

Bond Transparency Act of 2017

Evidence of Indebtedness Form

Date of Posting: February 27, 2026

Name of Municipality: The City of Norman, Oklahoma
Address: 201 W. Gray Street
Norman, Oklahoma 73069
Date of New Bond Election: April 7, 2026
Amount of New Bond Election: \$35,000,000 (Proposition No. 1 – Street and Road Projects)
\$8,000,000 (Proposition No. 5 –Homeless Shelter Community Facility Project)
[NOTE: Propositions 2, 3, and 4 do not relate to GO Bonds)

Projects to be completed with New Bond Election Proceeds:

Proposition No. 1 (Street and Road Projects)

The rural road improvements, the urban asphalt pavement rehabilitation, the urban concrete pavement rehabilitation, preventative maintenance and the roadway reconstruction, all represent improvements to roads and streets in The City of Norman, Oklahoma, including but not limited to those roads and streets listed below. The costs of the projects are based on engineering estimates, with engineering to be completed as the street and road bonds are issued and with the improvements to be made as needed. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid street and road bonds shall be expended and the dollar amount of each such project shall be as follows:

Rural Road Improvements – Project will improve rural roads. Improvements to roadway can include but are not limited to milling of pavement surface, deep patching, new pavement surface or surface treatment, and shoulder or ditch improvements. The rural roads to be improved are shown on Exhibit A attached hereto.

Urban Asphalt Pavement Rehabilitation – Project will improve urban streets. Improvements to roadway can include but are not limited to milling of asphalt surface, deep patching, and resurfacing of asphalt. The streets to be improved are shown on Exhibit A attached hereto.

Urban Concrete Pavement Rehabilitation – Project will improve urban concrete streets and can include but not limited to removal and replacement of broken, damaged, and displaced concrete panels on the urban street system, as well as joint and crack sealing. The streets to be improved are shown on Exhibit A attached hereto.

Preventative Maintenance – Project may include any combination of the following preventative maintenance strategies, crack sealing, chip sealing, slurry seal, and asphalt surface rejuvenators to extend the life of pavement by protecting the street surface from the effects of aging, cracking, deterioration and water infiltration. The streets to be improved are shown on Exhibit A attached hereto.

Road Reconstruction – Project will completely reconstruct urban streets and will include removal of existing pavement, curb and/or gutter, stabilization of subgrade, construction of new curb and/or

gutter and driveway approaches, full depth paving, and drainage improvements, if required. The streets to be improved are shown on Exhibit A attached hereto.

Total Street and Road Projects \$27,000,000

Proposition No. 5 (Homeless Shelter Community Facility Projects)

The Homeless Shelter Community Facility Bond Project for which the proceeds of the aforesaid not to exceed \$8,000,000 general obligation bonds shall be expended consist of constructing and equipping homeless shelter community facilities, all to be owned exclusively by said City, and including but not limited to the homeless shelter community facility listed below. The costs of the project are based on engineering and/or architectural estimates, with engineering and/or architectural design to be completed as the bonds are issued and with the improvements to be made as needed. Said project may be accomplished through participation with other governmental agencies and others, and may be accomplished in phases. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid bonds shall be expended and the dollar amount of each such project shall be as follows:

Homeless Shelter facility to be designed and constructed to best meet the needs <u>identified in a comprehensive homeless/housing study undertaken by the City.</u>	<u>\$8,000,000</u>
TOTAL: (representing 100% of \$8,000,000)	\$8,000,000

Previous Bond Election Date: October 10, 2023

Amount of Previous Bond Election: \$50,000,000 (Proposition No. 1 – Bridge Projects)

Projects to be completed with 2023 Bond Election Proceeds:

The Bridge Projects for which the proceeds of the aforesaid not to exceed \$50,000,000 general obligation bonds shall be expended consist of constructing, reconstructing, repairing, improving, and rehabilitating bridges in the City (including lighting, sidewalks/bikepaths, landscaping, related drainage improvements, driveway reconstruction, and other related improvements). The projects may be accomplished through participation with other governmental agencies and others, and may be accomplished in phases. Project costs include related construction testing, inspection, project implementation and administration, planning, permitting, engineering and design, right of way and real property acquisition. The specific projects (referenced by their respective National Bridge Inventory number, or “NBI”) for which at least seventy percent (70%) of the proceeds of the aforesaid bonds shall be expended and the dollar amount of each such project shall be as follows:

