ADDITIONAL EMPLOYMENT, EXPERIENCE OR EDUCATIONAL INFORMATION YOU FEEL IS RELEVANT:

As a programmer, I rely on logic and data. In order to create the best solutions, I need to know the big picture as well as the details. I would try to apply the same strategy when considering agenda decisions.

How would they affect the people of Norman and Ward 2?

EXPLAIN WHY YOU ARE INTERESTED IN SERVING AS COUNCILMEMBER FOR WARD 2: FEEL FREE TO ATTACH ADDITIONAL INFORMATION IF NEEDED.

When I applied for the interim seat the first time, I felt like I needed to try to make a difference. I didn't expect to be selected, but I had to try.

When Matt McGarry announced that he would be running for the Ward 2 seat, I was confident that he would win and represent the ward well. I had considered running, but decided I didn't want to dilute the vote. I was pleased that the majority of the ward voted for him and thought I wouldn't have to worry about this for a while.

I don't like that Ward 2 hasn't been represented recently and feel like we need some stability. I want Norman to be a nice place to live, work, and attend school. I would like the people in our community to listen to each other and to feel like they have really been heard.

Do you have any direct or indirect financial or economic interest in any business or other undertaking (whether for profit or non profit) coming before City Council? No If yes, please explain.
