

Scrap Metal & White Goods

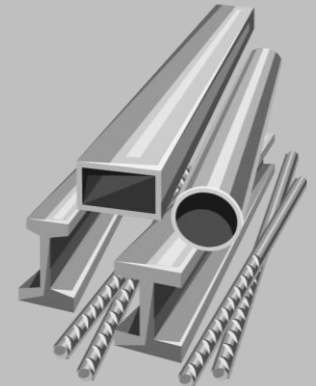

Hours of Operation

Monday through Friday: 8:00 AM – 4:30 PM

Saturday: 8:00 AM – 2:00 PM

Sunday: CLOSED

We are delighted to offer a self-serve area right here at the Complex, providing a convenient and responsible way for Norman residents to dispose of scrap metals and white goods. This self-serve area is located between the Household Hazardous Waste Facility (HHWF) and the Transfer Station. As you drive through the Complex gate, take the second left, you will find the scrap metal and white goods in the first holding section.

We can accept most scrap metal items and white goods with the exception of the following:

- aluminum items
- fence materials
- hot water tanks
- A/C Units
- refrigerators
- freezers
- dishwashers

Items such as lawn mowers and rototillers are accepted, but they must have fuels and oils removed

FREON Items: Refrigerators, freezers, and A/C units can be disposed of at the Transfer Station for a fee but must have the Freon removed by a certified technician and be tagged.

For more information about scrap metal or white good recycling, please contact the Transfer Station at 405.292.9776