NBI 09189 – 60th Avenue NE 0.5 Miles North of Rock Creek Road (Replace)	\$2,894,745
NBI 12549 – Lindsey Street 100’ West of Classen Boulevard (Rehabilitate)	\$346,556
NBI 26914 – East Post Oak Road 0.2 Miles East of 96th Avenue SE (Replace)	\$2,038,295
NBI 18911 – Main Street 0.3 Miles East of 24th Avenue SW (Rehabilitate)	\$749,141
NBI 09991 – Franklin Road 0.1 Miles West of 36th Avenue NE (Replace)	\$4,482,364
NBI 08335 – 24th Avenue SW 0.4 Miles south of Main Street (Rehabilitate)	\$1,864,403
NBI 05274 – North Porter Avenue 0.6 Miles South of Franklin Road (Replace)	\$15,361,758
NBI 19348 – Franklin Road 0.2 Miles West of 72nd Avenue NE (Rehabilitate)	\$915,005
NBI 18802 – 24th Avenue NE 0.9 Miles North of Robinson Street (Replace)	\$4,822,829

<u>NBI 06106 – 72nd Avenue NE 0.1 Miles South of Tecumseh Road (Replace)</u>	\$4,942,618
SUBTOTAL: (representing over 76.8% of \$50,000,000)	\$38,417,714
All remaining bond proceeds will be utilized to complete the above listed projects and/or complete additional bridge projects in the City	<u>\$11,582,286</u>
TOTAL BRIDGE PROJECTS:	\$50,000,000

Bonds Issued and Outstanding from 2023 Bond Election:

\$16,000,000 General Obligation Bonds, Series 2024A dated April 1, 2024

\$16,000,000 outstanding maturing \$840,000 in 2026-2043 and \$880,000 in 2044

- Bridge Bond Projects completed or under construction are shown on Exhibit B attached hereto.
- Remaining projects are expected to be funded from remaining proceeds of the 2024A GO Bonds and/or proceeds of \$34 million future GO Bonds authorized pursuant to October 10, 2023 election

Previous Bond Election Date: April 6, 2021

Amount of Previous Bond Election: \$27,000,000 (Proposition No. 1 – Street and Road Projects)

Projects to be completed with 2021 Bond Election Proceeds:

Proposition No. 1 (Street and Road Projects)

The rural road improvements, the urban asphalt pavement rehabilitation, the urban concrete pavement rehabilitation, and the roadway reconstruction, all represent improvements to roads and streets in The City of Norman, Oklahoma, including but not limited to those roads and streets listed below. The costs of the projects are based on engineering estimates, with engineering to be completed as the street and road bonds are issued and with the improvements to be made as needed. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid street and road bonds shall be expended and the dollar amount of each such project shall be as follows:

Rural Road Improvements – Project will improve rural roads. Roadside ditches will be cleaned out and shaped to provide better drainage. Subgrade will be strengthened with crushed rock and compacted to provide support to the pavement and an asphalt surface treatment will be applied. The rural roads to be improved are shown on Exhibit C attached hereto.

Urban Asphalt Pavement Rehabilitation – Project will improve urban streets. Streets will be deep patched, the existing asphalt wearing surface will be milled off, cracks will be sealed, and a new wearing surface added. The streets to be improved are shown on Exhibit C attached hereto.

Urban Concrete Pavement Rehabilitation – Project will improve urban Portland cement concrete streets and will include removal and replacement of broken, damaged, and displaced concrete panels on the urban street system, as well as joint and crack sealing. The streets to be improved are shown on Exhibit C attached hereto.

Preventative Maintenance – Project will employ preventative maintenance strategies such as crack sealing, chip sealing, micro-surfacing, slurry seal, and rejuvenators to extend the life of pavement by protecting the street surface from the effects of aging, cracking, deterioration and water infiltration. The streets to be improved are shown on Exhibit C attached hereto.

Road Reconstruction – Project will completely reconstruct urban streets and will include removal of existing pavement, curb and/or gutter, stabilization of subgrade, construction of new curb and/or

gutter and driveway approaches, full depth paving, and drainage improvements, if required. The streets to be improved are shown on Exhibit C attached hereto.

