using GPS data collection.
- Produce all appropriate informational maps and reports as interactive web mapping applications.
- Provide support to facilitate the integration of databases, to reduce duplication of effort and promote efficiency.
- Provide GIS configuration and asset maintenance support to City software applications including: New World Public Safety, City View, Tyler EAM, and Advanced CIS Infinity.
- Improve access opportunities to digital GIS resources by providing data online and improving internal enterprise data infrastructure.

DIVISION SUMMARY

10440184 GREENBELT COMMISSION

MISSION:

The mission of the Greenbelt Commission is to promote and protect the public health, safety and general welfare by creating a mechanism for providing a Greenbelt System, which will include preserved open spaces, protected natural areas and greenways/trails in a system of land parcels that together will work to help maintain and preserve the beauty and livability of the City.

DESCRIPTION:

Created by ordinance on May 11, 2004, the Greenbelt Commission is charged with advising the City Council on policies pertaining to the promotion, acquisition, maintenance and improvement of the open spaces, greenways and trail-way systems in the City of Norman. The Commission comments on Greenbelt Enhancement Statements submittal with development plats and Norman Rural Certificates of Survey (NRCOS).

10440380 HISTORIC DISTRICT COMMISSION

MISSION:

The mission of the Historic District Commission is to safeguard the heritage of the City by preserving and regulating historic districts, which reflect elements of the City’s cultural, social, political, and architectural history, as well as to promote the use of the historic districts for the culture, prosperity, education, and welfare of the people of the City and visitors to the City.

DESCRIPTION:

The Historic District Commission makes recommendations to the Planning Commission regarding the designation of historic districts within the City. The Historic District Commission reviews and approves or denies all applications for certificates of appropriateness concerning proposed exterior changes to structures located within the historic districts and develops guidelines to be used in such evaluations. The Commission also makes recommendations regarding the utilization of grants and budgetary appropriations that may be available to promote the preservation of historical, architectural, and archeological resources.

10440181 PLANNING COMMISSION

MISSION:

The mission of the Planning Commission is to review land development applications, generally prepare plans for the systematic development and improvement of the City as a place of residence and business, and to make recommendations to the City Council.

DESCRIPTION:

The Planning Commission holds public hearings on all proposed amendments to the City’s long range plan (Norman 2025). It also makes recommendations to the City Council on all proposed rezoning applications and development proposals involving platting and subdivision of land. It reviews and recommends changes to the City’s ordinances involving planning, zoning, building, and subdivision regulations, as well as specific items referred to the Commission by the City Council.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

ADMINISTRATION

GOALS:

- Reduce Part A crimes by 2% before the end of December 2024
- Decrease incapacitating and fatality collisions by 5% by the end of December 2024
- Implement a department-wide initiative to enhance operational efficiency and collaboration by optimizing workflow processes, fostering interdepartmental communication, and improving the overall quality of service delivery across the department.
- Establish and strengthen collaborative partnerships with local, regional, and state partners to comprehensively address the community concerns related to homelessness, mental health, and drug abuse.

OBJECTIVES:

- Continue to increase community policing efforts and relationship building with the community
- Expand employee wellness programs for all agency members
- Reduction of employee OJI's.
- Continue to recruit and train highly qualified employees in all vacant positions
- Increase community transparency and engagement through publication of meaningful substantive department data and statistics.
- Continue to expand CIT and/or other advanced mental health training of all staff.

DIVISION SUMMARY

10660270 ANIMAL WELFARE

MISSION:

The mission of Norman Animal Welfare is to encourage responsible pet ownership by promoting and protecting the health, safety, and welfare of the residents and pets of Norman through education, enforcement, and community partnership.

DESCRIPTION:

Norman Animal Welfare is comprised of three sections: Response, Facility, and Medical. Animal Welfare Officers (response) respond to citizen complaints, apprehend dangerous animals, confiscate and render aid to animals in need of care, pick up stray or deceased animals, handle loose livestock or nuisance wildlife, conduct animal cruelty investigations, and provide education to the public. Animal Welfare Facility staff provide customer service to citizens in-person, over the phone, or through electronic communication; conduct the intake of animals at the facility; conduct behavior evaluations; provide care to animals housed at the facility; maintain and clean the facility; provide education to the public; and work towards positive animal outcomes through transfer, foster, and adoption. The Medical Section provides medical evaluation and treatment of animals in our care; spay neuter services; and provides procedural guidance regarding care of animals in our custody.

DIVISION SUMMARY

10660321 CRIMINAL INVESTIGATIONS

MISSION:

It is the mission of the Norman Police Department Criminal Investigations Division to provide appropriate assistance to victims of crimes, conduct thorough investigations into reported criminal offenses, seek facts, and when appropriate, submit charges and assist in the successful prosecution of offenders.

DESCRIPTION:

The Criminal Investigations Division is comprised of two sections. The Investigative Section primarily investigates crimes related to persons and property related offences, including Part I crimes, crimes against children, domestic abuse, burglaries, stolen vehicles, fraud, and many other criminal offenses. The Forensic Services and Property Section supports the department through property storage, evidence processing, and video analysis operations.

DIVISION SUMMARY

10660139 EMERGENCY COMMUNICATIONS

MISSION:

The mission of the Emergency Communications division is to maintain and enhance the quality of life in Norman by handling 911 and other calls for service; dispatch appropriate emergency services in a prompt, courteous and professional manner, thereby protecting lives and property while providing accurate information in our responses.

DESCRIPTION:

The Emergency Communications division provides 24/7 services to internal and external customers. External customers include the public, other non-public safety agencies and other public safety agencies. Internal customers include the Norman Police Department, Norman Fire Department, EMSStat Emergency Medical Services, Little Axe Fire Department, and Norman Animal Welfare. The Emergency Communications Division is responsible for the maintenance and operations of the citywide radio systems, used across many city departments and partnering jurisdictions. Additionally, the division is responsible for the continued development and operations of the new Norman Emergency Communications and Operations Center.

DIVISION SUMMARY

10660322 PATROL

MISSION:

The mission of the Patrol Division is to provide immediate response and stability to emergency situations, investigate criminal activities, develop community partnerships, and proactively identify and resolve public safety concerns of our community.

DESCRIPTION:

The Patrol Division is comprised of three Patrol Sections. The division provides around the clock response to emergency calls for assistance, provides directed proactive patrols, detains and arrests suspects who have warrants or have violated laws, provide initial investigations of criminal matters, investigate traffic collisions, and enforce traffic laws. The division uses a community policing approach to develop community partnerships intended to build community trust, improve accountability, and identify and resolve concerns of the community.

DIVISION SUMMARY

10660115 STAFF SERVICES

MISSION:

The mission of the Staff Services Division is to work with internal and external partners and the community in an effort to increase department efficiency, readiness and accountability through the development of processes intended to achieve our department's mission and vision.

DESCRIPTION:

The Staff Services Division consists of a multiple sections including employee recruitment and hiring, training and development, payroll, budgeting and purchasing, crime analysis, technology maintenance and growth, research and development, personnel management, strategic planning, equipment inventories, records retention and release, digital media redactions and release, and PBX operations. The division provides front line customer support through the Records Section and is responsible for receiving and processing the city phone operator functions during business hours. In addition, the division includes Traffic, Parking Services, and Community Outreach Sections as well as the Problem Resolution Section. These elements of the division are focused on creating proactive, long term, root cause focused solutions to our community's social harms. The division provides extensive community outreach and crime prevention programs and partners with other community agencies in a unified effort to address concerns in our community.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

STAFF SERVICES

GOALS:

- Reduce Part A crimes by 2% from prior year
- Decrease incapacitating and fatality collisions by 5% from prior year
- Implement a department-wide initiative to enhance operational efficiency and collaboration by optimizing workflow processes, fostering interdepartmental communication, and improving the overall quality of service delivery across the department
- Establish and strengthen collaborative partnerships with local, regional, and state partners to comprehensively address community concerns related to homelessness, mental health, and drug abuse

OBJECTIVES:

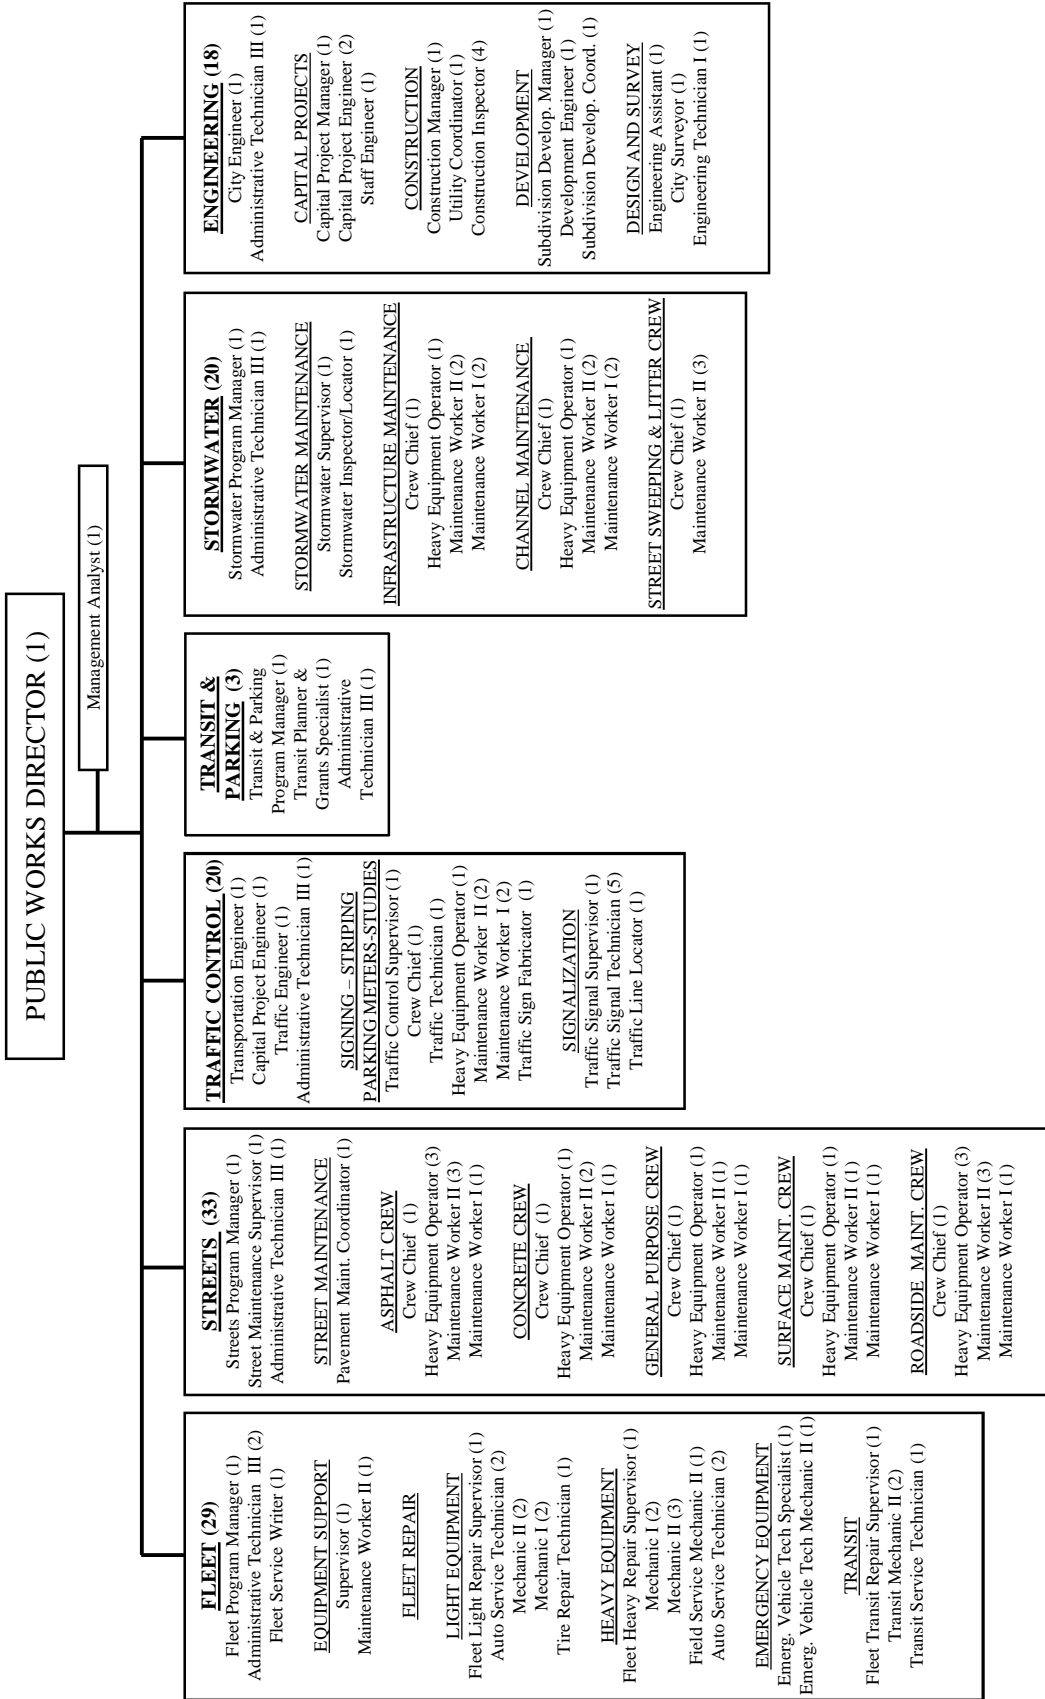

- Coordinate efforts across the department to identify higher than average criminal activity patterns, and focus efforts on addressing the concerns.
- Monitor trends and patterns in traffic collisions and to identify areas requiring attention.
- Increase public education of services provided and officer involvement in community with the goal of connecting resources to those in need.
- Continue to recruit and train qualified candidates for all vacant positions in the agency.

