

TIRES

Hours of Operation

Monday through Friday: 8:00 AM – 4:30 PM

Saturday: 8:00 AM – 2:00 PM

Sunday: CLOSED

We are delighted to offer a self-serve area right here at the Complex, providing a convenient and responsible way for Norman residents to dispose of tires at no cost. This self-serve area is located between the Household Hazardous Waste Facility (HHWF) and the Transfer Station. As you drive through the Complex gate, take the second left, you will find the tire disposal area approximately halfway down.

- To ensure efficient use of this area, we do have a **limit of ten tires per day**.
- We **can accept** residential tires of all sizes, even those with rims.
- We **cannot accept** solid tires, which are solid rubber all the way through, or equipment tracks.
- We **cannot accept** tires that have items such as chains, concrete, poles, or wood attached to them.
- The self-serve tire area is only for Norman residents who are disposing of their personal waste. We cannot accept commercial, industrial, or institutional waste.

You do not need an appointment to dispose of tires, but please be aware that this area is monitored, so remember to bring your City of Norman utility bill (water/trash bill) and driver's license for proof of residency when you visit. If you have any questions about tire disposal, please contact the Household Hazardous Waste Facility at 405.366.5463.