Total Street and Road Projects \$27,000,000

Bonds Issued and Outstanding from 2021 Bond Election:

\$13,500,000 General Obligation Bonds, Series 2021 dated June 1, 2021

\$3,375,000 outstanding maturing \$3,375,000 in 2026

\$13,500,000 General Obligation Bonds, Series 2023B dated May 1, 2023

\$10,125,000 outstanding maturing \$3,375,000 in 2026-2028

- Street and Road Bond Projects scheduled, under construction, or completed are shown on Exhibit C attached hereto.
- Remaining projects are expected to be funded from remaining proceeds of the 2021 GO Bonds and/or 2023B GO Bonds.

Previous Bond Election Date: August 25, 2020

Amount of Previous Bond Election: \$85,620,000 (Proposition No. 1 – Parks, Recreational, and Community Facilities Bond Projects) (PROPOSITION FAILED)
\$5,000,000 (Proposition No. 2 – Homeless Shelter Community Facilities Bond Projects) (PROPOSITION FAILED)
\$24,300,000 (Proposition No. 3 – Municipal Facilities Bond Projects) (PROPOSITION FAILED)
\$5,000,000 (Proposition No. 4 – Economic and Community Development Projects) (PROPOSITION FAILED)

Previous Bond Election Date: April 2, 2019

Amount of Previous Bond Election: \$72,000,000 (Proposition No. 1 – Transportation Bond Projects)
\$60,000,000 (Proposition No. 2 – Stormwater Bond Projects (PROPOSITION FAILED))

Projects to be completed with 2019 Bond Election Proceeds:

Proposition No. 1 (Transportation Bond Projects)

The Transportation Projects for which the proceeds of the aforesaid not to exceed \$72,000,000 general obligation bonds shall be expended consist of constructing, widening, and improving streets and bridges in the City (including signage/signalization, lighting, sidewalks/bikepaths, landscaping, related drainage improvements, driveway reconstruction, and other related improvements), including but not limited to those streets and bridges listed below. Related improvements could include, but not by way of limitation, easement acquisition, utility relocation, new curb and gutter and driveway approaches, signage/signalization, striping, and landscaping. The costs of the projects are based on engineering estimates, with engineering to be completed as the bonds are issued and with the improvements to be made as needed. Said projects may be accomplished through participation with other governmental agencies and others, and may be accomplished in phases. The specific projects for which at least seventy percent (70%)

of the proceeds of the aforesaid bonds shall be expended and the dollar amount of each such project shall be as follows:

Porter Avenue and Acres Street	\$3,675,000
Jenkins Avenue - Imhoff Road to Lindsey Street	\$9,601,000
Porter Avenue Streetscape	\$2,471,000
James Garner Avenue Special Corridor - Acres Street to Duffy Street	\$4,951,000
Gray Street Two-Way Conversion	\$4,816,000
Cedar Lane Road - East of 24th Avenue SE to 36th Avenue SE	\$5,604,000
Constitution Street - Jenkins Avenue to Classen Boulevard	\$2,676,000
Traffic Management Center (TMC)	\$ 366,000
36th Avenue NW - North of Indian Hills Road to Moore City Limit	\$2,551,000
36th Avenue SE - Cedar Lane Road to State Highway 9	\$3,033,000
24th Avenue NE - Rock Creek Road to Tecumseh Road	\$3,690,000
48th Avenue NW - Phase 1 – Robinson Street to Rock Creek Road	\$4,210,000
Lindsey Street Special Corridor (Elm Avenue to Jenkins Avenue)	\$2,666,000
Indian Hills Road - 48th Avenue NW to Interstate 35	\$8,703,000
Indian Hills Road and I-35 Interchange Match Funds	\$2,009,000
48th Avenue NW - Phase 2 - Rock Creek Road to Tecumseh Road	\$2,681,000
Lindsey Street Special Corridor (Pickard Avenue to Elm Avenue)	\$2,112,000
Tecumseh Road - 12th NE to 24 th Avenue NE	\$3,971,000
<u>Rock Creek Road – Queenstone Avenue to 24th Avenue NE</u>	<u>\$2,214,000</u>
TOTAL: (representing 100% of \$72,000,000)	\$72,000,000

Bonds Issued and Outstanding from 2019 Bond Election:

\$20,000,000 General Obligation Bonds, Series 2019B dated June 1, 2019

\$14,750,000 outstanding maturing \$1,050,000 in 2026-2038 and \$1,100,000 in 2039

\$26,000,000 General Obligation Bonds, Series 2023A dated May 1, 2023

\$24,635,000 outstanding maturing \$1,365,000 in 2026-2042 and \$1,430,000 in 2043