PUBLIC WORKS DEPARTMENT

125 EMPLOYEES

DEPARTMENT SUMMARY

TOTAL PUBLIC WORKS

MISSION:

The mission of the Public Works Department is to provide exceptional transportation, stormwater/flood control and subdivision development services to the citizens of Norman.

DESCRIPTION:

The Public Works Department is organized into seven functional divisions: Administration, Engineering, Fleet, Streets, Stormwater, Traffic Control, and Transit & Parking. The Department provides transportation, stormwater/flood control and subdivision development services through the development review, construction, reconstruction, operation and maintenance of public infrastructure and public transit and parking services. It provides support to every City department through specification development, acquisition assistance and maintenance of the City fleet.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

ADMINISTRATION

GOALS:

- Evaluate and identify present and future community needs, establish priorities, formulate long and short range public works plans. Research, develop and implement new strategies for innovative and improved service.
 - Ensure all work is performed in conformance with appropriate standards and specifications and maintain an awareness of federal and state regulations as they apply to various areas within the Public Works Department.
 - Establish goodwill and resolve/respond to various issues by attending meetings, and through correspondence with various County, State and Federal regulatory agencies, civic and business associations, representatives of the press, City officials, citizens, and other City departments.
 - Improve the appearance of the community through implementation of specific projects and programs.
 - Implement American Public Works Association (APWA) Accreditation Program with an eye toward “continuous improvement”.
-

OBJECTIVES:

- Coordinate major highway improvement projects with the Oklahoma Department of Transportation including Interstate 35, State Highway 9, West Main Street Bridge Project, 24th Avenue East Bond Project, 36th Avenue NW Bond Project, and Legacy Trail.
 - Continue the process of compliance with EPA and ODEQ Phase II Stormwater regulations by fulfilling the requirements of the NPDES permit and educate the community on the new regulations including the Lake Thunderbird TMDL.
 - Reduce traffic congestion/delay by monitoring and upgrading current Traffic Signal Timing Program, capital projects and other pro-active traffic system improvements.
 - Retain the City beautification program started as a litter control program including a right-of-way mowing and edging program through contract services and enhanced street sweeping operations.
 - Enhance City’s stormwater management and flood control programs through the successful implementation of the Stormwater Master Plan and enforcement of the City’s Floodplain Ordinance.
 - Assist the community in its desire to improve appearance and appeal of the University of Oklahoma including the implementation of a citywide Wayfinding Program.
 - Implement the City’s first (2014) Comprehensive Transportation Plan “Moving Forward”.
 - Implement 2012 G.O. Bond Program including eight (8) major Transportation/Stormwater projects.
 - Implement the City’s adopted Alternative Fuel Program including enhancement of the City’s Compressed Natural Gas (CNG) Fueling Facility and Vehicle Conversion Program.
 - Implement the City’s 2013 Fleet Management Plan to address efficiency and budget issues.
 - Implement the City’s 2021-2026 Street Maintenance Bond Program valued at \$27 million.
 - Serve as the City’s liaison to the Association of Central Oklahoma Governments (ACOG) for all transportation issues including acquisition of up to \$10 million in federal grants per year for local projects in Norman.
 - Serve as a key member of the City’s Response and Recovery Team for all weather disasters in Norman, particularly in the repair of damaged public infrastructure and the removal of debris.
 - Maintain over 800 miles of public streets in Norman.
 - Coordinate the land development, platting and building permit applications for hundreds of new residential, commercial and industrial properties each year.
 - Maintain the City’s fleet of over 900 vehicle and equipment items to the satisfaction of our customers who are made up of other City department personnel.
 - Manage the City’s Public Parking Program.
 - Manage the City’s Public Transportation (bus) System, EMBARK Norman.
 - Implement 2019 Transportation Bond Program including nineteen (19) projects.
-

DIVISION SUMMARY

10550210 ENGINEERING

MISSION:

The mission of the Engineering Division is to provide prompt, courteous, skillful, and conscientious service to the citizens of Norman concerning transportation and development services.

DESCRIPTION:

The Engineering Division provides technical and management support for development, infrastructure and construction. Proposed public and private improvements, including platting and infrastructure design, within the City are administered and technically reviewed by Engineering staff. Roadway Capital Projects are administered within the division including design, acquiring right of way, utility relocation and construction of the improvements. The division is also responsible for construction inspection services for new infrastructure constructed as a part of new developments or capital projects.

DIVISION SUMMARY

10550170 FLEET ADMINISTRATION

MISSION:

The mission of the Public Works Fleet Administration Division is to provide safe, economical, state-of-the-art, environmentally friendly transportation and service to allow departments to fulfill their official duties and to enhance citizen mobility, accessibility, and transportation choices that are safe, economical, and reliable. The Public Works Fleet Administration Division also ensures the City's Public Compressed Natural Gas (CNG) Fueling Facility and Public Electric Vehicle (EV) Chargers remain open to the public 24 hours a day. Fleet Administration uses a Fleet Management Information Software program to ensure accurate mechanic productivity, repair types, work orders, parts issued, inventory, fuel, and equipment replacement needs are posted. In addition, FuelMaster is a fuel management system used by the Fleet Division to track usage of compressed natural gas (CNG), unleaded and diesel. FuelMaster allows the Fleet Division to report accurate usage of CNG from the public and private sector to the IRS for tax purposes.

DESCRIPTION:

There are 29 employees within the Fleet Administration and Repair Divisions. The Fleet Division provides the administrative, logistical and mechanical support to all City departments who operate City owned equipment/vehicles. In addition, the Fleet Division provides the administrative, logistical, and mechanical support to the public who utilize the City's Public Compressed Natural Gas (CNG) Fueling Facility, as well as, the Public Transit services. Fleet staff is responsible for establishing citywide budget figures based on a five year average usage for the coming fiscal year with regards to the internal fuel, parts, and sublet accounts. Fleet Administrative staff establishes capital funds by awarding bids and/or using state contracts relating to the acquisition of new equipment/vehicles. The Equipment Support Supervisor and 1 Light Equipment Technician are responsible for the daily maintenance and the periodic repair, including ordering all parts and supplies for both repairs and preventative maintenance of the City of Norman's CNG Fueling Facility.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

FLEET ADMINISTRATION

GOALS:

- Provide support services to all City divisions and the public.
- Provide support services to all Norman citizens.
- Provide timely Preventive Maintenance.
- Web access to status of vehicle repair.
- Right-size the organization for long term sustainability.
- Fuel management and regulatory compliance.
- Pilot/demo/evaluate new vehicle and equipment technologies.
- Create a department culture that fosters and promotes teamwork.
- Strive to present a more professional appearance and attitude.

OBJECTIVES:

- To increase the awareness of the City's personnel in the need to support the Preventative Maintenance Service Program for vehicles/equipment to ensure safety standards are continually met, liabilities are reduced, and an overall reduction in maintenance costs can be achieved.
- Purchase vehicles and equipment following the guidelines of the City's Alternative Fuel Program.
- Work with City divisions to obtain equipment and vehicles that will be utilized to their maximum potential and remove obsolete, under-utilized equipment and vehicles from inventory.

Notes to Results Report:

Preventive Maintenance Program: This program is designed with the intent to “prevent” major repairs before they happen. Vehicles/equipment are scheduled on a routine basis, specifically every 4,000 miles (250 hours for those with meters) or every 6 months, whichever comes first. With the cleaner burning fuel on our CNG vehicles, they are scheduled on a routine basis, specifically every 7,500 miles (500 hours for those with meters) or once a year, whichever comes first. Public Transportation fixed route and paratransit vehicles are scheduled on a routine basis, specifically every 5,000 miles. With the cleaner burning fuel on our CNG vehicles, they are scheduled on a routine basis of once a year.

Capital Equipment/Vehicle outlay: The Fleet Division uses the Oklahoma State Contract, where applicable, as one of its main tools in purchasing cars, police vehicles, pickup trucks and large chassis, which helps keep the initial investment lower.

Vehicle Replacement Analysis: Available through the FASTER program used by the Fleet Division, this report identifies units that are in need of replacement before maintenance costs exceed the value of a replacement. FASTER automatically calculates equipment replacement needs based on age, usage, and maintenance dollars spent using a fifteen (15) point system. Items ranked twelve (12) points and above are evaluated for replacement.

Support of City Policies: The Fleet Division supports and aids in drafting policies that prohibit unskilled and untrained employees from performing repairs and/or modifications to City vehicles and equipment.

DIVISION SUMMARY

10550175 FLEET CNG STATION

MISSION:

To provide Norman citizens and city departments with compressed natural gas 24 hours a day seven days a week.

DESCRIPTION:

The Compressed Natural Gas (CNG) Station is a fueling facility for the City's fleet and the public. Fleet tracks CNG usage of the public and City's fleet while maintaining the fueling facility with repairs and maintenance ensuring it is open to the public 24 hours a day. Track usage of compressed natural gas (CNG) and report bi-weekly usage of CNG from the public and private sector to the Internal Revenue Service and the Oklahoma Tax Commission and payment of motor fuel taxes collected. The approximate annual through-put of CNG gallons is 380,388.

10550171 FLEET AUTOMOTIVE/LIGHT EQUIPMENT REPAIR

MISSION:

The mission of the Fleet Light Repair Shop is to support the City Departments and agencies in the delivery of municipal services by ensuring that City vehicles and other automotive-related equipment are available, dependable, and safe to operate in a timely manner.

DESCRIPTION:

The Fleet Light Repair Shop is comprised of one (1) Shop Supervisor and seven (7) Technicians: Two (2) Mechanic II's, two (2) Mechanic I's, two (2) Auto Service Technicians and one (1) Tire Technician. These eight (8) Fleet employees are responsible for all light equipment and automotive units in the City's Fleet. The Fleet Automotive/Light Equipment Shop has maintained the Automotive Service of Excellence (ASE) Blue Seal Program since October 2008. This is achieved by having 75% or more technicians ASE certified in each area of service provided. The Shop Supervisor is responsible for prioritizing equipment repairs to ensure all departments have a safe and ample amount of equipment available at all times. The Supervisor oversees the day to day operations, approximately 730 assets, provides for the health, welfare, and safety of the division employees as it relates to personnel, equipment, shop, and environmental safety.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

FLEET AUTOMOTIVE/LIGHT EQUIPMENT REPAIR

GOALS:

- Provide safe and reliable repairs to all Divisions that the Fleet Light Equipment Repair Services represents.
- Maintain the ASE Blue Seal of Excellence Program and keep the Fleet facility ASE certified.
- Provide outsourcing for repairs not provided in-house for vehicles and equipment.
- Deliver the highest level of customer service.
- Complete 80% of repairs in 24 hours and 90% of repairs in 48 hours.
- Provide 85% on demand for non-consumables; 90% of parts requirements will be available within 4 business hours; 98% on demand of repair parts designated as preventative maintenance requirements.
- Uphold a higher standard relationship with all customers.
- Productivity goal of 72% or above.
- Provide technician training that covers the latest technological advances for the City's equipment.
- 95% overall equipment availability at any given time.

OBJECTIVES:

- Deliver the highest level of customer service.
- Conduct all Department business in an ethical and timely manner.
- Always take a proactive rather than reactive approach to identify problems or issues and initiate corrective action immediately.
- Increase the awareness of the City's personnel in the need to support the Preventive Maintenance Service program for vehicles and equipment so that safety standards are continually met, liabilities are reduced, and an overall reduction in repair costs can be achieved.
- Benchmark repairs with industry standards.
- Keep come-back repairs to a minimum (<5%).

DIVISION SUMMARY

10550172 FLEET TRUCK/HEAVY EQUIPMENT REPAIR

MISSION:

The mission of the Fleet Heavy Repair Shop is to service and maintain the City's fleet of heavy equipment and class 5 through class 8 trucks and trailers. Fleet services and repairs these units in the shop as well as in the field when necessary.

