June 10, 2013

Present Angelo Lombardo, Gary Miller, Meghan Wieters Greg Heiple, James Briggs, Officer Perry representing Richard Monson. Lee Krumholz

Minutes were reviewed and Approved.

Transportation systems plan was handed out.   Pgs. 8.9. and 17. Plan is to beef up this material.

Tom Woodfin has already sent his comments on proposed Bike-ped transp. Plan , others should do the same.

Greg raised the issue of whether we can count on bicycle transportation to help with parking congestion.

Meghan raised the issues:

 of the bike lane with parking proposed on Berry. That 9' is not wide enough. 11-12' is needed.

We should consider back end parking for some of the on street parking streets.

Major arterial cross should be 14'inside and 11 outside to allow cyclists to be passed in the inside lane.

Gary was concerned about whether the proposed rumble strips were added to 36th east near cedar lane.

Kevin had suggested Road diet for Lindsey 36th connection and other areas that should be considered. Not discussed.

CTP meeting: proposed projects included:

Lindsey street railroad crossing.   Was considered as an option, but not further.

Take Lindsey underground Near dorms and on campus, to create a green space over it.

Homework for BAC is to

1. read the whole transportation systems plan
2. comment on page 17.
3. Comments on map and streets.

   Comments will be sent to consultant and he will address them with the BAC

   New members. Should get the homework.

   Status Reports. Officer Perry. None.
   Bike to work. Worked out well. Mayor spoke about her upcoming projects. About 50 people at the rally.

Bpack meeting coming up.

Missing link of legacy trail will be finished next week.   Starting on Boyd and Jenkins going north.

Oklahoma tourism has forwarded a grant application regarding putting a bike route on hwy 9 out to lake thunderbird. Angelo will take a look and Norman will decide whether they want to be involved.

New Business. Reception for volunteers will be July 2 at 6:00 pm.

Adjourned at 7:47 PM.