- Transportation Bond Projects completed or under construction are shown on Exhibit D attached hereto.
- Remaining projects are expected to be funded from remaining proceeds of the 2019B GO Bonds and/or 2023A GO Bonds and/or proceeds of \$26 million future GO Bonds authorized pursuant to April 2, 2019 election

Previous Bond Election Date: April 5, 2016

Amount of Previous Bond Election: \$25,000,000 (Proposition No. 1 – Street and Road Projects)

Projects to be completed with 2016 Bond Election Proceeds:

Proposition No. 1 (Street and Road Projects)

The rural road improvements, the urban asphalt pavement rehabilitation, the urban concrete pavement rehabilitation, and the roadway reconstruction, all represent improvements to roads and streets in The City of Norman, Oklahoma, including but not limited to those roads and streets listed below. The costs of the projects are based on engineering estimates, with engineering to be completed as the street and road bonds are issued and with the improvements to be made as needed. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid street and road bonds shall be expended and the dollar amount of each such project shall be as follows:

Rural Road Improvements – Project will improve rural roads. Roadside ditches will be cleaned out and shaped to provide better drainage. Subgrade will be strengthened with crushed rock and compacted to provide support to the pavement and an asphalt surface treatment will be applied. The rural roads to be improved are shown on Exhibit E attached hereto.

Urban Asphalt Pavement Rehabilitation – Project will improve urban streets. Streets will be deep patched, the existing asphalt wearing surface will be milled off, cracks will be sealed, and a new wearing surface added. The streets to be improved are shown on Exhibit E attached hereto.

Urban Concrete Pavement Rehabilitation – Project will improve urban Portland cement concrete streets and will include removal and replacement of broken, damaged, and displaced concrete panels on the urban street system, as well as joint and crack sealing. The streets to be improved are shown on Exhibit E attached hereto.

Road Reconstruction – Project will completely reconstruct urban streets and will include removal of existing pavement, curb and/or gutter, stabilization of subgrade, construction of new curb and/or gutter and driveway approaches, full depth paving, and drainage improvements, if required. The streets to be improved are shown on Exhibit E attached hereto.

Total Street and Road Projects \$25,000,000

Bonds Issued and Outstanding from 2016 Bond Election:

\$15,000,000 General Obligation Bonds, Series 2016 dated June 1, 2016
PAID IN FULL (final maturity in 2019)

\$10,000,000 General Obligation Bonds, Series 2019A dated June 1, 2019
PAID IN FULL (final maturity in 2022)

- All identified Street and Road Projects 100% Complete
 - The City allocated \$3,344,007.28 of surplus funds to offset expected cost overruns for the Alameda Street project identified in the 2012 Bond Election (Proposition 1), pursuant to Contract No. K-2122-75 dated January 25, 2022

Previous Bond Election Date: August 28, 2012

Amount of Previous Bond Election: \$42,575,000 (Proposition No. 1 – Streets and Bridges Projects)

Projects to be completed with 2012 Bond Election Proceeds:

Proposition No. 1 (Streets and Bridges Projects)

The street and bridge widening projects, together with the related drainage and other improvements, all represent improvements to streets and bridges in The City of Norman, Oklahoma, including but not

limited to those streets, and bridges listed below. Related improvements could include, but not by way of limitation, easement acquisition, utility relocation, new curb and gutter and driveway approaches, signalization, striping, and landscaping. The costs of the projects are based on engineering estimates, with engineering to be completed as the bonds are issued and with the improvements to be made as needed. Said projects may be accomplished through participation with other governmental agencies and others, and may be accomplished in phases. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid bonds shall be expended and the dollar amount of each such project shall be as follows:

West Main Street Bridge at Brookhaven Creek (located on Main Street West of 36th Avenue West)	\$2,540,000
Franklin Road Bridge at Little River (located on Franklin Road between 12th Avenue Northwest and 24th Avenue Northwest)	\$1,940,000
Cedar Lane from 12th Avenue Southeast to one half mile east of 24th Avenue Southeast	\$3,610,000
12th Avenue Southeast from Cedar Lane to State Highway 9	\$1,075,000
24th Avenue East from Lindsey Street to Robinson Street	\$5,200,000
36th Avenue Northwest from Tecumseh Road to Indian Hills Road	\$5,450,000
Alameda Street from 24th Avenue East to 48th Avenue East	\$1,290,000
Lindsey Street from 24 th Avenue Southwest to Berry Road (the project will address drainage problems on Lindsey Street as well as drainage problems that impact McGee Avenue and Wylie Road in the vicinity of Lindsey Street)	<u>\$21,470,000</u>
TOTAL:	\$42,575,000