DESCRIPTION:

The Fleet Heavy Repair Shop consists of one (1) Public Works Supervisor, one (1) Field Service Mechanic II, three (3) Mechanic II's, two (2) Mechanic I's, and two (2) Service Technicians. These nine (9) employees are responsible for all heavy trucks and pieces of equipment. The Fleet Heavy Repair Shop is tasked with the maintenance, repair, and procurement of the City of Norman's heavy equipment and class 5 through class 8 trucks and trailers. The Heavy Shop oversees approximately 300 assets which includes all of the refuse trucks and all large equipment used to repair and maintain the Streets, Stormwater, Solid Waste Operations, and Line Maintenance divisions in the City of Norman. As well as all other departments in the City. The Fleet Heavy Equipment Shop has maintained the Automotive Service of Excellence (ASE) Blue Seal Program since October 2008. This is achieved by having 75% or more technicians ASE certified in each area of service provided.

DIVISION SUMMARY

10550222 STORMWATER MAINTENANCE

MISSION:

The Stormwater Division is responsible for the protection of the health, safety, and welfare of the people of Norman through the regulation and maintenance of the City's municipal separate storm sewer system (MS4) and the administration of the floodplain permitting process. The Stormwater Division, along with Stormwater Quality, controls the direct and indirect introduction of pollutants by any source or user into the MS4 through the permitting and inspection process and emergency spill response process to ensure compliance with state stormwater regulations, including the Phase II MS4 general permit and the Lake Thunderbird Total Maximum Daily Load (TMDL). Maintenance and improvement of the City's MS4 addresses continued efficient day to day operation as well as emergency repairs to help insure floodwaters move safely throughout the city. The Stormwater Division is additionally responsible for administering the City's floodplain permitting process. Floodplain permitting efforts help ensure the welfare and protection from floodwaters of lives and property within the City as well as the protection of the City's natural water resources.

DESCRIPTION:

- Respond to citizen requests, drainage concerns, and the City of Norman Action Center notifications within a twenty-four hour period.
- Administer the floodplain and earth change permitting processes.
- Along with stormwater quality, ensure compliance with state stormwater regulations, including the Phase II MS4 general permit and the Lake Thunderbird TMDL.
- In collaboration with the Public Works Street Division, maintain 80 bridges and 2,000 culverts located within public streets rights-of-way or public drainage easements.
- Provide for the management and maintenance of the MS4 for flood control purposes.
- Perform erosion control and debris removal within publicly owned drainage ways.
- Maintain approximately 102 miles of storm sewers and 2,271,548 square feet of open channels.
- Conduct street sweeping on major arterial and collector streets.
- Provide emergency disaster response related to flooding, winter storms, severe storms, and non-hazardous material chemical spills.
- Coordinate rural drainage improvement projects with Cleveland County.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

STORMWATER MAINTENANCE

GOALS:

To manage and perform construction, maintenance, and inspections of the City of Norman’s Municipal Separate Storm Sewer System (MS4), bridges, culverts, drainage channels, detention ponds, and surface waters for potential stormwater problems related to drainage and water quality. To manage stormwater pollution issues and flood damage control and respond to emergency situations. To aid in the Norman City Council Strategic Plan, vision, and goals, for a functional, attractive, and clean and green Norman.

OBJECTIVES:

- Investigate drainage problems promptly.
- Manage and provide response to citizen’s maintenance requests and the City of Norman Action Center notifications within a twenty-four hour response time.
- Provide efficient storm sewer system maintenance.
- Maintain clean streets and limit the amount of pollutants that enter the storm sewer system by sweeping curb and gutter streets.
- Along with stormwater quality, ensure compliance with state stormwater regulations, including the Phase II MS4 general permit and the Lake Thunderbird TMDL.

DIVISION SUMMARY

10550221 STREET MAINTENANCE

MISSION:

The Street Division is responsible for the management, maintenance and construction improvements of streets, alleys, bridges, culverts and their associated systems. Related activities include snow removal, ice control, and repairs to maintain roadway conditions within approved pavement management criteria. The Street Maintenance Division exists to provide safe, well-drained, durable streets, effective pavement management and responsive emergency services to all citizens of Norman and their visitors.

DESCRIPTION:

- Provide for the management, maintenance and construction of street, alleys, and drainage systems.
- Respond to citizen requests.
- Maintenance of Portland cement concrete, asphalt pavement, and aggregate surfaced rural roads and alleys.
- Provides maintenance and reconstruction/repair of the City’s streets and roadways including roadbed drainage, bridges and culverts.
- Provides emergency disaster response related to flood, winter storms, severe storms, and other non-storm related emergency responses.
- Coordinates rural roadway improvement projects with Cleveland County.
- Mowing Rural and Urban right-of-ways.
- Apply vegetative chemical control to urban and rural right-of-ways.
- Provides snow removal and ice control for all Urban Streets and coordinates with Cleveland County and ODOT for snow and ice control for rural roads and state highways respectively.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

STREET MAINTENANCE

GOALS:

- To manage and perform maintenance and construction of streets, alleys, bridges, culverts.
- To manage and maintain urban and rural roadsides.
- To manage and perform snow/ice control and respond to emergency situations.
- Aid in the Norman City Council strategic plan, and goals, for a functional, attractive, and clean and green Norman.

OBJECTIVES:

- Manage and provide response to citizen’s maintenance requests and the City of Norman Action Center notifications within a twenty-four hour response time.
- Provide safe and efficient transportation system.
- Weather damage response.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

TRAFFIC CONTROL

GOALS:

- Provide a transportation system that allows the safe, orderly and predictable movement of all traffic, motorized and non-motorized.
- Provide and maintain the control, guidance and warning devices necessary for the efficient movement of people and goods.
- Respond to citizen requests in a courteous, timely and efficient manner.
- Provide prompt assistance to other City Departments and Divisions.
- Ensure employee safety.

OBJECTIVES:

- Investigate traffic problems reported by the public in a timely manner.
- Complete traffic studies in a timely manner.
- Review plans in a timely manner.
- Maintain high quality pavement markings on roadways with more than 1,000 vehicles per day on average. Stripe high traffic volume roadways (with more than 10,000 vehicles per day) utilizing thermoplastic which is re-stripped every 4 to 6 years depending on wear. All other roadways with more than 1,000 vehicles per day are striped annually utilizing waterborne paint.
- Perform appropriate Capital Project Management.
- Serve as ACOG MPO TC Member including development of periodic TIP submissions and addressing various calls for projects to Regional Plan Updates.
- Respond to damaged traffic control signs in a timely manner.
- Respond to traffic signal malfunctions in a timely manner.
- Perform preventive maintenance on all traffic signal and parking meter equipment.
- Provide a safe working environment for all employees.
- Maintain traffic signal timing plans for coordination of urban arterials on closed loop systems.
- Respond to neighborhood requests for traffic calming projects.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

NON-DEPARTMENTAL

The “Non-Departmental” divisions are City Boards, Commissions, and several City funded agencies and programs. All of these are funded in the General Fund. They are designated as “Non-Departmental” because they have City-wide impact and because no City personnel are budgeted in these divisions.

DIVISION SUMMARY

10770281 FIREHOUSE ART CENTER

MISSION:

The mission of the Firehouse Art Center is to serve as a vehicle for the visual arts to the citizens of Norman.

DESCRIPTION:

The Firehouse Art Center is a building owned and maintained by the City of Norman for the purpose of promoting and providing an opportunity for the visual arts to the citizens of Norman. The Firehouse Art Center, Inc. manages the day-to-day operations of the Firehouse. The City of Norman is currently providing funding for a portion of the utilities and a contribution to help allow continued operation of the center.

10120280 NORMAN PUBLIC LIBRARY

MISSION:

Pursuant to a contract with the Pioneer Library Systems entered into Contract K-1314-88 on November 12, 2013, where the City agreed to provide building maintenance, custodial services and utilities for the Central Library and two branch libraries.

DESCRIPTION:

The Facility Maintenance Division of the Parks and Recreation Department performs maintenance services and preventive maintenance programs to all three libraries. The City of Norman also provides custodial services to all three facilities. The current Central Library is located at 301 West Acres Street. In FYE 2014 Norman Library West was opened in a portion of the Pioneer Library Systems Administrative Services Facility located at 300 Norman Center Court. Norman Library East is located at 3051 Alameda Street and opened in June 2018.

FUND SUMMARY

TOTAL COMMUNITY DEVELOPMENT FUND - CDBG (21)

MISSION:

The mission of the CDBG program is to promote the development of viable urban communities by providing decent housing, a suitable living environment, and expanded economic opportunities, principally for persons of low and moderate incomes. CDBG eligible activities are initiated and developed at the local level based upon the community's needs, priorities, and benefits. The mission of the HOME Investment Partnership Program (HOME) provides formula grants to fund a wide range of activities including building, buying, and/or rehabilitation of affordable housing for rent or ownership or providing direct rental assistance to low-income people.

DESCRIPTION:

The Community Development Fund is a special revenue fund established to account for resources from a variety of federal programs funded by the Department of Housing & Urban Development. The fund activities include preparation and submission of grants, implementation and management of projects, monitoring of activities, and record keeping and reporting. Fund divisions reflect multi-year funding as well as different grant programs.

DEPARTMENT SERVICE EFFORTS AND ACCOMPLISHMENTS

COMMUNITY DEVELOPMENT FUND

GOALS:

- To provide resources to low-to-moderate income residents of targeted areas to revitalize the infrastructure of their residential areas according to an approved Consolidated Plan, with emphasis on leveraging other resources to accomplish as many improvements as possible.
- To assist social service providers who serve low-to-moderate income persons in the City in finding resources.
- To provide resources for a variety of housing programs to rehabilitate existing housing, including accessibility modifications and emergency repairs; and, to assist in the development of affordable rental housing.
- To provide resources to address the continuum of care for homeless persons by serving as the Collaborative Applicant for the Cleveland County Continuum of Care (OK-504).
- To continue support of an anti-poverty program to improve the general quality of life in the community.
- To acquire new resources for the City from available grant funds on a competitive basis through collaborative efforts with other agencies to address unmet needs.

OBJECTIVES:

- Facilitate the design and construction of infrastructure projects that primarily benefit low and moderate income areas of the City.
- Provide technical assistance to social service providers.
- Continue existing housing rehabilitation programs and review and potentially implement additional programs to address more households.
- Continue to facilitate the Continuum of Care Steering Committee as the lead entity for Cleveland County (OK-504); assist providers of homeless services in an effort to expand the continuum of care from prevention to permanent housing.
- Partner with and/or provide technical assistance to other appropriate local agencies to acquire new resources to address the needs of low-to-moderate income persons.
- Apply for additional resources, which are available on a competitive basis, to address the needs of low-to-moderate income persons.

FUND SUMMARY

TOTAL PUBLIC SAFETY SALES TAX FUND (15)

MISSION:

On May 13, 2008, the citizens of Norman passed a seven-year, one-half percent (1/2%) Public Safety Sales Tax (PSST) in order to increase the number of police officers and firefighters, and to construct two new fire stations. Ordinance O-0708-32 authorized the City to assess the new sales tax beginning October 1, 2008 and terminating on September 30, 2015. On April 1, 2014, the citizens passed a permanent one-half percent (1/2%) PSST in order to maintain the personnel added and to fund public safety equipment and projects.

DESCRIPTION:

The Public Safety Sales Tax Fund accounts for the revenues and expenditures related to the Public Safety Sales Tax. Both Police and Fire Departments have divisions in this Fund to account for the expenditures incurred related to the tax.

DIVISION SUMMARY

15661321 CRIMINAL INVESTIGATIONS

MISSION:

It is the mission of the Norman Police Department Criminal Investigation Division to provide appropriate assistance to victims of crimes, conduct thorough investigations into reported criminal offenses, seek facts, and when appropriate, submit charges and assist in the successful prosecution of offenders.

DESCRIPTION:

The Criminal Investigations Division is comprised of two sections. The Investigative Section primarily investigates crimes related to persons and property related offences, including Part I crimes, crimes against children, domestic abuse, burglaries, stolen vehicles, fraud, and many other criminal offenses. The Forensic Services and Property Section supports the department through property storage, evidence processing, and video analysis operations.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

CRIMINAL INVESTIGATIONS – PUBLIC SAFETY SALES TAX

GOALS:

- Reduce Part A crimes by 2% from previous year
- Decrease incapacitating and fatality collisions by 5% from the prior year
- Implement a department-wide initiative to enhance operational efficiency and collaboration by optimizing workflow processes, fostering interdepartmental communication, and improving the overall quality of service delivery across the department.
- Establish and strengthen collaborative partnerships with local, regional, and state partners to comprehensively address community concerns related to homelessness, mental health, and drug abuse.

