

Request for Proposal

Park Playground Equipment for NE Lions Park

1525 High Meadows Drive
Norman, OK 73071
(Budget \$230,000)

RFP 2526-17

The City of Norman Parks and Recreation Department is seeking written proposals for the design, supply and installation of playground equipment, synthetic turf and a playground shade structure at NE Lions Park. Please consider the following information in the preparation of your proposal.

This park is located adjacent to an elementary school and residential neighborhood (see map). This will be the first playground development at the site. The previous/current playground at NE Lions Park is in a different part of the park; and this new equipment will not utilize any of the existing area or access routes from the old playground. The project area for this project is currently open flat grass. The total budget for the project is indicated above, unless otherwise noted in this RFP or any future addenda.

Proposals will be due to the Parks and Recreation Department office by 5:00 pm on Thursday, December 18, 2025. A non-mandatory pre-bid meeting will be held at the park at 12:00 pm on Monday, December 8th, 2025.

Park furnishings (benches, picnic tables, trash cans, etc.) and any sports equipment will be bid for this park at a later date. Do not include such items in this proposal.

1. It is the intention of the City of Norman to provide a complete playground system, including one or more play apparatus surrounded by synthetic turf safety surfacing, as well as a shade canopy structure over the majority of the play equipment, excluding swings, with a concrete border- as per the specifications provided by the bidder. Additional specifications are included, below. The contractor shall provide all necessary design, materials, incidentals, methods and labor necessary to furnish a complete play area ready for use. All material shall be new and free from defects, meet all current ASTM, CPSC, ADAAG guidelines, be IPEMA certified and be constructed by the successful bidder's installation contractor in a manner that will assure all of the equipment and surfacing manufactures' full warranties on all parts and labor are in effect, post- installation.
2. Playground equipment shall be placed for best use of the area based on safety, accessibility and play value. Parks and Recreation Staff will be available to visit the site and answer questions about product location (see pre-bid meeting date, above). All equipment bid herein shall include those play features in their design along with their designated use zones, which will be used in calculating the safety surfacing required for this project.
3. All equipment at this park is to be placed inside a concrete-bordered safety surface area. Include at least one wheelchair-accessible transfer point on any/all modular play unit structures. The safety surface around all equipment shall consist of a *synthetic turf safety surface system which shall include a 10 foot fall height rating for the entire playground.* It is our intent to have the play equipment in an area that is excavated to a depth that produces a play area with its perimeter border finished elevation to be at-existing-grade. The bidder must include a cross-section of the

surfacing system for the new playground area, which indicates how the area will drain water away from the playground in order to avoid the accumulation of rain water in the playground area. A French drain or series of sub-surface gravel drain pits shall be installed if necessary, depending on site soil conditions. The surfacing system shall be designed and installed as-per manufacturer's specifications to provide positive, sheet flow surface drainage at this park. The bidder must also identify the turf manufacturer and method of installation (i.e., method used to attach to the concrete border and sand infill type).

4. All designs shall be documented to meet or exceed the most current CPSC guidelines, ASTM F 1487-17 and all applicable ADA regulations (the latest editions thereof). Playgrounds that have high play value while incorporating safety, low maintenance and IPEMA certification will be given preference.

The City of Norman is requesting all proposals for equipment include at minimum:

NE Lions Park--One (1) modular play structure for 5-12 year olds

One (1) modular play structure for 2-5 year olds

One, 1-Bay tot swing structure

One, 2-bay belt swing structure (10' height).

Stand-alone play features for either age group (2 or more, see #6, below).

One (1) shade structure to be installed over the new playground modular unit(s), with an edge height that is a minimum of 8' above the tallest play deck on any modular unit. The goal is to reduce opportunity to climb onto the shade structure from the play equipment by adults/teens.

(NOTE: Swings do not need to be covered by a shade structure.)

5. Designs shall be submitted with a scale drawing (one plan view and any number of section views, including shade structure) and written descriptions of the components. Also include factory warranties and product liability information on all components. Please submit 3 contacts where similar equipment has been installed. If available, submit locations within the OKC metropolitan area. Final color selections for all playground elements (posts, decks, slides, climbers, swing frames, etc.) shall be determined with successful bidder only; however, bidders can incorporate digital renderings and other color graphics, as-needed, in order to convey the design intent for this project. *Color renderings are not a requirement.*
6. Because of the wide range of play equipment available, vendors are allowed to submit more than one proposal for this playground. Each proposal shall be delivered in separately labeled envelopes, and contain all of the requested information. All bidders shall use the attached bid form and sign the accompanying affidavits for each proposal submitted. Other forms showing pricing from the bidder may be included in any proposal; but the City of Norman Bid Form shall be the sole document used to compare proposals and add-alternates (if any). All submittals are expected to be designed **to expend all of the funds budgeted in this RFP** to cover cost to provide and install all equipment, surfacing and shade structure components. *Preference will not be given to any proposal that comes in under this budgeted amount.*

Each proposal shall include at least two (2) stand-alone ground-level play features that are fully accessible to children in a mobility device (wheelchair). Inclusion of other play features designed to accommodate other disabilities (vision, hearing, sensory) are encouraged, but this is not intended to be an all-inclusive playground.