Bonds Issued and Outstanding from 2012 Bond Election:

- \$20,050,000 General Obligation Bonds, Series 2012D dated December 1, 2012
 - \$7,390,000 outstanding maturing \$1,055,000 in 2026-2031 and \$1,060,000 in 2032
- \$22,525,000 General Obligation Bonds, Series 2015 dated June 1, 2015
 - \$11,860,000 outstanding maturing \$1,185,000 in 2026-2034 and \$1,195,000 in 2035
 - Projects completed or under construction are shown on Exhibit F attached hereto.
 - Remaining projects are expected to be funded from remaining proceeds of the 2015 GO Bonds, reallocated funds from proceeds of the 2012B GO Bonds and 2019A GO Bonds, and/or other available funding sources.

Previous Bond Election Date: November 8, 2011

Amount of Previous Bond Election: \$3,035,000 (Proposition No. 1 – Animal Shelter Project)

Projects to be completed with 2011 Bond Election Proceeds:

Proposition No. 1 (Animal Shelter Project)

The specific projects for which at least seventy percent (70%) of the proceeds of the animal shelter bonds shall be expended and the dollar amounts of each such project shall be as follows:

Animal Shelter Project –will consist of constructing an approximately 11,000 square foot expansion to the current 3,500 square foot animal shelter facility,

remodeling the current animal shelter facility, and completing related drainage and parking lot improvements.	\$3,035,000
---	-------------

Bonds Issued from 2011 Bond Election:

\$3,035,000 General Obligation Bonds, Series 2012C dated March 1, 2012
 PAID IN FULL (final maturity in 2017)

- Animal Shelter Project 100% Complete

Previous Bond Election Date: March 2, 2010

Amount of Previous Bond Election:	\$19,000,000 (Proposition No. 1 – Street and Road Projects)
	\$2,250,000 (Proposition No. 2 – Storm Siren Project)

Projects to be completed with 2010 Bond Election Proceeds:

Proposition No. 1 (Street and Road Projects)

Rural road improvements, urban asphalt pavement rehabilitation, urban concrete pavement rehabilitation, and roadway reconstruction of streets and roads throughout The City of Norman, Oklahoma.

Rural road improvements	\$2,250,000
Urban asphalt pavement rehabilitation	\$8,250,000
Urban concrete pavement rehabilitation	\$4,500,000
<u>Roadway reconstruction</u>	<u>\$4,000,000</u>
Total Street and Road Projects	\$19,000,000

Proposition No. 2 (Storm Siren Project)

The specific projects for which at least seventy percent (70%) of the proceeds of the outdoor warning siren bonds shall be expended and the dollar amounts of each such project shall be as follows:

<u>Outdoor Warning Siren Project</u> – Acquisition costs of new warning sirens, land acquisition, control station hardware and software, modification and relocation of existing sirens, and contingency	\$2,250,000
--	-------------

Bonds Issued from 2010 Bond Election:

\$6,250,000 Combined Purpose General Obligation Bonds, Series 2010 dated September 1, 2010
 PAID IN FULL (final maturity in 2015)

- \$4,000,000 of Street and Road Bonds
- \$2,250,000 of Storm Siren Bonds
- All Storm Siren Projects 100% Complete

\$15,000,000 General Obligation Bonds, Series 2012B dated March 1, 2012
 PAID IN FULL (final maturity in 2017)

- \$15,000,000 of Street and Road Bonds
- All identified Street and Road Projects 100% Complete

- The City allocated \$3,175,207 of surplus funds to offset expected cost overruns for the 36th Avenue NW project identified in the 2012 Bond Election (Proposition 1), pursuant to Resolution No. R-1819-52 dated December 11, 2018.