OBJECTIVES:

- Streamline communication to ensure cohesive crime prevention and apprehension efforts across NPD.
- Increase public engagement through social media regarding cases, crime trends, and useful tips.
- Increase COP follow-ups by 15%
- Exhaustively investigate secondary and tertiary options for offenders involved in violent crimes that affect community safety.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

15661139 EMERGENCY COMMUNICATIONS

MISSION:

The mission of the Emergency Communications division is to maintain and enhance the quality of life in Norman by handling 911 and other calls for service; dispatch appropriate emergency services in a prompt, courteous and professional manner; thereby protecting lives and property while providing accurate information in our responses.

DESCRIPTION:

The Emergency Communications Division provides 24/7 services to internal and external customers. External customers include the public, other non-public safety agencies and other public safety agencies. Internal customers include the Norman Police Department, Norman Fire Department, EMSStat Emergency Medical Services, Little Axe Fire Department, and Norman Animal Welfare. The Emergency Communications Division is responsible for the maintenance and operations of the citywide radio systems that are used across many city departments and partnering jurisdictions. Additionally, the division is responsible for the continued development and operations of the new Norman Emergency Communications and Operations Center.

DIVISION SUMMARY

15661322 PATROL

MISSION:

The mission of the Patrol Division is to provide immediate response and stability to emergency situations, investigate criminal activities, develop community partnerships, and proactively identify and resolve public safety concerns of our community.

DESCRIPTION:

The Patrol Division is comprised of three Patrol Sections. The division provides around the clock response to emergency calls for assistance, provides directed proactive patrols, detain and arrest suspects who have warrants or have violated laws, provide initial investigations of criminal matters, investigate traffic collisions, and enforce traffic laws. The division uses a community policing approach to develop community partnerships intended to build community trust, improve accountability, and identify and resolve concerns of the community.

15661115 STAFF SERVICES

MISSION:

The mission of the Staff Services Division is to work with internal and external partners and the community in an effort to increase department efficiency, readiness and accountability through the development of processes intended to achieve our department's mission and vision.

DESCRIPTION:

The Staff Services Division consists of a multiple sections including employee recruitment and hiring, training and development, payroll, budgeting and purchasing, crime analysis, technology maintenance and growth, research and development, personnel management, strategic planning, equipment inventories, records retention and release, digital media redactions and release, and PBX operations. The division provides front line customer support through the Records Section and is responsible for receiving and processing the city phone operator functions during business hours. In addition, the division includes Traffic, Parking Services, and Community Outreach Sections as well as the Problem Resolution Section. These elements of the division are focused on creating proactive, long term, root cause focused solutions to our community's social harms. The division provides extensive community outreach and crime prevention programs and partners with other community agencies in a unified effort to address concerns in our community.

DEPARTMENT SUMMARY

TOTAL PUBLIC WORKS – PUBLIC SAFETY SALES TAX FUND (15)

MISSION:

The mission of the Public Works Department is to provide exceptional transportation, stormwater/flood control and subdivision development services to the citizens of Norman.

DESCRIPTION:

The Public Works Department is organized into six functional divisions: Administration, Engineering, Fleet Management, Streets, Stormwater, and Traffic Control. The Department provides transportation, stormwater/flood control and subdivision development services through the development review, construction, reconstruction, operation and maintenance of public infrastructure. It provides support to every City department through specification development, acquisition assistance, and maintenance of the City fleet.

DIVISION SUMMARY

15550172 FLEET EVT

MISSION:

The mission of the Fleet Emergency Vehicle Technician (EVT) public safety support is to service and maintain the City's Public Safety fleet for the Police and Fire Departments. This program will support the Police and Fire Departments during natural disaster events, fire events and remote training.

DESCRIPTION:

The Emergency Vehicle Technician (EVT) program is responsible for maintenance, repair and procurement of the City of Normans Public Safety Fleet for the Police and Fire Departments. This program consists of one (1) Public Works Supervisor, one (1) EVT Specialist, and one (1) EVT Mechanic II . These three (3) employees are responsible for 38 specialized fire apparatus, and maintenance support for approximately 100 police vehicles. These include all pumper/tanker and ladder units for the Fire Department, as well as, the SWAT and the Mobile Emergency Command Center, and several Police Patrol units for the Police Department. The EVT Specialist and Mechanic II maintain master status in the Heavy Truck Automotive Service of Excellence (ASE) and master certification in the Emergency Vehicle Technician (EVT) program. The EVT program supplies support for the Police and Fire Department during natural disaster events, as well as, support service for the Law Enforcement Driver Training (LEDT) courses.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

FLEET - EVT

GOALS:

- Provide safe and reliable repairs for the Public Safety Fleet.
- Maintain the ASE Blue Seal of Excellence Program and keep the Fleet facility ASE certified.
- Allocate funds and provide specifications for the replacement of our Heavy Fire and Police Fleet units.
- Provide outsourcing for repairs not provided in-house for vehicles and equipment.
- Deliver the highest level of customer service.
- Complete 80% of repairs in 24 hours and 90% of repairs in 48 hours.
- Provide 85% on demand for parts non-consumables; 90% of parts requirements will be available within 4 business hours; 98% on demand of repair parts designated as preventative maintenance requirements.
- Uphold a higher standard relationship with all customers.
- Productivity goal of 72% or above.
- 95% overall equipment availability at any given time.

OBJECTIVES:

- Deliver the highest level of customer service as well as availability of our Public Safety Fleet units.
- Conduct all department business in an ethical and timely manner.
- Always take a proactive rather than reactive approach to identify problems or issues and initiate corrective action immediately.
- Increase the awareness of the City's personnel in the need to support the Preventive Maintenance Service program for vehicles and equipment so that safety standards are continually met, liabilities are reduced, and an overall reduction in repair costs can be achieved.
- Benchmark repairs with industry standards.
- Keep come-back repairs to a minimum (<5%).

DIVISION SUMMARY

27550276 FLEET REPAIR TRANSIT

MISSION:

The mission of the Public Works Fleet Public Transit Division is to provide safe, cost effective and sanitary public transportation to include para-transit routes for those who cannot access a fixed route bus stop to travel in and around the City of Norman.

DESCRIPTION:

The Public Works Fleet Public Transit division is comprised of one Shop Supervisor, one Transit Specialist, one Transit Service Technician, and two Transit Mechanic II's. These five employees are responsible for the daily availability, preventative maintenance, and repair of the City's twenty-eight transit buses and associated equipment, as well as three transit support vehicles. Fourteen of these units are powered by clean burning CNG engines. It is the goal of the Public Transit Division to have the daily pre-requested units available for operations by our contractor before 05:15 AM every weekday.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

FLEET REPAIR TRANSIT – PUBLIC TRANSPORTATION

GOALS:

- Provide safe and reliable repairs for the Public Transit Fleet.
- Maintain the ASE Blue Seal of Excellence Program and keep the Fleet facility ASE certified.
- Allocate funds and provide specifications for the replacement the Transit Fleet.
- Provide outsourcing for repairs not provided in-house for vehicles and equipment.
- Deliver the highest level of customer service.
- Complete 80% of repairs in 24 hours and 90% of repairs in 48 hours.
- Provide 85% on demand for parts non-consumables; 90% of parts requirements will be available within 4 business hours; 98% on demand of repair parts designated as preventative maintenance requirements.
- Uphold a higher standard relationship with all customers.
- Productivity goal of 72% or above.
- 95% overall equipment availability at any given time.

OBJECTIVES:

- Deliver the highest level of customer service.
- Conduct all Department business in an ethical and timely manner.
- Always take a proactive rather than reactive approach to identify problems or issues and initiate corrective action immediately.
- Increase the awareness of the City’s personnel in the need to support the Preventive Maintenance Service program for vehicles and equipment so that safety standards are continually met, liabilities are reduced, and an overall reduction in repair costs can be achieved.
- Benchmark repairs with industry standards.
- Keep come-back repairs to a minimum (<5%).

FUND SUMMARY

TOTAL WESTWOOD PARK FUND (29)

MISSION:

Westwood Park is committed to providing accessible, attractive, enjoyable and safe park facilities and recreational activities for the citizens of Norman.

DESCRIPTION:

Westwood Park Fund is responsible for the management of the park system, recreational facilities and programs, and the Westwood Park Complex.

Beginning in FYE 2010, the Westwood Park Fund was classified as a Special Revenue Fund instead of an Enterprise Fund due to a change in City course of action regarding Westwood Golf and Pool operations.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WESTWOOD GOLF COURSE

GOALS:

- To grow the game of golf and create future interest in Westwood as an amenity that can be utilized for individual or family recreation, social activity and as a conduit to conduct business for Norman citizens and citizens from across the state.
- To continue to improve the course and provide an excellent golf facility with outstanding customer service and satisfaction.
- To increase revenue by increasing regular rounds of golf played, memberships, association activity and tournament
- To create junior, women's and couples play.

OBJECTIVES:

- Continue to improve membership programs and promote the men's, women's and junior associations to increase customer loyalty and frequency of play by implementing current trend indicators in the golf industry (pricing, programs and procedures) that influence our geographic location.
- Keep membership, association members and all players informed by emailing notices and having greater website ability becoming more proactive to the informational needs of the golfing community.
- Promote the game of golf through our professional teaching staff that has knowledge of golfing technique, principals and equipment to provide the individual golfer's game.
- Support junior clinics and the Junior Golf Academy.
- Continue the First Tee junior golf program.
- Continue to promote couples and family play and tournaments.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

29970231 WESTWOOD GOLF MAINTENANCE

MISSION:

To provide a quality championship golfing facility which will be an asset to the Norman community, as well as an attraction for out of town visitors.

DESCRIPTION:

The Westwood Maintenance Division is responsible for maintaining the grounds and equipment at Westwood Park. The facility is a 137-acre complex, which includes an 18-hole championship golf course, 12 lighted tennis courts, a park with playground and pavilion, a 250-space parking lot and a swim complex. The golf course has approximately 65 acres of intensely maintained turf. There are six full time staff members and approximately 6,000 man-hours of temporary labor during the growing season.

FUND SUMMARY

TOTAL YFAC FUND (24)

MISSION:

The Young Family Athletic Center stands as a pinnacle of excellence, offering premier basketball and volleyball courts, aquatics, sports medicine, youth sports, sports camps, and leagues. The facility will be sought after for sports tournaments, will be open for rentals, and have hours available for the community to enjoy.

DESCRIPTION:

The Young Family Athletic Center is a new approximately 122,000 square foot facility built on a 12-acre site on the north side of Norman, OK. The Young Family Athletic Center furthers the citizen-initiated Norman Forward mission to fund and create quality of life projects for the community. The aquatic portion of the building features two pools: an 8-lane 25-yard competition pool with adequate spectator seating and a 4-lane 25-meter pool used as a warm-up pool during swim competitions. Men's and Women's Locker Rooms are located adjacent to the pools. When the pools are not being used for competitions, the citizens of Norman will have access to the pool for general use and swimming.

The Multi-Sport Gymnasium portion of the building houses eight basketball courts with 12 volleyball courts, which overlay the basketball courts. The regulation-size basketball court overlay two basketball courts and runs in the opposite direction.

24770412 YFAC ADMINISTRATION

GOALS:

- To grow youth and adult sports and aquatics in Norman and create future interest in YFAC as an amenity that can be utilized for individual or family recreation, social activity, and as a conduit to conduct business for Norman residents as well as residents from across the state.
- To continue to improve the facility and provide an excellent sports and aquatics facility with outstanding customer service and satisfaction.
- To create revenue by increasing leagues, classes, memberships, and tournament rentals.

OBJECTIVES:

- Continue to improve membership programs and benefits as well as classes and leagues to increase customer loyalty and frequency of visitation by implementing current trend indicators in the youth and adult sports industry (pricing, programs and procedures) that influence our geographic location.
- Keep membership, parents and all players informed by continuously improving communication and becoming more proactive to the informational needs of the youth and adult sports community.
- Promote health and wellness through our memberships and class offerings.
- Support local operational partners and league operators.
- Continue to grow the local youth basketball and volleyball leagues.
- Continue to promote family visitation and tournaments.

