

Norman Center City Vision

CCV Kick-Off Meeting
March 26, 2014

The Kick-Off CCV meeting was held on Wednesday, March 26th. It was facilitated by Bill Lennertz, Executive Director of the Portland, OR-based National Charrette Institute (NCI). NCI was selected as the lead consultant for the CCV project. Other project team members include staff from the first Opticos and Ferrell Madden. The purpose of this meeting was to describe the project to the public and to gather different viewpoints from community members regarding what is important about the future of Norman's Center City. More than 140 citizens attended this first public meeting.
