RFP # 2526-17
Park Playground Equipment for NE Lions Park
1525 High Meadows Drive
Norman, OK

Addendum #1

The following addendum is for the above-mentioned RFP. The due date for proposals HAS NOT CHANGED from the date shown on the RFP . Proposals are still due December 18th, 2025 by 5:00 pm.

Addendum:

The following clarifications are based on questions from the pre-bid meeting:

- Item #4: Although not specified, the 1-Bay Tot Swing Structure may be 8' height. Belt Swings shall still be specified at 10' height.
- For shipping cost calculations, the "ship to" address for playground equipment is:
City of Norman
Parks Maintenance
1320 DaVinci Street
Norman, OK 73071
- During the pre-bid meeting it was incorrectly stated that Eagle Cliff Park, (RFP# 2526-19) required two modular units: (1) modular play structure for 2-5 year olds and (1) modular play structure for 5-12 year olds. Please see original RFP # 2526-19 item # 4 for correct information.

The above notes constitute the entirety of this Addendum,