ENTERPRISE FUNDS

ENTERPRISE FUNDS

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the City is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the City Council has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

DEPARTMENT SERVICE EFFORTS AND ACCOMPLISHMENTS

UTILITIES DEPARTMENT

GOALS:

- Protect the environment and provide a cleaner, greener Norman for our customers.
 - Improve services and minimize costs for our water, water reclamation and sanitation customers through long-term planning, proper maintenance of our systems, proper contract and compliance management, by increasing employee knowledge through training and implementing new technologies where practical and cost effective.
 - Increase knowledge of the general public regarding the capabilities of our utility systems and our need to maintain compliance with existing and proposed regulatory requirements.
 - Provide a safe workplace for our staff, our contractors, and the general public by minimizing safety related accidents and associated costs.
-

OBJECTIVES:

- Protect the Environment:
 1. Provide safe reliable potable water that meets and exceeds all State and Federal regulations at a reasonable cost for our customers.
 2. Implement best available, cost efficient, treatment technologies to minimize pollutant discharges in our effluent.
 3. Eliminate sewer overflows during rainfall and construction.
 4. Provide safe and environmentally approved collection and disposal of municipal solid waste for all Norman residents.
 5. Implement construction related Best Management Practices to protect stormwaters.
 - Improve Utility Services and Minimize Costs:
 1. Consider adopted land use plan during planning phase for future projects.
 2. Expand Water Reclamation Facility (WRF) capacity in advance of development in order to maintain the quality of effluent discharged and avoid any WRF bypass of wastewater.
 3. Utilize and maintain water and water reclamation models to determine proper sizing of water distribution and wastewater collection systems to keep pace with development.
 4. Explore alternative funding opportunities (grant funding) to minimize user fees for our customers.
 5. Repair or replace deteriorated sanitary sewer lines and perform before and after flow monitoring to document reduction of infiltration and inflow into the collection system.
 6. Maintain compliance with existing and proposed rules and regulations, and grant conditions where applicable.
 7. Provide timely review of development plans and specifications, and coordinate collection of payback fees and excise tax fees with the Planning Department.
 8. Review City of Norman water, water reclamation and solid waste regulations and, if required, coordinate annual updates with the Public Works Department.
 - Increase Knowledge of the General Public:
 1. Inform the public regarding the need for utility improvements prior to and during implementation.
 2. Educate our customers regarding available technologies and the advantages of implementation.
 3. Expand the discussion of treated effluent reuse for irrigation, process water and educate the public regarding the advantages of indirect reuse as a water supply.
 4. Inform the public regarding changes to regulations and the impact on the cost of our services.
 5. Increase knowledge of employees so they can advance into higher positions.
 - Provide a safe workplace:
 1. Minimize Capital Improvement Projects (CIP) construction related accidents or injuries.
 2. Maximize OSHA compliance by CIP contractors and City staff.
 3. Ensure submission of and compliance with Traffic Control Plans.
 4. Reduce citizen complaints during construction.
-

FUND SUMMARY

TOTAL SANITATION FUND (33)

MISSION:

The Solid Waste Administration's mission is to make safety our first priority: Provide a high level of service with high levels of efficiency: Provide employees with a sense of ownership: encourage our employees dedication of service to the community: be good custodians of the community assets: and be good custodians of the community environment. Our long term goal is to invest in infrastructure that will provide low cost Solid Waste Management that accommodates municipal growth.

DESCRIPTION:

Monitor all expenditures related to the Sanitation Division. Oversight of all collections service, recycling and disposal of municipal solid waste generated by the City of Norman. Maintain compliance with all local, state, and federal regulations. The Sanitation Division is keeping long term mentality that ensures low cost Solid Waste management for the rate payers in Norman for many years to come. Most of the investment will be in permanent structures that will be built to grow the City.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

SANITATION / ADMINISTRATION

GOALS:

- Compliance with all federal, state, and local regulations, in both environmental and transportation.
- Protect the citizen’s assets by proper care and proper spending.
- Provide a high level of service at a high level of efficiency.
- Continue to divert as tonnage from landfill use as per the expectation of the citizens of Norman.
- Supervise in a dignified manner that lends a sense of ownership to the employees.
- Define performance expectation to all employees.

OBJECTIVES:

- Provide employees with adequate resources for safe efficient operation.
- Emphasize safety as the first priority in every endeavor.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	FYE 24 ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:					
Total Sanitation accounts (residential and commercial)	45,790	45,790	46,000	46,352	47,000

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

SANITATION / COMPOST OPERATIONS

GOALS:

- Recycle yard waste into compost that meets or exceeds commercial quality standards within 120 days of receipt.
- Provide full access to clients that desire to obtain compost or dispose of yard waste at the compost facility.
- Protect the environment by ongoing efforts to promote the compost program.
- Provide for the safety of the employees and public.
- Sell loading services for mulch at \$2.00 per yard.

OBJECTIVES:

- Encourage citizens to recycle yard waste and divert yard waste from the landfill.
- Provide a safe working environment for all employees by providing proper safety equipment and training.
- Improve the quality of the compost by reducing dust, odor, and the speed of maturing process.
- Score 100% on all ODEQ inspections.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

33950172 SANITATION / FLEET HEAVY REPAIR

MISSION:

To provide quality sanitation services to the citizens and businesses in the City of Norman in a dependable manner.

DESCRIPTION:

In previous years, funds were transferred from the Sanitation Fund to the General Fund for the salary and benefits of a Fleet Auto Parts Assistant assigned to repair sanitation vehicles. Beginning in FYE 12, this cost is directly charged to this Sanitation Division. In FYE 14, the Fleet Auto Parts Assistant was reclassified to an Administrative Technician position. The salary and benefits of a Mechanic II are charged to this division beginning in FYE 15 as a replacement.

DIVISION SUMMARY

33955168 SANITATION / YARD WASTE

MISSION:

To provide an efficient, cost effective, sustainable, integrated Green Waste Management Program. The Sanitation Division continues to encourage our customers to utilize the Green Waste Program in connection with the composting operations to decrease the quantities of yard waste making it into our landfills. Continue to encourage customers to utilize biodegradable compost bags or reusable barrels instead of plastic bags.

DESCRIPTION:

The Sanitation division provides weekly curbside collection of residential yard waste both inside the city and in the rural areas of the City of Norman.

DIVISION

33955166 SANITATION / RECYCLING OPERATION

MISSION:

The mission of the City of Norman Recycling Department is to provide a cost effective, informative way for our residents to recycle. This will be accomplished through coordinated administrative, operational and educational projects in waste reduction, reuse, recycling and disposal.

DESCRIPTION:

The Recycling Department of the Sanitation division collects recyclables from local businesses and recycle centers placed throughout the city. The Recycling Department oversees a private contractor that collects our residents' recyclables at the curb. The Recycling Department holds said contractor to the same standard of services our residents have come to expect from our Solid Waste division.

**DIVISION SERVICE EFFORTS
AND ACCOMPLISHMENTS**
SANITATION / RESIDENTIAL COLLECTION

GOALS:

- Provide a safe, effective and efficient automated collection system for residential solid waste.
 - Divide the increasing customer base into manageable routes to provide timely customer service.
 - Maintain and improve the appearance of the City.
-

OBJECTIVES:

- Improve the high level of customer service we are providing.
 - Provide employee and customer education.
 - Provide spring and fall clean-up events.
 - Provide vehicle accident and personal injury prevention training.
 - Continue monitoring the customer base to provide effective and efficient Residential Solid Waste collection.
-

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

33930122 SANITATION / UTILITY SERVICES

MISSION:

To provide quality sanitation services to the citizens and businesses in the City of Norman in a dependable manner.

DESCRIPTION:

In previous years an interfund transfer from the Sanitation Fund to the General Fund was made for the salary and benefits of a Meter Reader, Meter Service Rep., and a Customer Service Rep. I in the Utility Services Division of the Finance Department. One-third of the total cost is charged here beginning in FYE 19. The other two-thirds are split between the Water and Water Reclamation Funds.

DIVISION SUMMARY

33955163 SANITATION / WASTE DISPOSAL

MISSION:

The mission of the City of Norman Transfer Station is to provide a convenient, clean, and environmentally sound facility for our commercial trucks, as well as residential homeowners and commercial customers. This will be accomplished through coordinated administrative, operational, and educational projects in waste reduction, reuse, and recycling.

DESCRIPTION:

The City of Norman Transfer Station receives solid waste including household garbage, yard waste, construction debris, and tires. The City of Norman Transfer Station loads garbage into transfer trailers, and transports it to the Oklahoma City landfill. Yard waste is processed at the compost facility. Tires are collected and transported by a licensed tire processing and recycling facility. There is a recycling drop center hub located at the facility.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

SANITATION / WASTE DISPOSAL

GOALS:

- Transfer all solid waste from the City of Norman Transfer Station within 48 hours and provide citizens a direct disposal opportunity.
- Provide an environmentally safe place to dispose of household waste at a reasonable rate.

OBJECTIVES:

- Utilize six transport trucks and trailers at all times during working conditions.
- Reduce blowing litter from transport trucks in route to the landfill.
- Maintain a clean site, free of loose litter.
- Provide full access to clients that desire to dispose of waste at the transfer station.
- Provide a safe working environment for all employees by providing proper safety equipment and training.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:					
Tons of municipal solid waste transported to landfill	117,700	119,847	120,000	120,000	125,000
Disposal Cost	\$2,487,424	\$2,646,231	\$2,640,000	\$2,700,000	\$3,125,000

*Seasonally adjusted forecast

DIVISION SUMMARY

033 – SANITATION / CAPITAL PROJECTS

MISSION:

To invest in infrastructure that will provide low cost solid waste management for the next 30+ years.

DESCRIPTION:

The Sanitation division is focused on maintaining low cost solid waste management for the rate payers in Norman for many years to come. Most of the investment will be in permanent structures that will be built with the City.

FUND SUMMARY

TOTAL WATER RECLAMATION FUND (32)

MISSION:

The mission of the Water Reclamation division is to transport and treat all wastewater received into the City's sewer system to a sufficient level of quality that no negative environmental impact will occur to the South Canadian River or agricultural application sites.

DESCRIPTION:

The Water Reclamation Division's responsibility is to transport and treat all wastewater discharged into the City of Norman's sewer system, to a sufficient quality before discharging it into the South Canadian River. In FYE 02, the Water Reclamation Fund reorganized into five separate cost centers. On October 1, 2002, a new Sewer Maintenance Fund was created to account for the revenues and operations of the previous Sewer Line Maintenance cost center. In FYE 15, the sewer line maintenance operations were transferred from the Sewer Maintenance Fund. In FYE 24, the Environmental Services division was transferred to the City Manager's Department.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER RECLAMATION / ADMINISTRATION

GOALS:

- Maintain permitted water quality requirements.
- Reduce operational and maintenance cost.
- Provide safe working conditions for all plant staff.
- Cross-train the majority of the staff members in operations, maintenance, centrifuge operations and laboratory

OBJECTIVES:

- Improve energy conservation through enhanced operator and maintenance input.
- Continue providing safety training for all staff members.
- Provide training for operators and maintenance staff for license upgrades.
- Facilitate cross-training by giving employees time to cross-train in other departments.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

32955145 WATER RECLAMATION / BIO-SOLIDS

MISSION:

To transport environmentally safe bio-solids for beneficial usage on regulated farmlands and assist administration, maintenance, and operations in the performance of their duties.

DESCRIPTION:

Bio-solids sub-division operates all solids handling and dewatering equipment. They also transport our bio-solids to either our land application sites or the landfill. They are responsible for the operations of heavy equipment including front-end loaders, field tractors, forklifts, mowers, semi-tractor trailers and other equipment at the facility. This sub-division consists of three heavy equipment operators.

WATER RECLAMATION / BIO-SOLIDS

GOALS:

- Comply with all Environmental Protection Agency and Oklahoma Department of Environmental Quality regulations relating to the safe transportation and beneficial use of agricultural application of bio-solids.
- Increase the number of hours of formal and informal training.
- Increase the percentage of waste products recycled.

OBJECTIVES:

- Continue safe operation of highway and field equipment.
- Make time available for formal employee training sessions.
- Increase the percentage of biosolids recycled for beneficial use.
- Achieve a minimum average temperature of 35.0 degrees C during bio-solid digestion for bio-solid pathogen and vector attraction.

DIVISION SUMMARY

32955244 WATER RECLAMATION / LABORATORY

MISSION:

To collect and analyze water quality and bio-solids, and meet quality analysis/quality control (QA/QC) standards. To interpret lab analysis in order to provide operations staff and management accurate/reliable data in determining process control changes, and other parameters as deemed necessary.

DESCRIPTION:

Laboratory staff consists of two lab technicians and one lab manager. Their responsibility is to analyze all wastewater samples which include influent, effluent, activated sludge, bio-solids and other samples. They also ship samples for other analysis including metals, bio-monitoring and other parameters as deemed necessary.

WATER RECLAMATION / LABORATORY

GOALS:

- Improve ODEQ inspection reviews.
- Ensure the validity, reliability, and timeliness of the laboratory’s analysis results.

OBJECTIVES:

- Adhere to the regulations in 40 CFR.
- Increase the percentage of “acceptable” quality control analysis.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

32955246 WATER RECLAMATION / OPERATIONS & MAINTENANCE

MISSION:

Operations: To monitor the treatment process and interpolate lab data to make proper adjustments and to facilitate environmentally safe effluent. To maintain necessary monitoring records as required by management and regulatory agencies.

Maintenance: To maintain all treatment processes through preventative maintenance tasks, scheduled and unscheduled maintenance, repairing, calibrating, and monitoring of all equipment, and maintain maintenance records of that equipment.

DESCRIPTION:

Operations staff consists of 6 staff members, one crew chief, plant mechanic, maintenance worker II, maintenance worker I, and 1 maintenance operator. The maintenance operator covers shifts for the operations staff in the event they are off duty. Maintenance staff maintain the treatment equipment up to design standards including oil changes, repairs of any equipment taken out of service, and preventive maintenance on equipment. Other duties involve painting, mowing, cleaning of treatment equipment and new equipment installations.