Previous Bond Election Date: May 13, 2008

Amount of Previous Bond Election: \$49,500,000 (Proposition No. 1 – Library Project)
 (PROPOSITION FAILED)
 \$11,250,000 (Proposition No. 2 – Municipal Building Project)

Projects to be completed with 2008 Bond Election Proceeds:

Proposition No. 2 (Municipal Building Project)

The specific projects for which the proceeds of the aforesaid municipal building bonds shall be expended, which may be accomplished through participation with other governmental agencies and others, and which may be accomplished in phases, and the dollar amounts of each such project shall be as follows:

The municipal building project will consist of the renovation, reconstruction, and equipping of the existing library building, Building A, and Building B, all within the municipal complex, in order that existing space will be made available for the provision of municipal services to include use for a senior citizen’s center, Municipal Court, Planning and Community Development offices, City Engineering Department offices, and expansion of the Police Department offices, all to be owned exclusively by the City. The existing library would be renovated, reconstructed, and equipped to house the senior citizen’s center (currently located at 329 South Peters in the City) and to house the City’s Planning and Community Development offices and the City’s Engineering Department. The Municipal Court will be relocated to Building A of the municipal complex which will be renovated, reconstructed, and equipped, and will take over space currently occupied by the City’s Planning and Community Development offices and the City’s Engineering Department. The Police Department, which is currently housed in Building B of the municipal complex, will take over all of Building B, to include the space vacated by virtue of the relocation of Municipal Court, and said space will be renovated, reconstructed, and equipped for use by the Police Department. \$11,250,000

Bonds Issued from 2008 Bond Election:

\$11,250,000 General Obligation Bonds, Series 2020A dated August 1, 2020
 \$8,890,000 outstanding maturing \$590,000 in 2026-2039 and \$630,000 in 2040

- The City has completed a number of related projects from other funding sources, including construction of a new central library facility, along with the acquisition and utilization of the Smalley Center on Lindsey Street for the Police Department (now the Norman Investigation Center), an interim expansion of the Municipal Court, a partial renovation of Building A interiors, and other interior, mechanical and roof improvements in the existing library (Building D) and Building B. The City has also undertaken the construction of a free-standing Emergency Operations Center on East Robinson Street which will house emergency dispatch and other functions currently housed in Building B. The renovation of Building D was completed in

December 2022. The renovation of Building A was completed in February 2024. Other improvements to Buildings B and C along with the 201 West Gray building (Council Chambers, City Manager, Clerk, and Attorney), were or will be completed with other available funds (not bond proceeds).

Previous Bond Election Date: March 29, 2005

Amount of Previous Bond Election: \$10,025,000 (Proposition No. 1 – Railroad Crossing Projects)
 \$9,275,000 (Proposition No. 2 – Major Street Projects)
 \$10,950,000 (Proposition No. 3 – Pavement Reconstruction Projects)
 \$1,580,000 (Proposition No. 4 – Fire Station Project)

Projects to be completed with 2005 Bond Election Proceeds:

Proposition No. 1 (Railroad Crossing Projects)

The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid railroad crossing bonds shall be expended and the dollar amounts for each such project shall be as follows:

<u>Robinson Railroad Crossing</u> – Design, right of way acquisition, utility relocation and construction of underpass and construction of related railroad bridge at Robinson Street Railroad Crossing (said amount representing approximately fifty percent of the cost of the project, with remaining fifty percent requiring federal grant participation).	\$9,458,234
<u>Duffy Street Railroad Crossing</u> – Design, right of way acquisition, utility relocation and construction related to realignment of the roadway at the Duffy Street Railroad Crossing, to include new railroad crossing signals and new crossing arms.	\$566,766
Total Railroad Crossing Projects	\$10,025,000

Proposition No. 2 (Major Street Construction Projects)

The major street construction projects generally include funding for design, right of way acquisition, utility relocation, and the funding of approximately twenty percent (20%) of the construction costs of each project. Approximately eighty percent (80%) of the construction costs of each project is anticipated to be funded through the Federal Highway Administration’s Surface Transportation Program (the “Federal Funding”). It is contemplated that a portion of the major street construction bonds would be issued initially to fund design, right of way acquisition, and utility relocation which would provide “readiness points” and better position the City to receive the Federal Funding. Issuance of the portion of the major street construction bonds that will fund the City’s portion of the construction cost of each project will coincide with availability of the Federal Funding for each project. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid major street construction bonds shall be expended and the dollar amount for each such project shall be as follows:

<u>Lindsey: Jenkins to Classen</u> – Widen Lindsey Street from two to four lanes between Jenkins and Classen, plus add a left turn lane from George to Jenkins. Includes storm water construction, sidewalk/bikepath on both sides of Lindsey Street, water line replacement, sanitary sewer relocation, and roadway demolition and reconstruction.	\$1,610,341
---	-------------