NOTE: All slides shall have plastic decks and/or tubes (i.e., NOT metal)

NOTE: All non-plastic components shall have a powder coat finish. (Colors TBD)

7. The City of Norman reserves the right to reject any and all proposals and re-bid the project at a later date. The vendor with the successful proposal will be required to enter into a Contract with the City of Norman and execute all necessary bonds (***Statutory, Performance, and Maintenance***) and provide proof of insurance as well as to comply with all appropriate city, state and federal codes and ordinances. A bid bond is not required for this project.

CERTIFICATE OF NONDISCRIMINATION

In connection with the performance of work under this contract, the contractor agrees as follows:

- A. The contractor agrees not to discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, or ancestry. The Contractor shall take affirmative action to insure that employees are treated without regard to their race, creed, color, sex, national origin, or ancestry. Such actions shall include, but not be limited to the following: employment, upgrading, demotion or transfer, recruiting or recruitment, advertising, lay-off, or termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Contractor and Subcontractor shall agree to post in a conspicuous place, available to employees and applicants for employment notices to be provided by the City Clerk of the City of Norman setting forth provisions in this section.

- B. In the event of the Contractor's noncompliance with this nondiscrimination clause, the contract may be canceled or terminated by the City Council. The Contractor may be declared by the City Council ineligible for further contracts with the said agency until satisfactory proof of intent to comply shall be made by the Contractor.

- C. The Contractor agrees to include this nondiscrimination clause in any subcontracts connected with the performance of this agreement.

I have read the above stated clause and agree to abide by its requirements.

ATTEST:

SECRETARY

NOTICE TO BIDDERS / RFP RECEIPTIANTS

When submitting bids or responses to RFPs, corporate entities are required to comply with State law regarding authorized signatures.

State statute requires that bids/RFPs “be signed by the chair or vice chair of the Board of Directors, or the President, or by a Vice President, and attested by the Secretary or an Assistant Secretary; or by officers as may be duly authorized to exercise the duties....” 18 O.S. § 22

However, if some other official with the corporation, such as a secretary signing a document, such signature needs to be accompanied by a certificate or a copy of a resolution adopted by the Board setting forth the authority of that individual to execute a contract.

With respect to limited liability corporations, every manager is an agent of the company for the purpose of business and binds the limited liability company. Therefore, instruments and documents shall be valid and binding upon the limited liability company if executed by one or more of its managers. 18 O.S. § 32

As set forth above when submitting bids and RFPs, certification adhering to the state statutes should accompany documents being turned in for review.

NOTICE TO BIDDERS

Notice is hereby given that the City of Norman, Oklahoma, will receive sealed bids in the Office of the Park and Recreation Division, 225 N. Webster Ave., Norman, Oklahoma 73069, until 5:00 p.m. on **18 December 2025**, for the following project:

NE LIONS PARK PLAYGROUND

Bids shall be made in accordance with the Notice to Bidders, Requirements for Bidders, Request for Proposals, and Bidders Proposal Form, which are on file and available for examination at the Office of the Park and Recreation Division and are made a part of this notice as though fully set forth herein, a copy of which may be obtained from the Office of the Park and Recreation Division. All bids shall remain on file at least forty-eight (48) hours thereafter before a contract shall be made and entered into thereon.

Bids received more than ninety-six (96) hours, excluding Saturdays, Sundays, and holidays, before the time set for opening of bids, as well as, bids received after the time set for submitting bids, will not be considered and will be returned unopened.

A non-mandatory pre-bid conference will be held at the NE Lions Park Site, 1525 High Meadows Drive, Norman, Oklahoma at 12:00 pm on Monday December 8, 2025.

The City Council of the City of Norman reserves the right to reject any and all bids and to waive any or all formalities of the bidding process.

City of Norman

REQUIREMENTS FOR BIDDERS

In accordance with State Law, the following documents must be included in the bid proposal packet submitted for consideration in the **NE LIONS PARK PLAYGROUND**. Failure to submit all of the items called for may render the bid proposal incomplete and thus eliminate the bidder from further consideration. They are:

1. Complete Bid Proposal
2. Bid Affidavits
 - a. Non-Collusion Affidavit
 - b. Business Relationship Affidavit
 - c. False Information Affidavit
3. Certificate of Non-Discrimination

*If no subcontract is anticipated for this project, the forms above pertaining to subcontractors need not be submitted.