WATER RECLAMATION / OPERATIONS & MAINTENANCE

GOALS:

- To comply with all Environmental Protection Agency (EPA) and Oklahoma Department of Environmental Quality (ODEQ) regulations as related to our Oklahoma Pollutant Discharge Elimination System (OPDES) permit.
- To increase the hours of formal and informal training.
- To effectively maintain and operate plant equipment.

OBJECTIVES:

- Maintain compliance with OPDES permit with emphasis on UV disinfection.
- Conduct in-house training on plant process and allow time for off campus training.
- Increase number of standard operating procedures.

DIVISION

32955252 WATER RECLAMATION / SEWER LINE MAINTENANCE

MISSION:

To safely transport wastewater from the community and commerce to the water reclamation facility. The wastewater collection system is maintained to minimize service disruptions, household backups, and overflows into the environment. Public health and safety are the primary focus of this Division along with employee safety and development.

DESCRIPTION:

Sewer Line Maintenance personnel maintain approximately 510 miles of gravity mains, 13 miles of force mains, 5.7 miles of service laterals, 12,511 manholes, and 14 sewage lift stations. Personnel are on duty from 8:00 a.m. to 5:00 pm Monday-Friday, and on call 24 hours a day to ensure quick response to main breaks, sewer main stoppages, overflows and lift station malfunctions.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER RECLAMATION / SEWER LINE MAINTENANCE

GOALS:

- Hydroclean 25% of 12” and under collection mains annually.
- Respond to and resolve collection system obstructions within 45 minutes during business hours.
- Respond to and resolve collection system obstructions within 2 hours during emergency call back.

OBJECTIVES:

- Minimize sewer backups
- Quick response to citizen and commerce requests for service
- Reduce on-the-job injuries
- Treat a minimum of 100,000 linear feet of sewer main for roots
- Clean a minimum of 1,500,000 feet of sewer main
- CCTV a minimum of 350,000 feet of sewer main
- Maintain a comprehensive lift station program
- Reduce number of unpermitted sanitary sewer overflows
- Acoustically survey 150,000 feet of sewer main.
- Respond to 100% of utility locate requests within 48 hours

DIVISION SUMMARY

32930122 WATER RECLAMATION / UTILITY SERVICES

MISSION:

To provide an environmentally safe, efficient and cost-effective wastewater treatment to the community for discharge to the South Canadian River.

DESCRIPTION:

In previous years an interfund transfer from the Water Reclamation Fund to the General Fund was made for the salary and benefits of a Meter Reader, Meter Service Rep., and a Customer Service Rep. I in the Utility Services Division of the Finance Department. One-third of the total cost is charged here beginning in FYE 19. The other two-thirds are split between the Water and Water Reclamation Funds.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

SEWER MAINTENANCE FUND / UTILITIES INSPECTION

GOALS:

- To ensure all work is performed and completed in accordance with City of Norman standards and specifications.
- To provide the City of Norman with an efficient and effective water and wastewater distribution system.
- Improve method of informing citizens of pending construction.

OBJECTIVES:

- Maintain accurate log of daily activity and construction progress. Daily reports for each project.
- Maintain capital project photo library and as-built plans.
- Attend seminars and educational classes to improve knowledge of water and wastewater operation.
- Update and modify City of Norman standards details as necessary.
- Test newly installed water/wastewater utilities.
- Assist other departments as needed.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	PLAN	FYE 24 ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:

DIVISION SUMMARY

31950510 WATER / ENGINEERING

MISSION:

To provide quality utility service to our customers in the most efficient and professional manner possible.

DESCRIPTION:

In previous years, an Interfund transfer from the Water Fund to the General Fund was made for 25% of the salary and benefits of a Development Engineer in the Public Works Department. Beginning FYE 12, this cost is directly charged to this Water division.

DIVISION SUMMARY

31955233 WATER / UTILITIES MODELING

MISSION:

To maintain accurate and complete GIS information relating to the City's water and wastewater assets and make that information available to support utility planning operations; to facilitate the operation of water and wastewater models to assist in determining the impact of rehabilitation and new development on the City's utility infrastructure.

DESCRIPTION:

The division provides geographic data, analyses, and services to support the Department of utilities. The division serves as technical support to City applications that consume utility data, and assists in the integration of resources requiring a geographic component. The division also supports the reporting of utility asset information as required for regulatory compliance.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER / UTILITIES MODELING

GOALS:

- To maintain accurate and complete records of City's utility infrastructure to support planning and operations.
- To respond swiftly and courteously to requests for information and provide quality service.
- To promote integration among databases having a geographic component to improve the city's reporting and planning capacity.
- To improve access to GIS data for various utility divisions and maximize use.

OBJECTIVES:

- Produce appropriate informational maps and reports as interactive web mapping applications.
- Maintain water and wastewater datasets as current information.
- Reduce the time it takes to integrate utility improvements into the GIS database.
- Provide GIS configuration and asset maintenance support to the City software applications including; Tyler EAM, Advanced CIS Infinity, and City View.
- Work with field personnel to improve the accuracy and completeness of GIS databases using GPS data collection.
- Facilitate operation of water wastewater modeling programs.
- Provide support to facilitate the integration of databases, to reduce duplication of effort, and promote efficiency.

PERFORMANCE MEASUREMENTS – RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	FYE 24 ESTIMATE	FYE 25 PROJECTED

DIVISION SUMMARY

31955350 WATER / LINE MAINTENANCE ADMINISTRATION

MISSION:

The mission of the Line Maintenance division is to manage the daily operation and maintenance of the water distribution and wastewater collection systems in such a manner that reliable, effective and efficient service is provided to the citizenry of Norman.

DESCRIPTION:

Utility Line Maintenance Administration manages two sections, Water Line Maintenance and Sewer Line Maintenance, along with capital projects relating to the construction/rehabilitation of the water and collection systems. The administrative staff oversees all expenditures related to the division and follows, local, state and federal reporting procedures. All division employees including the administrative technicians are licensed by the Oklahoma Department of Environmental Quality (ODEQ). Administrative staff administers the required ODEQ training for staff members to ensure that necessary skills are obtained to safeguard public health and safety. In FYE 25, one of the two Admin Techs in this division moved to the Sewer Line Maintenance division to more accurately spread costs.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER / LINE MAINTENANCE ADMINISTRATION

GOALS:

- Manage the water and sewer maintenance sections in such a manner as to provide optimum services to the citizens of Norman.
- Arrange for annual training of all Division personnel to ensure compliance with State of Oklahoma licensing procedures and statutes.
- Adhere to state and federal guidelines for data collection and reporting.
- Prepare voluntary CMOM (Capacity, Management, Operation and Maintenance) report for the sewer system of the City of Norman for the Utilities Director.
- Process all Division-received invoices same day of receipt.
- Complete capital projects within the fiscal year.
- Manage the history of maintenance, repairs, and customer service requests utilizing the Munis asset management program.
- Continue to place a great emphasis on the proper management of its water and sewer system.

OBJECTIVES:

- Provide adequate training for all personnel.
- Provide efficient and effective assistance to citizens in resolving requests.
- Submit regulatory compliance data to state and federal agencies with rule-specific guidelines.
- Process all invoices when received to meet payment authorization schedule.
- Maintain an organized project meeting schedule to review the status of all Line Maintenance Division capital projects.
- Process all daily work report data utilizing work order system through the Munis program.
- Reduce lost time due to injuries through monthly safety training meetings.

Notes to Results Report:

ODEQ – Oklahoma Department of Environmental Quality
 CMOM-Capacity, Management, Operation and Maintenance

DIVISION SUMMARY

31955251 WATER / LINE MAINTENANCE

MISSION:

The mission of the Water Section of the Line Maintenance Division is to transport clean drinking water from point sources within the distribution system to public and private users, and help provide accurate and efficient billing services for the City of Norman utility customers. The water distribution system is to be maintained in such a manner that the drinking water is safe and that adequate fire suppression supply and storage is available at all times. Public health and safety are the primary focus of this section along with employee safety and development.

DESCRIPTION:

The Water Line Maintenance Division is responsible for reading water meters and maintaining approximately 648.6 miles of water lines, 6,991 fire hydrants, and 14,151 line valves, along with 5 water storage towers. New water meter services, as well as maintenance on over 42,663 existing water meters are provided by staff in this division. Personnel are on duty from 8am to 5pm, Monday - Friday, with all personnel subject to emergency callback 24/7 to ensure public health and safety, as well as integrity of the distribution system.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER / LINE MAINTENANCE

GOALS:

- Maintain an infrastructure capable of transporting an adequate supply of potable water for the purpose of consumption, irrigation and fire suppression.
- Maintain a level of service for new meter installations so as not to create unnecessary delays in construction or disruption in customer service.
- Locate underground water lines as part of the Oklahoma One-Call System, Inc. to protect the City’s infrastructure.
- Maintain residential Automatic Meter Reading (AMR) water meter installation.
- Maintain a comprehensive valve and fire hydrant maintenance program.
- Provide a stable and safe working environment.

OBJECTIVES:

- Minimize disruptions in customer service, by effectively maintaining the water distribution system, water towers, and fire hydrants.
- Respond to customer service requests within 30 minutes during business hours.
- Install new meters and services in an efficient manner. (National benchmark is 15.6 hours per set; City of Norman is less than 12 hours).
- Respond to 95% of Oklahoma One-Call System, Inc. locate calls for contractors and citizens of Norman within 48 hours.
- Install AMR/AMI water meters.
- Reduce on-the-job injuries through safety and education.
- Replace 4,500 linear feet of ductile iron and cast iron pipe annually.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	FYE 25 ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:					
Average repair time: water off to water on (in hours)	0.98	1.84	2.2	1.6	2.2
Number of AMR/AMI meters installed	0	785	0	632	900
Service calls completed	5,188	5,605	5,500	5,168	5,500
Number of locates completed	8,479	4,900	6,000	4,710	6,000

Feet of deteriorated water lines replaced due to age and/or undersize in urban area	1,819	5,788	3,500	500	3,500

Notes to Results Report: AMR – Automated Meter Reading; OJI – On-the-job Injury

DIVISION SUMMARY

31955331 WATER / TREATMENT PLANT ADMINISTRATION

MISSION:

The overall mission of the Water Treatment Division is to efficiently provide safe high quality potable water to the City of Norman. The function of the Administration Division of the Water Production Group is to provide administration and over-sight of the other three water production divisions: Water Treatment Plant, Water Wells and Water Laboratory.

DESCRIPTION:

The Administration Division facilitates the work of the other water production divisions by coordinating work efforts, filing required reports, ordering materials and parts, ensuring safety of the workplace and providing training.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER / TREATMENT PLANT ADMINISTRATION

GOALS:

- To ensure employee safety and work to maintain an effective training program.
- Develop a public education program that includes: web based social media and public outreach at community events.
- Minimize the cost of water while maintaining quality.
- Develop interaction with staff on ideas to improve water treatment.

OBJECTIVES:

- Retain higher skilled workers and cross train workers.
- Improve the energy efficiency of the facility.
- Protect water levels and water quality in the ground water system.
- Minimize the cost of water produced by the division.

PERFORMANCE MEASUREMENTS - RESULTS REPORT:

DIVISION SUMMARY

31955136 WATER / LABORATORY

MISSION:

- Efficiently provide and maintain a laboratory where Water Treatment Plant (WTP) staff can promptly and accurately analyze water samples for various chemical and bacterial constituents.
- Effectively communicate with WTP staff in an effort to meet all DEQ and EPA regulated constituents and reporting requirements.
- Support other divisions.
- Educate the community about water safety and quality.
- Address citizen complaints and concerns regarding water quality of private water wells and City of Norman water system.

DESCRIPTION:

- Monitor water quality testing and accept responsibility for this data on Monthly Operations Report to the Oklahoma Department of Environmental Quality (ODEQ).
- Maintain the State Certification for the Bacteriological Laboratory.
- Collect and arrange for the analysis of tap, well, and distribution system samples for bacterial and chemical contamination.
- Communicate with DEQ to coordinate sampling and data reporting.
- Analyze samples from other public water systems and the public for bacterial contamination.
- Assist the public with drinking water complaints and private well contamination questions.

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER / LABORATORY

GOALS:

- Maintain certification from the DEQ for bacterial testing.
- Minimize the number of bacterial samples rejected due to lab error.
- Ensure the WTP and Well field meet all DEQ and EPA regulations for water quality, testing, monitoring and reporting.
- Respond to customer complaints and inquiries in a professional and timely manner.
- Maintain records of the Water Treatment testing for use by ODEQ, citizens, staff, and consultants for a minimum of 10 years.
- Maintain an organized schedule for completing all necessary sample collections and ensure staff understands all standard operating procedures to collect and carry out any analyses.