<u>Main Street/36th Avenue West Intersection</u> – Project generally widens the intersection. Adds additional lanes of traffic on 36th Avenue West at its intersection with Main Street. Increases storage of left turn lanes on all approaches and modifies existing traffic signal. Widens 36th Avenue NW, between Main and River Oaks Drive, to provide a fifth lane for left turns, consolidates driveways and implements access management improvements, and provides a new traffic signal at the 36th Avenue NW and River Oaks Drive intersection.	\$1,274,736
<u>Main Street: Carter to 12th</u> – Widens Main Street from two lanes to four lanes with turn lanes at 12th Avenue NE. Includes stormwater construction, sidewalk/bikepath on both sides of Main Street, water line replacement, sanitary sewer relocation, and roadway demolition and reconstruction.	\$1,491,166
<u>Lindsey: Oakhurst to 24th</u> – Widen Lindsey Street, between Oakhurst Avenue and 24th Avenue SE from two lanes to five lanes, with curb and gutter, sidewalks and drainage improvements.	\$1,291,329
<u>Jenkins/Imhoff Intersection</u> – Provide new fully actuated traffic signal that interconnects its operation to other nearby signals. Also provide minor roadway modifications at the intersection.	\$90,623
<u>Rock Creek Road: Porter to 12th</u> – Widens Rock Creek Road to four lanes between Porter and 12th Avenue NE for approximately 4600 ft. Also includes relocation of water line.	\$1,992,695
<u>24th: Imhoff to Lindsey</u> – Widens 24th SE to four lanes between Imhoff and Lindsey Street. Also includes stormwater construction, sidewalk/bikepath on both sides of 24th Avenue, water line relocation, sanitary sewer relocation, and roadway demolition and reconstruction.	\$1,524,110
Total Major Street Construction Projects	\$9,275,000

Proposition No. 3 (Pavement Reconstruction Projects)

The rural road improvements, the urban asphalt pavement reconstruction, and the urban concrete pavement reconstruction, all represent improvements to the roads and streets listed below. The costs of the projects are based on engineering estimates, with engineering to be completed as the pavement reconstruction bonds are issued and with the improvements to be made as needed. The specific projects for which at least seventy percent (70%) of the proceeds of the aforesaid pavement reconstruction bonds shall be expended and the dollar amount of each such project shall be as follows:

Rural road improvements	\$811,100
Urban asphalt pavement reconstruction	\$5,318,206
<u>Urban concrete pavement reconstruction</u>	<u>\$4,820,694</u>
Total Pavement Reconstruction Projects	\$10,950,000

Proposition No. 4 (Fire Station Project)

The specific projects for which at least seventy percent (70%) of the proceeds of the fire station bonds shall be expended and the dollar amounts of each such project shall be as follows:

Fire Station Project – Project will consist of the site acquisition, construction, equipping, and relocating of Fire Station No. 3 (currently located at 401 E. Lindsey) to the south central area of the City, and demolition of the current fire

station building. The new fire station will be approximately 9,000 square feet in size.	\$1,580,000
Total Fire Station Project	\$1,580,000

Bonds Issued and Outstanding from 2005 Bond Election:

\$8,370,000 Combined Purpose General Obligation Bonds, Series 2005A dated June 1, 2005
REFUNDED by 2016A GO Refunding Bonds (original final maturity in 2025)

- \$1,805,000 of Railroad Crossing Bonds
- \$4,985,000 of Major Street Construction Bonds
- \$1,580,000 of Fire Station Bonds
- Fire Station Project 100% Complete

\$2,825,000 General Obligation Bonds, Series 2005B dated June 1, 2005
PAID IN FULL (final maturity in 2010)

- \$2,825,000 of Pavement Reconstruction Bonds

\$7,300,000 Combined Purpose General Obligation Bonds, Series 2007A dated June 1, 2007
REFUNDED by 2016A GO Bonds (original final maturity in 2027)

- \$3,010,000 of Railroad Crossing Bonds
- \$4,290,000 of Major Street Construction Bonds
- All Major Street Construction Projects 100% Complete

\$2,650,000 General Obligation Bonds, Series 2007B dated June 1, 2007
PAID IN FULL (final maturity in 2012)

- \$2,650,000 of Pavement Reconstruction Bonds