OBJECTIVES:

- Microbiology Laboratory will pass all performance tests and DEQ inspections.
- Collect all required samples, submit for analysis, and review data for accuracy.
- Submit all data to regulatory agencies within the allowed timeframe.
- Fully document all complaints, inquiries in writing and respond to each situation appropriately.
- Staff will read and understand all completed standard operating procedures, and create new procedures when they arise, as well as complete an annual Laboratory Assessment.

PERFORMANCE MEASUREMENTS – RESULTS REPORT:

DIVISION SERVICE EFFORTS AND ACCOMPLISHMENTS

WATER / TREATMENT PLANT

GOALS:

- Operate the water plant to meet demand, maintain water quality, and monitor cost associated with chemicals, labor allocation, and electricity throughout the year.
- Maintain the water plant in good operating condition.

OBJECTIVES:

Meet all primary drinking water standards. Perform scheduled preventive maintenance. Continue to use Antero system to schedule work, document the nature of work, condition of the equipment and categorize the nature of the work (emergency or routine).

PERFORMANCE MEASUREMENTS – RESULTS REPORT:

	FYE 22 ACTUAL	FYE 23 ACTUAL	FYE 24 PLAN	FYE 24 ESTIMATE	FYE 25 PROJECTED
PERFORMANCE INDICATORS:					
Percentage of time tap turbidity was less than 0.1 NTU (quality)	100%	100%	100%	100%	100%
Percent of bacteriologically “Safe” compliance water samples	99.5%	98%	100%	100%	100%
Number of complaints on water quality or pressure	78	41	50	80	50
Water production, million gallons per day					
Average day	14.5	14.9	13.7	16.5	16.8

Percentage of Lake Thunderbird Allocation used during the Water Year (Oct-Sept)	100%	100%	100%	100%	100%
Number of months more than 30.4 million gallons of water was purchased from Oklahoma City	1	6	0	1	0

DIVISION SUMMARY

31930122 WATER / UTILITY SERVICES

MISSION:

To provide accurate and efficient billing services for the City of Norman utility customers; to be a customer advocate within City guidelines by providing modern, adaptable, quality focused customer support, responsive to the customers and their needs. The customer service area strives to educate customers regarding operating procedures, and to research and provide accurate and prompt information to requests made by citizens and intra-city departments.

DESCRIPTION:

In previous years an interfund transfer from the Water Fund to the General Fund was made for the salary and benefits of a Meter Reader, Meter Service Rep., and a Customer Service Rep. I in the Utility Services Division of the Finance Department. One-third of the total cost is charged here beginning in FYE 19. The other two-thirds are split between the Water and Water Reclamation Funds.

INTERNAL SERVICE FUND

INTERNAL SERVICE FUNDS

The Internal Service Funds account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis.

FUND SUMMARY

TOTAL RISK MANAGEMENT FUND (43)

MISSION:

To administer an effective citywide Risk Management program that assists departments in developing employees motivated to work safely in a safe environment.

DESCRIPTION:

The Risk Management / Insurance Fund accounts for health insurance claims against the City including judgments and claims, workers' compensation and unemployment compensation.

DIVISION SUMMARY

43122351 JUDGMENTS AND CLAIMS

MISSION:

Account for and monitor all expenditures related to judgments and claims.

DESCRIPTION:

Established to record all expenditures throughout the fiscal year relating to judgments and claims. A judgment is defined as an amount to be paid or collected by a government as the result of a court decision. Judgments are placed on ad valorem (property) rolls and revenues are transferred from Debt Service Fund to cover claims and expenditures.

Claims are defined in the Governmental Tort Claims Act and are paid administratively or by City Council approval.

DIVISION SUMMARY

43330102 WORKERS' COMPENSATION

MISSION:

To account for and monitor all workers' compensation related expenditures.

DESCRIPTION:

An account established to record all workers' compensation related expenditures throughout the fiscal year. The expenditures consist of payments on all on-the-job-injuries (OJI) medical treatments, subsequent workers' compensation temporary total disability (TTD) payments and workers' compensation court judgments related to an employee's original OJI injury. Claims are submitted to the Legal Department for review, and if approved, are paid directly by the City.

CAPITAL PROJECTS FUNDS

CAPITAL PROJECTS FUNDS

The Capital Projects Fund is established to account for capital projects funded with sales tax revenue. All capital projects, regardless of the source of funding, are identified and tracked in the Capital Improvements Plan document.

FUND SUMMARY

TOTAL CAPITAL PROJECTS FUND (50)

MISSION:

The mission of the Capital Projects Fund is to provide capital needs of the General Fund, supported services in accordance with City goals, policies and strategies as defined in the 2025 Land Use and Transportation Plan and the Five Year Capital Plan. Revenues are derived from the 70% of the second cent sales tax and part of the Room Tax that is dedicated to parks.

DESCRIPTION:

The Capital Improvements Fund is established to account for capital projects funded with sales tax money. Seventy percent (70%) of one cent (\$.01) sales tax is set aside for capital improvements and allocated as follows: 5% contingency, 27% capital outlay (primarily used for vehicle replacements, and other general departmental capital equipment needs), 20% street projects, 7% maintenance of facilities, 5% Information Technology Infrastructure, and 36% other General Fund supporting capital projects. See the Capital Improvements Five-Year Plan FYE 25 - FYE 29 for a detailed analysis of Capital Project Fund.

FUND SUMMARY

TOTAL NORMAN FORWARD SALES TAX FUND (51)

MISSION:

Norman Forward is designed to improve the quality of life in Norman through renovating, expanding, constructing, and funding projects including multiple recreational facilities, libraries, parks, athletic venues, public art, trails, and swim complexes. Norman Forward also includes traffic improvements and an extension of the existing James Garner Avenue. A citizen-initiated proposal, Norman Forward will enhance the Norman community for generations to come.

DESCRIPTION:

To efficiently receive and monitor the use of revenues received through a 15-year earmarked sales tax dedicated to 12 projects spanning the entire city at an estimated cost of \$148 million, with other program expenses at an estimated cost of \$55.4 million. Sales tax collections began on January 1, 2016 and will continue for 15 years.

FUND SUMMARY

TOTAL ARTERIAL ROADS RECOUPMENT FUND (78)

MISSION:

To provide for the recoupment of costs associated with improvements to arterial roads.

DESCRIPTION:

To account for periodic transfers from the Capital Fund for construction of arterial road improvements, and to account for those costs to be recovered from adjacent property owners.

OUTSTANDING DEBT

OUTSTANDING DEBT

This section includes all outstanding debt related to the General Fund and the Enterprise Funds.

The General Debt Service Fund is established to account for the receipt of monies collected for the payment of general obligation debt and the receipt of monies for the reimbursement of claims and judgments that the City has been ordered to pay.

Schedules for debt service payments made by Enterprise Funds are also included.

FUND SUMMARY

TOTAL GENERAL DEBT SERVICE FUNDS (60)

MISSION:

The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principal on the general long-term debt of the City, other than debt service payments made by enterprise funds.

DESCRIPTION:

Account for and monitor tax levies and other financial resources for the payment of interest and principal on the general long-term debt of the City of Norman.

PENSION FUNDS

PENSION FUNDS

The City of Norman contributes to three separate retirement systems on behalf of City employees.

- Employee Retirement System
- Oklahoma Firefighters Pension and Retirement System
- Oklahoma Police Pension and Retirement System

Each of these retirement systems is administered by entities other than the City of Norman and as a result the City does not exercise budgetary control. Therefore, they are not included in the budget as separate funds of the City. It should be noted that the cost of contributions to the system by the City is a part of the City's budget and shows up as a part of salaries and benefits.

APPENDIX

GLOSSARY OF TERMS and ACRONYMS

ACTIVITY - A specified and distinguishable line of work performed by a Division.

ACCRUAL BASIS – The accrual basis of accounting recognizes revenues in the period earned and expenses in the period incurred rather than when cash is received or paid.

AD VALOREM TAX – An ad valorem property tax is a tax imposed on the basis of the “value of the article or thing taxed.” An ad valorem tax is usually imposed at recurring intervals on the same piece of property.

ADA – American Disabilities Act

AFIS – Automated Fingerprint Identification System

APPROPRIATION - A legal authorization made by the City Council which permits City officials to incur obligations for a specific purpose. Each appropriation is made at the Fund and Department level, which is the highest level of budget control.

ASSESSED VALUATION - A value set upon real estate or other property by a government as a basis for levying taxes.

ASSETS - Resources owned or held by the City which has monetary value.

BALANCED BUDGET - The City shall annually adopt a balanced budget in accordance with the Oklahoma Municipal Budget Act (Title 11 Oklahoma Statutes 2006). As such, expenditures may not legally exceed appropriations at the Fund level for each legally adopted annual operating budget (i.e., a fund balance cannot be negative).

BASIN – An area defined by the network of sewer line segments that are tributary to and terminate at a designated and control point.

BIOLOGICAL OXYGEN DEMAND (BOD) – A standard measure of wastewater strength that quantifies the oxygen consumed in a stated period of time, usually 5 days and at 20°C.

BIOLOGICAL PROCESS – The process by which the metabolic activities of bacteria and other microorganisms break down complex organic materials to simple, more stable substances.

BIOSOLIDS – Solid organic matter recovered from municipal wastewater treatment that can be beneficially used, especially as a fertilizer. Bio-solids are solids that have been stabilized within the treatment process, whereas sludge has not.

BOND - A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayments of the principal are detailed in a bond ordinance. The most common type of bonds is general obligation (GO) and revenue (Water/Sewer) bonds. These are most frequently used for construction of large capital projects, such as buildings and streets.

BUDGET - A plan of financial operation embodying an estimate of proposed means of financing them. The term usually indicates a financial plan for a single fiscal year. The term “budget” is used in two senses in practice. Sometimes it designates the financial plan presented to the City Council for adoption and sometimes it designates the plan finally approved by the body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

BUDGET YEAR – July 1 through June 30

BUDGETARY CONTROL - The control or management of the organization in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available resources.

CAFR – Comprehensive Annual Financial Report

CAPITAL IMPROVEMENT CHARGE (CIC) – A charge placed upon all consumers and users of sewer or water service furnished by the City. The current CIC is \$1.00 per month for a residential customer. City Code Section 21-107 (a)(1) requires the CIC amount to equal 60 percent of the actual monthly sewer charge for commercial and industrial customers. The CIC was implemented on March 24, 1970, as part of Ordinance 2156.

CAPITAL OUTLAY - is an expenditure directed towards maintaining or purchasing new or replacing tangible assets which themselves have expected life spans of one to five years. Expenses are generally one-time and occur within a single budget year. Examples include the purchase of vehicles and equipment.

CAPITAL PROJECT FUNDS – generally cost more than \$10,000, are relatively fixed or permanent in nature and have an expected life of more than five years. Such projects consist of the construction of a new, expanded or improved tangible asset, which is physically fixed. Major projects normally require more than one fiscal year to complete. Contracted services for design, land acquisition, utility relocations and construction may be required. Examples include land purchase, new buildings, building additions, street improvements, utility line improvements, parks and playgrounds, and major drainage channel improvements.

CBOD – Carbonaceous Biochemical Oxygen Demand

CDBG – Community Development Block Grant Program

CFR – Code of Federal Regulations

CHIEF EXECUTIVE OFFICER – City Manager

CLEET – Council on Law Enforcement Education and Training

CNG – Compressed Natural Gas Vehicles

COLLECTION SYSTEM – In wastewater, a system of conduits, generally underground pipes, that receives and conveys sanitary wastewater and/or stormwater. In water supply, a system of conduits or canals used to capture a water supply and convey it to a common point.

COMCD – Central Oklahoma Master Conservancy District

CITY OF NORMAN

CONNECTION FEE – Previously known as the tap fee, was first developed in 1970. A charge for sewer or water connection based upon the size of the service line leading into and to be utilized for the furnishing of water or sewer to any user or structure. Monies received from the connection charge are evenly divided between the City of Norman’s Water and Wastewater Funds. Collected fees are used to fund activities performed in both the water and sewer utility systems.

CORE AREA – Boundaries are officially Berry Road on the west, Robinson on the north, 12th Avenue on the east, and Constitution / Imhoff extended on the south.

COST ALLOCATION - Distribution of costs of centrally provided support services such as management, accounting, purchasing, payroll, information services, and legal.

DEBT SERVICE - The City’s obligation to pay the principal and interest of general obligation and revenue bonds according to a predetermined payment schedule.

DEFICIT - The excess of the liabilities of a fund over its assets, or the excess of expenditures over revenues during an accounting period.

DEPARTMENT - A section of the total organization which is comprised of Divisions and is under the oversight of a Director who reports to the City Manager.

DEPRECIATION – The decrease in value of physical assets due to use and passage of time.

DEQ – Department of Environmental Quality

DIVISION - A sub-section of a Department which carries out a specific line of work assigned to the Department.

DMR – Discharge Monitoring Report

DO – Dissolved oxygen

DOF – Department of Finance

DUI – Driving Under the Influence

DTMF – Dual-tone-multi-frequency or “touch-tone”

E911 – Emergency 911 Telephone Fund

ECAB – Environmental Control Advisory Board

EEOC – Equal Employment Opportunity Commission

EFFLUENT – Partially or completely treated water or wastewater flowing out of a basin or treatment plant.

EID (Environmental Information Document)– The document which provides the basic information about a project and its environmental effects.

EMD – Emergency Medical Dispatch

EMS – Emergency Medical Services

EMT-B – Emergency Medical Technician-Basic

EMT-P – Emergency Medical Technician-Paramedic

ENCUMBRANCE - A commitment related to unperformed contracts or goods or services. Encumbrances represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENTERPRISE FUND - A fund established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

EPA – Environmental Protection Agency

EXCISE TAX – An excise tax is any tax, which is not an ad valorem tax and is generally imposed on the performance of an act, engaging in an occupation, or enjoying a privilege.

EXPENDITURES (EXPENSES) - Decrease in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of related expenditures.

FACE VALUE (PAR, PRINCIPAL) – The full amount of an investment security, usually appearing on the face of the instrument.

FIDUCIARY FUNDS (TRUST & AGENCY FUNDS) – An accounting fund type recommended by the Oklahoma Municipal Budget Act to account for assets held by the municipality as trustee or agent for individuals, private organizations or other governmental units or purposes.

FISCAL YEAR - The time period designated by the City signifying the beginning and ending period for recording financial transactions. The City of Norman has a fiscal year of July 1 through June 30.

FIXED ASSETS - Long-lived tangible assets obtained or controlled as a result of past transactions, events, or circumstances. Fixed assets include buildings, equipment, and improvements other than building and land.

FT – Full-time (employee)

FUND - A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE - Fund balance is the excess of assets over liabilities.

FUND BALANCE - RESERVED FOR DEBT SERVICE - A portion of fund balance that is legally restricted to the payment of long term debt principal and interest maturing in future years.

FY – Fiscal Year

FYE – Fiscal Year Ending

GAAP – Generally Accepted Accounting Principles

GASB – Government Accounting Standards Board

GENERAL FUND – An accounting fund type recommended by the Oklahoma Municipal Budget Act to account for all monies received and disbursed for general governmental purposes.

GENERAL OBLIGATION BONDS (GO) - Legal debt instruments, which finance a variety of public projects such as streets, buildings, and improvements. These bonds are backed by the full faith and credit of the issuing government and are financed through property tax revenues.

GF – General Fund

GFOA – Government Finance Officers Association

GIS – Graphical Interface System

GO – General Obligation (bond)

GOVERNING BODY- City Council

GOVERNMENTAL FUNDS-Governmental funds are used to account for the relatively liquid portion of the City’s assets that are not accounted for through proprietary or fiduciary funds, the short-term obligations pertaining thereto and the net balance of these financial resources available for subsequent appropriation and expenditure.

HEADWORKS – The initial structure and devices located at the receiving end of a water or wastewater treatment plant.

HHW – Hazardous Household Waste Program

HOME – Home Investment Partnerships Program

HUD – Housing and Urban Development

HVAC – Heating Vent Air Conditioning

I / I – An abbreviation for Infiltration and Inflow into the Sanitary Sewer System.

IMPACT FEES – Fees collected from developers and set aside to help fund infrastructure adjustments within the community. Monies to be used as the development further impacts the municipality.

INFILTRATION – Groundwater that enters into the sanitary sewer through defects in the pipes and manholes such as cracks, separated joints, deteriorated manhole components, building foundation drains, and defective service laterals.

INFLOW – Surface stormwater that enters into the sanitary sewer through direct sources such as vented manhole covers, downspouts, area drains, and uncapped cleanouts.

INTERCEPTOR – Sanitary sewer interceptors are those lines that convey sewage from neighborhood to neighborhood in route to the wastewater treatment plant. Pipe diameters are generally larger than lines placed within residential developments.

INTERGOVERNMENTAL REVENUE - Grants, entitlements and cost reimbursements from another federal, state or local government.

ISO – International Organization for Standardization standards

INTERNAL SERVICE – Category expenditure for services and maintenance provided by a vendor that is another department within the City.

INTERNAL SERVICE FUND - A fund used to account for the financing of goods or services provided by one department or agency to other departments of a government, on a cost-reimbursement basis.

ISSUER – A political subdivision (city, county, state, authority, etc.) that borrows money through the sale of bonds or notes. The City of Norman is an issuer of General Obligation Bonds and the Norman Utilities Authority and Norman Municipal Authority are issuers of Revenue Bonds.

LAND APPLICATION – The disposal of wastewater or municipal solids onto land under controlled conditions.

LEVY - (Verb) To impose taxes, special assessments or service charges for the support of government activities. (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

LIABILITIES - Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

LIFT STATION – A pumping facility that conveys wastewater flow, from an area that would not naturally drain to the wastewater treatment plant, into the gravity sewer system for delivery and treatment.

LINE ITEM BUDGET - A budget prepared along divisional line items that focus on what is to be bought.

MATERIALS AND SUPPLIES – Category expenditures generally for consumable goods that are used by City employees.

MATURITY – The date when the principal amount of an investment security becomes due and payable.

MSW – Municipal Solid Waste

MUNICIPALITY – City of Norman

NAHC – Norman Arts & Humanities Council

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) – Program in the U.S. to issue, monitor, and enforce pretreatment requirements and discharge permits under the Clean Water Act.

NEDC – Norman Economic Development Coalition

NEW DEVELOPMENT EXCISE TAX – Sewer excise tax levied and collected on new development (including developments of tax – exempt property owners) to be served by the City’s water reclamation system. The tax imposed is collected at the time a building permit is issued for all construction and based upon the square footage as set forth in the permit. The New Development Excise Tax and Fund was established Oct. 1, 2001 as a result of Ordinance 0001-58, adopted by Council in June, 2001, and approved by voters in August, 2001. These funds shall be used exclusively for wastewater expansion, improvements, and to pay debt service on obligations issued to finance future improvements and expansion of the wastewater system.

NFPA – National Fire Protection Agency

NIMS – National Incident Management System

NFSTF – Norman Forward Sales Tax Fund

NMA – Norman Municipal Authority – Established in April 1965 includes financing and operating the Westwood Park recreational facilities and sanitation services for the City.

NPDES – National Pollutant Discharge Elimination System

NTU – Nephelometer Units

NUA – Norman Utilities Authority – Established in February 1970 includes financing and operating the utility systems for the City (water and wastewater).

NYSCA – Norman Youth Sports Coaches Association

OBJECT - Expenditure classification according to the types of items purchased or services obtained.

ODEQ – Oklahoma Department of Environmental Quality

OFPRS – Oklahoma Firefighters Pension & Retirement System

OJI – On-the-Job Injury

OMCCA – Oklahoma Municipal Court Clerks Association

OPERATING BUDGET - Plans of current expenditures and the PROPOSED means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending, and service delivery activities of the City are controlled. The use of annual operating budgets is required by State Law.

OPDES – Oklahoma Pollutant Discharge Elimination System

OPPRS – Oklahoma Police Pension & Retirement System

OSHA – Occupational Safety Hazard Association

OTHER SERVICES AND CHARGES – Services provided to the City of Norman by outside vendors.

OVERFLOW – A condition in which the wastewater flow rate in a sewer system exceeds the capacity of the sewer to the extent that raw wastewater is discharged directly to storm and drainage systems.

PAYBACK ORDINANCE – Ordinance (O-9697-30) allows the City Council to appropriate funds to pay costs of extending wastewater and water lines from an existing location to, alongside or beyond the boundaries of a developer's new construction.

PC – Personal Computer

PER CAPITA DEBT - The amount of a government's debt divided by its population.

PERSONAL SERVICES - Cost related to compensating employees, including salaries, wages, insurance, payroll taxes, and retirement contributions.

PPT – Permanent Part-time (employee)

PRIVATE SECTOR – Those facilities which are owned and maintained by property owners other than the municipality.

PROPERTY TAX - Taxes levied on all real and personal property according to the property's valuation and the tax rate, in compliance with State Property Tax Code.

PSRP – Process to Significantly Reduce Pathogens

PT – Part-time (employee)

PSST – Public Safety Sales Tax

PUBLIC SECTOR – Those facilities which are operated and maintained by the municipality.

QC – Quality Control

REAL PROPERTY - Property classified by the State Property Tax Board including residential, single, and multi-family, vacant lots, acreage, farm and ranch improvements, commercial and industrial, and oil, gas, and other mineral reserves.

REFUNDING – A system by which a bond issue is redeemed by a new bond issue under conditions generally more favorable to the issuer (lower interest rate; fewer restrictions, etc.).

REPLACEMENT COSTS - The cost as of a certain date of a property which can render similar service (but which need not be of the same structural form) as the property to be replaced.

RESERVE, CAPITAL - A portion of fund balance equal to the average of the forecasted capital expenditures during the five-year forecasted period has been reserved in each fiscal year budget to provide assurance that resources are available to provide for the normal replacement of depreciable assets.

RESERVE, DEBT - A portion of fund balance equal to the average annual debt service requirement that has been reserved to provide assurance that resources are available to meet each fiscal year's debt service payment.

RESERVE, (DEFICIT) - The amount by which fund balance does not meet all reserve requirements.

RESERVE, LEGAL - A portion of fund balance that is not appropriate for expenditures or is legally segregated for a specific future use.

RESERVE, OPERATING - A portion of fund balance that has been reserved in each fiscal year budget to protect service delivery from unexpected revenue loss or expenditure requirement.

RESERVE, SURPLUS - A portion of fund balance that is not reserved for any specified purpose, and may be appropriated for one-time expenditures as needed.

REVENUE - Increases net total assets from other than expense refunds, capital contributions, and residual equity transfers. Funds received as income.

REVENUE BONDS - Legal debt instruments which finance public projects for such services as water or sewer. Revenues from the public project are pledged to pay principal and interest of the bonds.

RFP – Request for Proposal

ROI – Return on Investment

ROW - Right-of-Way

SALARIES AND BENEFITS – Payments direct to full and part-time City of Norman employees for services performed, including contributions to retirement and pensions, social security, health insurance uniform allowances and related expenses.

SALES TAX – A tax levied by the City on retail sales of tangible personal property and some services.

SERVICES AND MAINTENANCE – Services provided to the City of Norman by outside vendors.

SIU – Significant Industrial User

SLUDGE – Accumulated and concentrated solids generated within the wastewater treatment process that have not undergone a stabilization process.

SOP – Standard Operating Procedures

SPECIAL ASSESSMENT FUNDS – An accounting fund type recommended by the Oklahoma Municipal Budget Act to account for the financing of public improvements or services deemed to benefit properties in a specified area, against which special assessments are levied.

SPECIAL REVENUE FUNDS – An accounting fund type recommended by the Oklahoma Municipal Budget Act to account for the proceeds of specific revenue sources and related expenditures separate and apart from other funds, but for which the specified revenues may be insufficient to meet the related expenditures.

STATEWIDE REVOLVING FUND (SRF) LOANS – Under the SRF program, municipalities can obtain up to 40 percent in matching funds for approved projects, when 60 percent of the construction costs can be obtained by the municipality on the open municipal bond market or from available funds of the municipality.

SUBSIDY – A gift or grant of public monies to a private individual or corporation or to another governmental jurisdiction, or a gift or grant of monies from one sub-entity to another within a governmental jurisdiction.

TAX INCREMENT FINANCE (TIF) DISTRICT – The use of incremental sales and property tax in a designated district to be used in accordance with approved plans to finance projects in the district such as facilities, infrastructure, parks, sidewalks and other public improvements.

TAXES - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit.

TIP – Transportation Improvement Plan

TMA – Traffic Management Area

TMDL (Total Maximum Daily Load) – The amount of pollutants, from natural and man-made sources, which can be discharged to a specific body of water without causing harm to the water's quality or aquatic life. Any pollutant loading above the TMDL results in violation of applicable water quality standards.

TSS – Total suspended solids

TTD – Total Total Disability (payments)

USE TAX – A tax levied by the City of Norman on out-of-state purchases of tangible personal property that is stored, used or otherwise consumed within the State of Oklahoma by the purchaser.

WTP – Water Treatment Plant

WWTP – Wastewater Treatment Plant

WASTEWATER TREATMENT PLANT INVESTMENT FEE (WWTPIF) – A source of revenue to offset the cost of improvements made to the Norman Wastewater Treatment Plant in 2000. The WWTPIF was an impact fee that was authorized by Ordinance 9697-2 on July 23, 1996. The WWTPIF was a one-time charge paid at the time new homes or businesses are permitted for connection to the sewerage system. The WWTPIF expired December 2004, when sufficient funds were generated to pay the portion of the costs of the improvements attributable to new development (\$6,192,039).

ZERO-BASED BUDGETING – The process of preparing an operating plan or budget that starts with no authorized funds. Each activity to be funded must be justified every time a new budget is prepared.
